—THE DEATH TOOK PLACE after a few weeks illness of Mr Malcolm Kelly, an old resident of Traveller's Rest and who, about one year ago moved into Summerside, where he took up his residence and where death took place Sunday night at the age of 63 years. He leaves to mourn his widow, two sons, Willis of Bedeque Harry of Long River, also two daughters, Mrs. John Milligan Sherbrook and Mrs. Harry Schurman, New Annan. Also one brother, James, of Boston, Mass., and two sisters, who are married also in the above city. Mr. Kelly was born in Lot 48, and was one of the successful farmers of that community. The funeral takes place today (Tuesday) from his late home at 2 o'clock to St. Mary's Church, Summerside. Interment to St. John's Cemetery, St. Eleanors, Rev. Mr. White officiating.

—PETTY THIEVING— According to the popular belief, the light fingered gentry in Summerside seem to have a belef, not altogether wrong that though the worthy citizens are sound sleepers during the night the sworn guardians of law and order, it seems are not all the time on the job. On Friday night last or at an early hour Saturday morning a store in Summerside which had already been favored with three visits from thieves, was again entered and cigarettes, cigars, tobacco, chocolates, fruit and goods to the amount of $200.00 or so was successfully appropriated. Entrance was made through the front door of the store, a Yale lock being broken and a skeleton key used for the other lock. Folks living above the store heard a noise through the night, but before any action could be made, the marauders had made their escape. During the same night another resident of Summerside was relieved of a quantity of oats through the unheralded visit to his barn of a man who had not won a prize in the standing fields of grain competition. Several years ago the Keystone Film people made a lot of money in comedies through the type of policeman they used to throw on the screen but since that type of entertainment lost its favor there does not seem to be any profit or utility in Summerside, having a bluecoat on the payroll at all.

—PRICE COMPARISON. — Another graphic demonstration of the manner in which the cost of living is being forced down to a normal level is being shown in the clothing window of R. T. Holman, Limited, Summerside. In the centre of the window is a man's suit, three piece, which sold last year for $47.50. Alongside this suit is another, practically the identical suit in materials, tailoring, finisn and appearance and with this suit, at the last year price of $47.50, the customer is offered a pair of boots, a cap, a sweater, a pair of sox, a shirt, a collar, a necktie, a pair of cuff buttons, a pair of braces, a belt, two handkercheifs and the sum of 25c, in change. All the articles are attractively displayed and the window has been the center of interest for the last few days.

—HEAVY GALES—Owing to the heavy gales of wind and rain on Monday morning, the fishermen in this locality were unable to visit their traps. It is not known at present if there had been any damage to the gear or not. The weather conditions during last week were very favorable to the fishermen and reports received from along the South Side, would indicate that very good catches of lobsters had been made.—H.

A very deep and sad gloom passed over Georgetown on Sunday evening when rumor went around that the veteran, Capt. John Hemphill, had met a mariners grave. He and his two sons, Ivan and Guy were sailing the packet Ryse along the northern shore of Nova Scotia when the sad event occurred. The two boys were repairing the engine when they heard their father shout. Dropping everything they rushed aft and jumping into the dory, which was on tow rushed to the spot from whence the shout came only too late as their father had sunk. J. W. Hemphill was tired in his long rubber boots and oil skin so he sank almost immediately. The body has not been recovered, as it was dark and impossible to see. The late Capt. Hemphill followed the sea for over fifty years, sailing to all parts of the world, leaving home at the age of sixteen, he has been practically sailing the seas ever since. Hhe was born at Burnt Point about a mile from Georgetown and was the third son of the late James Hemphill, who had migrated from Ireland and took his abode on Burnt Point, then covered with woods. Mr. Hemphill was a man of sterling qualities and by his kind and affable manner made himself dear to all who knew him. He sailed for a number of years in the employ of A. A. McDonald Bros., fishing and trading later. He was in the employ of C. Lyons and Co., of Charlottetown for the last three years. He was employed by the Atlantic Milling Company, sailing the packet Ryse from Pictou along the coast to Port Mulgrave. His wife predeceased him about five years ago. The vicinity of Hampton is called upon to mourn the loss of one of its oldest and most highly respected citizens in the person of Mr. Abram Myers, whose death occurred on August 17th, last.

Mr. Myers who was eighty-three years of age was a man of exceptionally robust phisique, and had enjoyed the best of health until about two weeks before death.

A slight fall from a cherry tree which was not thought serious at the time but was followed by more serious complications was the cause of his death.

In early life he engaged in farming which occupation he successfully followed till he retired some fifteen years ago. Throughout his life he ever sought to follow the "Golden Rule" and was honourable and just in his dealings with his fellowmen. In politics he was a life long conservative and in his younger days took an active part in promoting the interests of his party.

The funeral which was very largely attended was held in the Presbyterian church at Hampton, of which he was a consistent member.

The service was conducted by the Rev. John Sterling of Bradalbane and the Rev. Mr. Fitzpatrick of Tryon.

