JAMES A. CAMPBELL, Graham's Roa, has just purchased the neighboring farm of Chalmers Whitehead. Mr. Whitehead left the Island two years ago and went to Dorchester, Mass., where he engaged in business. So successful has he been that he has decided to permanently locate there. Mr. Whitehead, though a young man, has shown himself to be possessed of considerable business talent, and will swell the long list of successful Islanders abroad.

It was not thought worth while to notice at the time it first appeared, the statement of an anonymous correspondent of the Patriot to the effect that a Guardian reporter asked Mr. Stewart for additional complimentary tickets to the band concert coupled with a threat, if the request was not complied with. The statement that Mr. Stewart was told by any one of the Guardian staff that "if the tickets were not forthcoming, he (Mr. Stewart) would incur the odium of the Guardian," is absolutely untrue.

Last night at a quarter to nine o'clock a memorial service was held at the residence of Dr. R. Johnson over the remains of the late Phil S. Spener. The body will be accompanied to Moncton today by Rev. G. M. Young from the Masons and F. W. Gill from the Sons of England, and will be met at Point du Chene by the deceased's father, C. E. Spener of the Treasurer's Department I. C. R. Among the many very beautiful floral tributes are those from the Masons, Sons of England, Army Medical Corps, fellow boarders and friends in the city.

CONSIDERABLE excitement has been caused in the city for several days by the report that women had been assaulted on the streets after night by a nuki or man described as tall and wearing a si or dark overcoat, light pants and a peaked cap. Two women were attacked Friday night and another on Saturday night but none were injured. About three o'clock yesterday morning an unknown man endeavored to obtain admission at P. W. College asking the janitor for food. He left, however, without obtaining an entrance. The assault is supposed to be a man mentally deranged but the police have as yet seen nothing of him. His assaults have been committed in the eastern parts of the city.

DESTROYED THE WILL.
 Louis Tenny has no immediate use for it after Using Dodd's Kidney Pills.

SUMNER, Assn., Dec. 1.—(Special) Louis Tenny, who made his will and got ill ready to die, is on his feet again and going around as if sickness and he has always been strangers. And the reason of it is that Postmaster Cosgrave induced him to try Dodd's Kidney Pills. Mr. Tenny was so ill with inflammation of the Bowels and Kidneys that no one expected him to recover, but the first dose of Dodd's Kidney Pills encouraged him to go on taking them, and the result is that he is to-day a well man. Sumner people are not slow to recognize the merits of this wonderful remedy, and scarcely a home in the neighbourhood is without its box of Dodd's Kidney Pills.

GALEDONIAN CLUB.—The annual meeting of the Galedonian club will be held in the club rooms this evening, at 7.30 sharp. The officers and members of the club will march to the Queen Hotel at 8.25, headed by the pipers to celebrate the festival of St. Andrew by the usual dinner. Visiting clansmen are invited to attend the meeting. We need not say that to-night's celebration will, as usual, be most interesting and enjoyable.

THE announcement of the death of Philip S. Spener, for the past three years drug clerk at Johnson & Johnson, which occurred at eleven o'clock Saturday morning at the P. E. I. Hospital will be held with deep regret by many throughout the city. The deceased though in failing health for several months was not seriously ill till the past week when acute Bright's disease developed and on Wednesday he was removed to the Hospital where he has since remained. He gradually grew worse and his mother arrived from Moncton Friday evening and was at his bedside when he passed away. The deceased was one of Charlottetown's most popular young men, a capable and obliging druggist, and a favorite with all his acquaintance. The remains were taken to the residence of Dr. R. Johnson, where they lay over Sunday. This morning the funeral will take place to the Railway Station and will be attended by the Sons of England, Masons, and the Army Medical Corps, in the latter of which the deceased was surgeon's compounder. The body will leave by the express on route to Moncton the home of the deceased. To the bereaved father and mother the Guardian with his many other acquaintances joins in extending its most sincere sympathy.

BUNYAN LODGE, Rose Valley, though hoary with old age yet retains to the full its pristine vigor and heartiness as when it was but youthful. Last Monday night a Royal Arch Meeting was held in which Bros. A. R. McDonald of Shamrock and J. A. McIntosh of Staneland were advanced to the R. A. P. degree. A large number of members was present as well as several visitors. After their advancement a recess was taken during which covens were laid and all sat to a sumptuous luncheon. The following toast list was then gone through with, Bro. Malcolm McKenzie presiding:
 King Edward VII.—Responded to by Bro. C. S. McDonald.
 Sovereign Grand Master—Responded to by Bro. J. J. Graham.
 The Ladies—Responded to by D. MacKinnon.
 The Dominion—Responded to by A. K. McKenzie.
 R. A. P. Song—Responded to by D. McDonald.
 The Occasion We Celebrate Responded to by Hugh Gillis.
 The National Anthem was next sung. Lodge closed in due form and the meeting dispersed, all feeling they had enjoyed a very good time. Bunyan Lodge has always been prosperous. May it ever continue so.

As we have entered upon December, the usual month of the closing of navigation, it may be interesting to review the date of the latest trips made by the summer boats on the Summerside-Point du Chene route. They are as follows:

1881	Nov. 26
1882	Dec. 9
1883	Dec. 2
1884	Dec. 13
1885	Dec. 7
1886	Dec. 4
1887	Dec. 24
1888	Dec. 12
1889	Dec. 14
1890	Dec. 2
1891	Dec. 17
1892	Dec. 21
1893	Dec. 11
1894	Dec. 8
1895	Dec. 10
1896	Dec. 14
1897	Dec. 22
1898	Dec. 14
1899	Dec. 30
1900	Dec. 10
1901-2	Jan. 2

There was no closing date in 1901 as the Northumberland plied regularly on into the month of January 1902. That was a record breaking year. On the following day the Stanley went on the Summerside-Cape Tormentine route. The average closing date during the past twenty years was about Dec. 14, but considering the improved steamer now of the route as compared with those plying during the first ten years the average is perhaps not a fair one. The average closing during the first ten of the twenty years was about Dec. 10, while during the last ten years about Dec. 17, was the average closing date.
