# MURDERED MAN'S SON ON THE STAND

**THREE RIVERS, Que., Mar. 15**—The evidence of Arthur Plouffe, son of the man for whose brutal murder Hormidas Trepannier is now on preliminary trial here, was the feature of yesterday afternoon's session.

The lad had not seen his father since the 28th of November last, he said yesterday. Plouffe had left home then, saying he was going to Montreal, and since then nothing had been heard from him until it was learned that he had been killed.

The boy identified a number of articles of clothing as having been his father's property. He recognized the fur cap, a pair of trousers, the felt boots, a watch, a pair of mittens and other articles recovered at the Trepannier home by Detective Samson.

Of the two watches given by Mrs. Trepannier to the detective, the witness recognized one as the property of his father, and H. Isabelle identified the other as belonging to Plouffe.

Chief Detective McCaskill was on the stand yesterday afternoon, and corroborated the morning evidence of Detective Samson concerning Trepannier's confession, stating that the man had been warned in the customary manner before making any statement. An objection to this evidence by counsel for the prisoner was overruled. C. J. Sylvestre, a Montreal newspaper reporter, also corroborated the evidence of Trepannier's declaration.

# GRAIN GROWERS' GUIDE APPEAL

**WINNIPEG, Mar. 15**—The Grain Growers' Guide will say tomorrow "Will you stand to the test?" to the Western Conservatives in the House of Commons.

"On behalf of the farmers of the prairie provinces we appeal to you in this, the greatest crisis that has faced Canada since Confederation. Never before in our political career have you been called upon to endure so severe a test. The people of the West have fought a long, a costly and a strenuous fight for freedom from the extortion practised upon them for twenty years. Partial victory is within sight; you can make it a complete triumph. You are being weighed in the balance. Do you sacrifice the welfare of the West upon the altar of political expediency or betray the people you represent to the greed of special privilege? Put principle before policy and your action will be appreciated."

# INDESPENSABLE

"I am so weak, dear Lord, I cannot stand  
 One moment without Thee;  
 But oh, the tenderness of Thy enfold-  
 ing,  
 And of the strength of Thy right hand—  
 That strength is enough for me.  
 "I am so needy, Lord, and yet I know  
 All fulness dwells in Thee;  
 And, hour by hour, that never-failing  
 treasure  
 Supplies and fills in overflowing measure  
 My last and greatest need, and so  
 Thy grace is enough for me.  
 "It is so sweet to trust Thy word  
 alone;

I do not ask to see  
 The unveiling of Thy purpose, or the  
 shining  
 Of future light on mysteries untwining;  
 Thy promise-roll is all my own—  
 Thy word is enough for me.  
 "There were a tressure soul-deeps,  
 Restless, vast and broad,  
 Unfathomable as the sea—  
 An infinite craving for some infinite  
 stilling;  
 But now Thy perfect love is perfect  
 filling;  
 Lord Jesus Christ, my Lord, my  
 God,  
 Thou, Thou art enough for me."

# MISSING LAD RETURNS HOME

**SASKATOON, Sask., March 15**—Gordon Cummings, thirteen years old, whose disappearance created such a stir in this city about ten months ago, has returned after wandering or sailing about halfway round the world.

On leaving Saskatoon he made his way to Vancouver and obtained a position on a boat sailing for Mexico, but she had trouble with her compasses, and after being carried over the line, beat her way back to Vancouver. The lad then shipped as captain's boy on the *Empress of India* and sailed in her on her usual round trip, visiting such places as Yokohama, Hong Kong, Shanghai and Nagasaki and other ports, eventually reaching Vancouver on the return trip on March 3.

From Vancouver he paid his transportation to Saskatoon, and is now at home again with his parents, who are receiving the congratulations of their numerous friends on the return of their son, who it was at one time thought must have been kidnapped or fallen in the river. During his tour young Gordon travelled some 15,000 miles.

# WEST NOT SEEKING RECIPROCITY SAYS MR. ROGERS

**OTTAWA, Mar. 15**—Hon. Robert Rogers, Minister of Public Works, Manitoba, is here today. He came east on a business trip and stayed on a day in Ottawa.

"There is no substantial demand in the West for reciprocity," he declared in answer to a query. "What there is comes from a few who would sacrifice their citizenship to save their friends at Ottawa who are in a hole. We who know the real sentiments are ready to measure swords on the question with the Government whenever it wants to."

# OFFER 200-YEAR-OLD MEERSCHAUM FOR AUTO

**WASHINGTON, Mar. 14**—James M. Huston of this city owns a meerschaum pipe which he holds to be 200 years old, and which he would exchange for a modern, up-to-the-minute automobile. He values the pipe at \$1000, but he is tired of smoking and wants to go whizzing through the Washington suburbs in a new and shiny runabout.

Who is interested in a Washington pipe? Nobody has offered him an automobile, but Huston is an optimist.

The pipe cost Huston \$100 50 years ago. He bought it from a German family in Illinois. Here is the advertisement which he prepared in order to effect the exchange:

"For Exchange—One meerschaum pipe, two centuries old; worth \$1000; exchange for good automobile."