The remains were laid to rest in the family plot in the Crapaud cemetery.

The pallbearers were W. H. Inman, W. B. Trowsdale, Joseph Ferguson, Allan Ferguson and David Holm.

Myers, of Hampton, Mrs. S. Beaton Bonshaw and Mrs. Alex Grieve of Colby Wash., to all of whom their many friends xtend sympathy in the loss of a kind husband and father.

Rev. M. and Mrs. Campbell were pleasantly surprised last Friday evening when a large number of the people of Marsboro Presbyterian congregation gathered at the Manse to bid them farewell. M. D. MacKenzie, J. J MacIver; M. D. MacDonald, N. B. MacLeod, J. E. Morrison and Allan MacRae. All expressed their appreciation of the services rendered by Mr. Campbell during the seven years and five months of his ministry here, during which time perfect harmony has prevailed throughout the congregation. Mrs. Campbell had been an active worker, especially in the Ladies' Aid Society and the Women's Missionary Society, and at the close of the programme Mrs D. A. MacLean, on behalf of the Portland branch of the L. A. A., presented her with a silver casserole and the gift of the Marsboro branch of the Aid was a buffet, the presentation being made by Mrs. Colin MacLeod. Mr. Campbell was presented with a purse of money from the men who were present. FRIDAY

RETURNING HOME — The men employed in construction work on Bird Rocks have been taken off by the C. S. S. Arras and will be landed at Souris. Efforts to take the men off have been in progress for two weeks but owing to unfavorable weather, this was not accomplished until now.

The sympathy of the community goes out to Mr. and Mrs. Donald Ferguson, Hampton, in the death of their youngest and dearly beloved little daughter Gladys Nina who fell asleep in Jesus, August 31st., 1921. Although only seven months and two weeks old she had entwined herself around the hearts of her mother, father, brothers and little sisters, whose chief care was to make baby happy, and although everything was done that could be done to save the darling of the home, yet God in His own good wisdom called her to His home on High. There are left to mourn besides a sorrowing father and mother, six sisters and two brothers. The funeral which took place on Friday, September 2nd was very largely attended. The Rev. James MacDougall conducted the funeral service at the house and grave, all that was mortal of little baby Gladys was laid to rest beside that of her little sister who had gone home to Jesus a little over a year ago, for He has said, "Let the little ones come unto Me, for of such is the kingdom of Heaven."

Ideal Exhibition weather and a record attendance continued at yesterday's fair. Under a cloudless sky thousands watched with breathless interest exciting finishes of hotly contested races, examined the agricultural and stock exhbits and gayly decorated manufacturers' booths, or strolled about the grounds threading their way between fakirs' tents and innumerable automobiles. There was quite a mid summer demand for ice cream cones and ginger ale.

The prize cattle and horses which will be judged for the shield presented by Prowse Bros., and Moore and MacLeod before the grand stand yesterday between racing heats and elicited enthusiastic comment from the spectators. It was a splendid exhibit when seen en masse The large majority of prize animals are Island stock and their owners are indeed to be congratulated upon their exhibits.

HALIFAX, Sep. 29. —Nova Scotia is facing desperate Norwegian competition in the codfish markets of Cuba and Central Africa, according to Major Hugh A. Chisholm, until recently Canadian trade Commissioner at Havana, who is in Halifax today. He suggested that the improved methods in cleaning and handling fish [illegible] adopted in this Province [illegible]ition in Norway and cons[illegible] trade reprisals by Spain for the cutting off of her wine and liquor trade in that country, have driven Norwegian fish formerly absorbed in the Spanish market to Cuba and Central America, Major Chisholm asserted.

Mrs. E. S. Story leaves this morning on return to her home in Gary, Indiana after spending the summer with her parents Capt. T. G. and Mrs. Taylor.

Much Ill Health Due To Bad Blood

IF THE BLOOD IS KEPT RICH AND RED YOU WILL ENJOY HEALTH

More disturbances to health is caused by weak, watery blood, than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment and you may be troubled with insomnia, neuralgia or sciatica. Muscles subject to strain are under nourished and your may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders try building up the blood with Dr. Williams' Pink Pills. These pills have a special action on the blood and as it becomes enriched your health improves. The value of Dr. Williams' Pink Pills in cases of this kind is proved by the experience of Mr. D. J. McDonald, North River Bridge, N. S., who says: "For some years I suffered severely with headaches, pains in the back and a run down condition. At times the pain in my back would be so bad that I would sit up in bed all night. From time to time doctors were treating me, but did not give me more than temporary relief. And then one day when I was suffering terribly a neighbor came to see me, and urged me to try Dr. Wiliams' Plink Pills. After taking two boxes I felt relief. I got five boxes more and before they were all gone I felt as though they were giving me new life, as in every way they built up and improved my health and strength. I am now working as a barker in a pulp mill, ten hours a day and feeling none the worse after my day's work. I say with pleasure that this condition is due to Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box, or six boxes for $2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.
