## MEHMED FIFTH DONS THE SWORD

The New Sultan is Invested With the Blade of Conquering Osman.

CONSTANTINOPLE, May 10—(Special)—The ceremony of girding the sword of Osman on Mehmed V, the new Sultan in succession to Abdul Hamid, occurred today in the Mosque of Ayoub, the only sacred edifice in Constantinople, which Christians are not allowed to enter. The function was carried out according to the pre-arranged program and His Majesty drove through Stamboul ahead of an imposing procession.

## BAD MONEY IS IN CIRCULATION HERE

FREDERICTON, May 8—There is a lot of spurious money in circulation in this city just at present. During the past few days a lot of bad coins have come to the notice of the observant ones and a good deal more has been handled by many who have not been aware of the fact. The bad money is mostly in 25-cent pieces and at first glance they are not unlike the quarters being turned out from the public mint. They have not got as bright a shine, however, and when closely examined they are found to have work that is not so fine as should be on the good quarters. That an ingenious person has manufactured the bad money is shown by the fact that if turned down on a counter the spurious coins have a good ring to them, but the greatest difference between the bad and good coins is that the spurious ones are much lighter and also softer than the coin of the realm.

## VANCOUVER IS OPPOSED TO JAPS

City Council and Labor Unions Refuse to Join in Welcome to Japanese Cruisers. Mayor's Request for \$10,000 Turned Down.

VANCOUVER, May 10—(Special)—The celebration of the visit of the Jap cruiser fleet May 17, is likely to be a badly mixed affair. This is shown by the marked opposition to the celebration arrangements in civic quarters. The finance committee has turned down the recommendation of Mayor Douglas for a \$10,000 donation to the militia officers in aid of the parade and entertainment expenses. Aid, McMillan declared, when the military deputation presented their request for an appropriation that Vancouver ought to show the Japanese how well prepared we are to shoot them. Four aldermen out of five voted with McMillan, despite the protests of the military men that their action was against imperial ethics and Vancouver should cultivate trade relations with Japan. The Trades and Labor Council has officially declared that no labor organization should take part in the celebration. All this is in the face of the published appeal of the Mayor to the citizens to make the celebration a success.

## SERMON AGAINST UNITARIANISM

Rev. Osborne Troop Earnestly Pleads For the Orthodox Christian Faith.

MONTREAL, May 10—(Special)—Rev. Osborne Troop of St. Martin's Episcopal Church surprised his congregation by preaching a sermon strongly denunciatory of Unitarianism. He claimed it was not Christianity and that no Unitarian could be a Christian and greatly deplored that such a doctrine should be preached. The sermon throughout was a strong stand for orthodoxy in the Christian faith. A short time ago Mr. Troop's son was a minister of the Episcopal Church in the United States, but he recently joined the Unitarians. During his sermon, Rev. Mr. Troop was evidently laboring under great mental stress.

## SHRUBB DEFEATS LONGBOAT

MONTREAL, May 10.—Alfred Shrubb defeated Longboat in a 15 mile race on Saturday, establishing a new record—1 hour, 23 minutes and 57 seconds. Shrubb led from the crack of the pistol and finished about 530 yards ahead of Longboat.

## ICEBERGS A MENACE TO NAVIGATION

HALIFAX, N. S., May 9—Having passed many bergs after a difficult passage through the ice off Newfoundland coast, the Allan liner Siberian arrived in port tonight from Liverpool via St. John's (Nfld.). Captain Cook said that never before had he seen so much ice at this season of the year. The northerly route, he said, was almost un navigable and the southerly route is dangerous as the ice is floating far south.

## STRIKERS CLASH WITH THE STEAMER'S CREW

DULUTH, Minn., May 9—One man is dead, six others injured, the result of a riot at Superior, Wis., Saturday night between Union and non-Union men, when the coal laden steamer Bertin tied up at the Northwestern Fuel Co. dock. The dead man is name Rouke. Soon after the arrival of the boat a large crowd of Union men gathered at the dock and began throwing chunks of coal and other missiles at the Captain and crew. Several of the latter were injured, and when the fight was at its height someone, it is said aboard the boat, fired a shot at the crowd and Rouke dropped dead. This ended the fighting. Up to midnight nobody had been arrested. Shortly before midnight the Bertin was towed out into the harbor basin and anchored.

Bull Was Charging Close When He Fired. Cool Courage, Splendid Trophy.

NAIROBI, May 10—(Special)—From Roosevelt's camp word was brought down that luck continues and 15 varieties of game, including a bull rhinoceros, had been bagged on the last expedition. The rhinoceros was charging Roosevelt when the hunter fired. The distance was 14 paces and the animal fell dead. The naturalists of the party are kept busy preparing the trophies which are brought in daily. Forty-five skins are already prepared for the Smithsonian Institute.

## HARD SENTENCE FOR KIDNAPPERS

Boyle Gets Life Sentence and Wife Gets Twenty-five Years With Fine.

MERCER, Pa., May 10—(Special)—James Boyle was today sentenced to life imprisonment in the Western Penitentiary at Pittsburgh for kidnapping Billy Whitla. Mrs. Boyle received a sentence of 25 years with a fine of \$5,000 and costs. Boyle did not utter a word prior to his sentence. His counsel made a plea for both Boyle and his wife, pleading for leniency, in view of the fact that the boy had been treated with every consideration and care taken not to inflict unnecessary mental anguish upon his parents. Both Boyle and his wife collapsed completely upon hearing their sentences pronounced.