## KEPT FROM SEEING HER DYING DAUGHTER

**OTTAWA, Ont., March 16**—To be stopped at the American border when on her way to see her dying daughter in New York state, and turned back with scant civility, was the experience of an elderly lady who lives near Ottawa. The aged mother had a ticket from her home in Quebec Province to Tupper Lake, N. Y. When her train was about to enter American territory near Cornwall, she was unceremoniously told she could not go any farther. Whether it was because she had too little extra money in her possession, she does not know.

She arrived at the local charity office without ticket or money, and had hereto be helped to reach her home. The old woman states that the officials acted very roughly with her.

Owing to the crossing the six boats did not leave Cape Traverse yesterday. They will leave this morning, however, with yesterday's outgoing mail and today's western mail, comprising about forty sacks in all. There was no special train to Cape Traverse last night.

A special train left this city yesterday at 9.00 p.m. for Georgetown taking a few passengers and thirty sacks mail. Should the Earl Grey fail to arrive in this port today and proceed to Georgetown tomorrow, Sunday night for Georgetown, taking mails and passengers.

The Cape route has not yet been closed and will probably be utilized to a certain extent through this week. This, of course, depends on wind, weather and ice conditions.

DR. WARBURTON presented a petition asking power for the City Council to exempt Bruce Stewart & Company from certain taxation for five years.

MR. McLEAN presented the petition of W. A. Weeks and others praying for the incorporation of the Canada Dextrine Company.

THE PREMIER, replying to Mr. Mathieson, laid on the table papers relating to payments made to Peter Cummiskey and T. P. Berrigan. He explained that under direction of Premier Peters certain action was taken in the Supreme Court in a matter in dispute about a school district. The final decision was against the contention of the Premier of that time and Messrs. Cummiskey and Berrigan had to pay costs amounting to \$349.77, which they refused to pay. The Government, he said, had correspondence and papers which he held made it obligatory for the Government to repay this money to the persons above named. He was satisfied if that the Government should pay the cost if the case went against their contention.

MR. MATHIESON thought the bill of taxed costs should be included in the papers and the Premier promised it should be brought down if it could be found.

Miss Maddis was acting as hostess to a number of relatives who had been invited to dinner when she attempted to enliven the affair by relating an original joke. The witticism failed to elicit any signs of merriment except from its originator, whose peals of laughter were suddenly hushed when her jawbone slipped from its place. She was hurried to the hospital in an automobile, but refused to repeat the joke for the physicians after they had repaired the damage it had created.

## FOR INDEPENDENCE IN PUBLIC LIFE

**TORONTO, Ont., March 16**—"There is a call for independence in our public life today, because the Canadian nation has outgrown the names of its political parties. There is now no party which is distinctly the party of public rights, no dividing line of high principles. The past achievements of the great parties, while they are an honorable memory, will not do for the future. We are not bound by any party name to vote for or to adopt any principle, the working out of which we regard as inimical to the best interests of the Dominion."

Hon. Clifford Sifton last night told the members of the Osgoode Literary and Legal Society that during his fifteen years at Ottawa there had been a falling off in the strength of the lawyers in parliament.

"It is becoming," said the speaker "increasingly difficult to men of standing, ability and power to become candidates for parliament. It will be a bad day for the Dominion of Canada when men who are fit to shine in the courts come to the conclusion that they have not the time nor the inclination to devote to the services of the country. The greatest lawyers of England have gone from the bar to Parliament and from Parliament to the bench, and it would not be a bad idea if preference to the bench depended, besides experience at the bar, on some sort of parliamentary services."

## BOSTON A RIVAL OF RENNO

**BOSTON, March 14**—"Boston is fast becoming a rival of Reno as a city where it is easy to obtain a divorce."—Representative Cavanaugh.

"These Newport swells and the people in America's best society, so called, are like so many bull puppets. They really forget who are their fathers and mothers because divorce and remarriage is so common among them. What we need is more trained housekeepers."—Representative Keefe.

That Boston is fast becoming the rival of Reno, Nevada, as a city where it is easy to obtain a divorce was the statement made in the House yesterday afternoon by Representative James Cavanaugh of Everett.

Mr. Cavanaugh was arguing before the House for the passage of a bill providing for the appointment of a commission to investigate the causes of divorce in Massachusetts. It isn't so much the causes of divorce that need investigation as the practices under the present law," said he.

"Boston is coming to be a rival of Reno in the matter of divorces."

## EPOCH-MAKING ANNOUNCEMENT

**LONDON, March 15**—Sir Edward Grey's epoch-making speech, as every Liberal calls it, has aroused enormous interest throughout Europe, and was again the absorbing topic in the Parliamentary lobbies yesterday. By general admission it is the most important pronouncement made in Parliament in many years, and in some Conservative morning papers, taking the ground that the foreign secretary's ideal is almost impossible of attainment, comment somewhat coldly, and point to the difficulties in its path, the Liberal organs hail it with unbounded enthusiasm, and express strong resentment at the scolding remarks heard from the Conservative benches while Sir Edward was speaking, such as, "How about Mexico?" and similar interjections, offensive to the United States.

"The waggon of the English-speaking people is now hitched to a star," said Sir Henry Norman yesterday. "The rest may come slowly, but it will come, and it will date from 1911."

## A NARROW ESCAPE

**HARRISBURG, Va., March 14**—A lightning bolt that had in its freak course parted an iron bed, left unharmed a couple sleeping there, while it destroyed chairs and pictures and other furniture in the room, caused the destruction by fire of the house of David Peck, near Singers Glen.
