An assistant surgeon in the British East India Army says a native, swallowed 15 rapies worth \$7.50 one of which is shown in the museum of the College of Physicians and Surgeons of London. Now we are going to give a reduction of 40 per cent for three or four weeks as we want money on account of having a dull trade the past winter, and we are going to make better of it than swallowing it or putting it on exhibition or museum. We want the money to pay for our new goods just arrived and also to pay other bills, so come along and help us. We have some very nice Brooches, rings, sleeve links, watches and chains, ladies' guard chains, stick pins, clocks, silverware, spectacles, etc.

**Laces Dyed to Match Gowns—The Useful Black Lace Coffee Coat.**  
The greatest innovation in the way of trimming is the fashion of dyeing lace to match or contrast the material. Thus motifs of pale green lace are inserted or applied on brown cloth or pale blue on a deeper blue. It is decidedly original in effect, but the lace loses much of its daintiness and softness in the dyeing process.  
The black lace coffee coat is unfailingly useful for home evening wear. It can be worn over colored blouses which are a little shabby, and if the collar band of the blouse is removed and a small V turned down in front quite a pretty demitoe effect may be produced.  
Fashion ordains that the well dressed woman should match her hats to her

The dull white or the glossy finish on laundered linen is a matter of taste—to get either finish perfect is a matter of using Celluloid Starch.

Just add lukewarm water—soaks into fabric without rubbing and stiffens perfectly. The edge or point of the iron will give the gloss.

Good grocers sell it.

**TEETH!**

**FILLING AND CROWNING MADE ABSOLUTELY PAINLESS.**

While improvements have been going on in science generally dentistry has not been standing still. The "Berlin System" is based upon the knowledge that the conditions of dental sensibility are numerous requiring a wide range of remedies. The "Berlin System" of painless dentistry embraces every method known to the profession at large, and some that are not generally known. It succeeds because it takes each of the various sensitive conditions into account.

**DENTAL SPECIALIZATION**  
This is the age of specialists, and in no profession is specialization more important than in dentistry. Time was when one could acquire a knowledge of dentistry in a short time, but in the last few years the profession has grown by leaps and bounds, until now it is beyond the attainment of any one man. It is best practiced by the co-operation of several men, each devoting his time to a special branch. In our offices each man devotes his time to a special branch. We divide the work into parts and have specialists for each part.

gowns, and this is comparatively easy in these days of ready made frames artistically covered and of trimmings all ready to slip on the hats.

The cap or pelerine effect is here to stay for some time. All the fashionable coats are made with it and quite a few of the bodices. For instance, a blouse of lace will be ornamented with a large cape effect of lace and applied silk, with touches of the same silk on the cuffs.

One of the most fashionable sleeve models is the three-quarter bell sleeve curved wide over a puffed sleevelet. This is a charming vogue for the lighter wool stuffs, and it works out prettily in voile. The whole affair is made on one foundation.

The cut shows a gown of black crepe de chine with the collar, epaulets and cuffs of ivory guipure.

**Light Tones in Cloth and Sibeline.**  
**Dull Pastel Blue Tints.**

Very light tones in cloth and sibeline will be worn this spring, and these are most attractive with a touch of black in the shape of a tulle bow.

A pale dull blue of the pastel order will undoubtedly be much worn, and just now a combination of light and dark blue is greatly in request and a welcome change from the black, emerald, brown and green which have been so general.

The all over lace waist will be much worn this spring and summer. The

texture of the lace is somewhat heavier than last year. Little lace coats or blouses, the lace coarse of quality or bold of pattern, tinted to harmonize with neutral toned cloth skirts, will be among the season's most distinguished creations.

Soft satin is quite a popular fabric for evening gowns, and chiffon is the favorite trimming, although much lace is worn. Ribbons are used for a variety of purposes and chiefly for choux, which are now very large and often of two or three colors. Ribbon sashes are arranged on many of the new gowns.

The flowers on evening dresses are all mixed up with loops and trails of ribbon, and baby ribbon is still much used on net gowns.

The cut shows a cloth costume with collar and cuffs of plaid silk.

**Pains in the Back For Twenty Years**

Could Not Turn Over in Bed—Kidneys and Bladder Affected—Experienced Great Suffering—Cured by

**Dr. Chase's Kidney-Liver Pills**

The old people especially appreciate the effectiveness of Dr. Chase's Kidney-Liver Pills, because the kidneys are usually the first of the bodily organs to give out, and the result is backache, lumbago, pains in the side and limbs, urinary disorders and constipation.

Old people learn to trust in Dr. Chase's Kidney-Liver Pills, for when all other treatment fails this great medicine seems to go directly to the diseased part, and promptly affords relief and cure.

Mr. David Misener, farmer, an old and respected resident of Port Robinson, Welland County, O., writes:—"I wish to state to you that I had pain in my back and left side for over twenty years. At times I could not turn over in bed, I was so badly used up, I had cramps in my feet and legs, and my hands were so entirely useless that I could scarcely lift any thing."  
"Kidney disease was, no doubt the cause of all my suffering, and sometimes the urinary trouble would be so bad that I would have to get up five or six times during the night. Fortunately, I began using Dr. Chase's Kidney-Liver Pills, and they cured me completely. I am now seventy nine years old and quite well now, but still occasionally use these pills to keep my system in good order. Several persons to whom I have recommended Dr. Chase's Kidney-Liver Pills have been equally benefited."

Dr. Chase's Kidney-Liver Pills have the comfort of old age, one pill a dose, 25 cents a box, at all dealers, or E. Mansour, Bates & Co., Toronto

**ALL FOR LOVE.**

Toronto, April 17.—A Norwegian named Andrus, an emigrant who came out on the steamer Lake Simcoe cut his throat on the voyage. It is said unrequited love for a young woman steered passenger was the cause. A doctor on board attended to him inserting a tube in his throat. At the hospital it is thought he will recover.