## TWO ANARCHISTS DOOMED TO DIE

CALCUTTA, May 9—Sentences were handed down today in the Court of Alipur, a suburb of Calcutta, in the cases of the 35 natives who were arrested here last Summer charged with complicity in the Anarchist conspiracy of May, 1908. Two of the men were condemned to death, ten to transportation for life, three to transportation for ten years, three to transportation for seven years, while 17 were acquitted. Asurosh Biswas, a public prosecutor, who was engaged in the conduct of these cases, was shot dead in the Alipur Court last February.

## FRED L. JONES PASSES AWAY

OTTAWA, May 9—The cabinet on Saturday had under consideration the capital case of Walter Blythe, the Agincourt railway man under sentence to be hanged on Friday next for the murder of his wife. It is understood that there is considerable difference of opinion as to whether or not the crime should be commuted to life imprisonment for manslaughter, and no recommendation for commutation has as yet been made to his excellency. Blythe in a fit of rage beat his wife with a poker and she died from the effects of the blows. Fred L. Jones, chief preventive officer of the customs department, died at his residence here today after an illness of some weeks. He was sixty years of age and some years ago a well known member of the parliament press gallery. He was a nephew of Hon A. G. Jones, ex-lieutenant governor of Nova Scotia.

The steamship Calvin Austin will be the direct boat, while the Governor Cobb and the City of Rockland will perform the coastwise service.

SHOWERY WEATHER. TORONTO, May 11—(Special)—Fresh winds, southerly to southwest, showery, local thunderstorms.

## REGULAR MEETING OF CITY COUNCIL

Opening Up of a New Street Attended to, And the Questions of Signs, Hitching Posts, and Tolls Considered.

The City Council met last night at eight o'clock with Mayor Prowse in the chair. After the minutes had been read and confirmed, a number of bills were read and passed. Communications being attended to the report of the Street Committee regarding the opening of a new street between Prince and Orlebar streets was read as follows: Your Hon. Mayor Prowse and Council: Your committee to which was referred the Petition for the opening of a new street between Prince and Orlebar streets find that it will be impossible to pay damages out of ordinary revenues, and recommend that an option be secured on the properties between School and Orlebar streets at prices stated in the City Surveyor's plan No. 2, for twelve months. Also that a Bill be drafted for the next session of the Legislature authorizing delinquents to be issued for the purchase of said property (Signed) L. L. Lane, S. A. MacDonald, R. M. Johnson. The report of the committee was adopted. Councilor Johnson moved for certain requirements for the Fire Department, his motion being carried. Councilor Rogers moved a motion regarding a light for the west end of Brighton Road which he stated was badly needed. The motion was carried. Councilor Rogers spoke concerning a circular which had been issued asking certain parties to remove all poles and hitching posts etc. He stated that he thought that in cases like jewellers and barbers' signs no harm was done. He thought that the sending of a circular was going too far. Councilor Reddin, thought these measures would be rather drastic. In his opinion there were only one or two really bad signs. Councilor Stewart, stated that he had felt it his duty to call a special meeting of the committee about this matter. He had received an application from a citizen to place an illuminated sign on Queen Street. He would not grant this but placed the matter before the committee. There had been trouble over this matter some time ago and it was only through some persons becoming nearly killed that the signs were removed at all. Lately this state of affairs was again becoming evident, and should be attended to at once. If one citizen was granted permission to use a sign, all citizens should be allowed the same privilege. The hitching posts were reasonable all right, if they were put down under the direction of the City Surveyor. Councilor Rogers asked for a report of the meeting of the Street Committee. Councilor Stewart read it and considerable discussion took place. Councilor Lane, remarked that awnings were a far greater nuisance than poles and hitching posts. Councilor Rogers, then gave notice that at the next meeting he would introduce a by-law amending the present by-law relating to signs, etc. His Worship Mayor Prowse then referred to the serious condition of the city scale, he having found that it has become necessary to go to another scale to get the city scale corrected. He had received twenty-five different complaints on this matter since last fall. On account of an obstruction one cannot even see the weight. This matter evoked a somewhat heated discussion in which His Worship strongly insisted upon the rights of the country people. The matter of collecting tolls in the market was next in order and it was eventually moved by Councilor Riley, and seconded by Councilor Johnson that the question of scales and tolls be left to the Market Committee. The motion was carried. Shortly afterwards the Council adjourned.

## THE MAURETANIA BREAKS RECORDS

Best Trip Eastward Yet Made and Was Delayed by a Fog.

QUEENSTOWN, May 10—(Special)—The steamer Mauretania arrived this morning, beating her own record and all other eastward bounds by 24 minutes. She would have done still better had she not been delayed by fog off Fastnet. The liner's time was 4 days, 18 hours, 11 minutes.

## SAD EFFECT OF CHILD'S TRICK

One Boy Frightens Another Out of Reason With Dead Snake.

TACOMA, May 10—(Special)—Raving in childish fashion, hysterical beyond all efforts to quiet him, the seven-year-old son of Mr. Seely, around whose neck, in a spirit of fun, a companion a week ago, wound a dead snake, may never recover his reason. The children were playing when one found a dead snake. Picking it up without being observed, he quietly approached the Seely child from behind and suddenly wrapped it around his neck, shouting at the same time that a snake had jumped upon him. The sight of the snake with the excited yell of the boy, and the fact that the child for a moment thought the snake was away from his grasp, supplied the boy's reason.
