ALL EYES
Come or later are candidates for glasses. Only an expert optician can tell you just when that day has arrived. A sensible regard for one's eyesight dictates the use of spectacles the moment they are necessary. Show foresight and not hindsight in safeguarding your vision. An examination by us which costs nothing may prevent consequences which later on would be inevitable. We fit everyone exactly.

GLENALADALE FARM FOR SALE
This farm, late the residence of John Archibald McDonald, Esq., deceased, is situated on Township No. 35 and 36, and contains 230 1/2 acres, of which about 200 acres are under cultivation. It is distant from Charlottetown by road about 12 miles, is quite near to Tracadie railway station, and fronts on the St. Peter's and Mill Cove roads and Bedford or Tracadie Bay. On the premises are a large brick residence, and stables and barn in one building, giving ample accommodation for everything in connection with farm operations. A good carriage road extends from the ground to the left of the barn. A large silo adjoins the barn. These buildings are all comparatively new and of the best construction. Pure water from a never failing spring is brought to the residence and stable by underground pipes laid by an engineer from Montreal.
Offers for this valuable property or any part of it will be received at the office of the undersigned, King Street, until further notice. For further particulars apply to

THE PITCHER.
The pitcher takes a rolling gait
And holds the ball on high,
Then turns it with his finger tips,
His new in-curve to try,
Then swiftly swings his strong right arm;
The vicious deed is done!
The umpire dodges skillfully
And hoarsely shouts, "Ba-all one!"
The pitcher takes his pose again,
And holds the ball on high,
Again he holds the ball on high,
And slowly turns it round,
Then once more he uncovers himself,
The batsman to undo.
The ball smacks in the catcher's glove;
The umpire shouts, "Ba-all two!"
The pitcher fiercely grinds his heel,
In desperation grim,
Once more he holds the ball on high;
All eyes are fixed on him.
Once more he swiftly lets it drive,
Then fiercely slaps his knee
Because the umpire coldly cries,
In fog horn tones, "Ba-all three!"
The pitcher's face is firm and set;
A wild gleam in his eye
Shows his determination as
He holds the ball on high.
He hurls it in; the bat swings round
And meets it with a thud!
The ball soars o'er the left field fence!
The pitcher's name is Mudd!

A Hard Knock.
"How nice and soft your hands are, Mr. Muffy!"
"Yes; I—ah—sleep with my gloves on, don't you know?"
"Indeed! And your hat also, I suppose?"

Mighty Cheerful.
Mamma had told her little daughter that she could not go out to play, but the little maiden determined to make one more plea. "Please, mamma; it isn't very wet, and I won't go on the grass."
"No, you cannot, Dorothy," said mamma pleasantly, smiling a little at her daughter's persistence.
Dorothy regarded her mother aggrievedly and then said, "Well, seems to me you're mighty cheerful about it."
—New York Times.

His Harvest.
"Young Briefly had only been admitted to the bar a week when he made a fortune. He was caught in a railroad wreck in which forty people were injured."
"And he was one of those who got damages?"
"He was all of them. He got all the victims to retain him."
—Philadelphia Public Ledger.

Gentlemen.—While driving down a very steep hill last August my horse stumbled and fell, cutting himself fearfully about the head and body. I used MINARD'S LINIMENT freely on him and in a few days he was as well as ever.

THE GLOW OF HEALTH.
When the blood is rich and pure there is a healthful glow to the complexion which speaks of the vigor and vitality of the system. There is no more certain way for pale, weak people to attain the glow of health than by the persistent use of Dr. Chase's Nerve Food, the great food cure which forms new, rich, red blood and creates new nerve force.

DROPPED DEAD AT WORK.
AMHERST, Sept 15.—Philip P. Babineau, an employee of the Amherst Red Stone Quarry Company dropped dead at the works today. His death was instantaneous, heart trouble is supposed to have been the cause.

LET OTHERS EXPERIMENT
There is always something new in the way of medical treatment, and you are constantly invited to try new fangled, unproven remedies. Let others experiment and so risk health and lose time. Dr. Chase's Kidney Liver Pills have been tried in the crucible of time, won the approval of public opinion and demonstrated their right to a place in every home as a family medicine.

BURNED WITH MATCHES.
DEXTER, Me., Sept. 15.—Erol, the seven year old son of Harry Goodwin, died today from burns received yesterday. The boy set his clothes on fire while smoking a pipe filled with paper.

Interesting Furniture News

In July last there was held in the City of Toronto a great Furniture Exposition. All the new patterns for Fall and X-mas trade were shown by fifty-three of the largest Canadian Furniture Manufacturers. Our Mr. Wright was there and spent a week among the samples—and made large purchases—we are now receiving the goods—six carloads have arrived—six more are on the way—look for our booth at the Exhibition next week—also call at our store—we have the largest and finest stock of Furniture east of Montreal—and when we tell you that at least two thirds of it bought today would cost us 20 per cent more than we paid for it, you will easily understand why we have put such a low price on the goods. You cannot find the same goods in any other store—you cannot find anything like the variety anywhere else—you cannot buy at as low a price anywhere else.

Big statements you say—we have the goods and prices to back up what we say in the newspapers.
