SOCIETY WEDDING REPORTED.

LONDON, June 24—The wedding of Prince Antoine Albert Radziwill, of Russia and Miss Dorothy Deacon, of Boston, Mass., has been postponed. An authorized statement says that no date has been fixed for the ceremony, the postponment of which, it was first announced, was due to the non-arrival here of certain necessary papers.

The prince's mother recently demanded that her son postpone his marriage for at least two years. The marriage had been set for yesterday.

THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown.

The latest news, first of all.

There were no Chicago Market Quotations in this morning's despatches.

The Kindergarten in this city closed for the summer vacation on Friday morning.

J. J. and Mrs McMillan, Wood Islands, were registered at the Revere Hotel Saturday.

The S. S. Harland made her usual trips on West River on Saturday, carrying a fair quantity of freight and ninety-five passengers, among whom were a number of excursionists who made the round trip in the afternoon.

oday for Orwell, calling at Vernon River Bridge and Halliday's Wharf, returning next morning about nine forty-five, leaves again same day at three p. m., making the round trip, S. S. Harland leaves at one p. m. arriving back to the city about eight-thirty p. m.

A. W. and Mrs. Robb and children arrived from St. John yesterday on a visit to Mrs. Dennis. They motored from Annapolis. The round trip of 263 miles (chauffered by Miss Clara Dennis) was made without the slightest hitch—though some portions of the road were in as disgraceful a condition as can be well imagined.—Halifax Herald. Mr. and Mrs. Robb formerly resided in this city.

Joseph Gaudet, City, the well known bicyclist, received on Saturday night his new Cleveland racer ordered some time ago through E. Rice, the agent for the Cleveland wheels here. The wheel is a beauty and is perhaps the finest speed machine ever imported to the province. It is a special racer and its qualifications include European 26 in rims, special Palmer racing tires, small size extra strength roller chain, specially designed crank hangers, and the famous Major Taylor racing handlebars. It is of special rigidity and strength and of a beautiful appearance, being finished in French grey with an attractive green and red striping on the frame. The makers claim it to be a particularly speedy bicycle, specially designed and built as a racing machine. There is no doubt but that Mr Gaudet is the possessor of a superior wheel, and one that will in the future cross the tape on the track in a position which will reflect equal merit on wheel and rider. It was wheels of just this make that Anderson, Andrews and McCarthy, three world's champions, competed with at the last Olympic Games, and quite recently, a Canadian, with a similar machine to Mr Gaudet's, was the victor in several events in an American city, winning from a field of crack riders.

"Wearwell" Pants for working men are the most durable.

Mrs. Charles Lyons, city, left on Saturday afternoon on a visit to Georgetown.

H. V. McKinnon, St. John, formerly of this city, has gone on a visit to Montreal.

R. J. Helstrop, representative of E. W. Gillett Co., Toronto, was in the city two or three days recently.

The Northumberland brought over sixteen passengers on Saturday evening and her cargo consisted of three cars of freight. On Saturday morning she took over twenty passengers and three cars of freight.

E. F. Doherty, Gratan, Mass., a native of St Peter's, came to the city Friday night and registered at the Revere. Mr Doherty,who usually spends a month out of each year at his old home in St Peter's, left Saturday afternoon for that place.

Arrangements have been made for single fare return rates on the P. E. Island Railway from all stations west of Charlottetown for farmers attending the Institute Convention at Summerside on Tuesday, June 28th. Certificates of attendance will be required.

After an illness of two months the death took place at her home at Etang du Nord, Magdalen Islands, of Mrs. John N. Arsenault. Although the passing of this well known and universally beloved lady occurred on the 29th ult., her death was not announced through the press, and many will therefore be deeply shocked. The nature of the deceased's malady was a gangreous cancer, and two days before death she was stricken with paralysis. The funeral took place on the 31st. ult., to the little Catholic Cemetery at Etang du Nord. Perhaps no better known or more kind woman lived on the Magdalen Islands than Mrs. Arsenault. Hers was a home known and appreciated by nearly every commercial traveller in the Maritime Provinces. She was a native of Prince Edward Island, being born at Rollo Bay, a daughter of the late Captain and Mrs William Deagle. She afterwards married John Nelson Arsenault, of Grindstone Island, who predeceased her eleven years ago. Six children were the result of this happy alliance, all of whom are living, viz: Mrs. (Councillor) Vilbon Theriault, St. Margaret's Bay, Victoria County; Mrs. Timothy J. O'Brien, of Etang du Nord, Mrs. C. W. Tidmarsh, whose husband represents the Portland Packing Company at the Magdalen Islands; and three sons, Azade, fishery officer for the Magdalen Islands, William S. in the employ of Leslie & Co., and Frederick, at home. A sad incident in connection with Mrs. Arsenault's death was the illness of her daughter Mrs. Tidmarsh, who was suffering from pneumonia, and so serious was her condition that her mother's death could not be made known to her. She is now fully recovered. Mrs. Tidmarsh is well known here, having spent several months at Little Bras d'Or in 1892, the guest of her sister, Mrs. V. Theriault, at Alder Point.—North Sydney Herald.

The mail train arrived in this city Saturday evening at ten forty-five.

W. L. and Mrs Scott and family are leaving at the end of the month for Prince Edward Island where they will spend the summer.—Ottawa Citizen.

A fire from which a very slight damage resulted brought the firemen out yesterday afternoon at two ten to the premises of Miss L. M. Mackieson, on Pownal Street.

What might have terminated in a very sad accident occurred near Governor's Island recently when a lobster boat manned by Arthur B. Wood, a lobster fisherman in the employ of J. H. Judson, and Walter McLean, capsized. The men were returning from the fishing grounds when they met with a rather stiff breeze and their boat was turned bottom up. They managed to get on the bottom where they clung for about half an hour before being rescued from their perilous situation by James McDonald of Point Prim who came to their relief in a dory. The young men were brought ashore none the worse for the accident except that they were in a somewhat exhausted condition.
