**P. W. C. AND SECOND SAINTS FIRST CLASH**

**Teams Will Meet In Opening Tilt At 3.15 Tomorrow Afternoon - Great Game Expected.**

A backfield working like a well-oiled machine, and seven ball dog forwards will face the Second Saints tomorrow afternoon at 3.15, when that team clashes with their traditional rivals from Prince of Wales College. The calibre of the Second Saints is unknown, but if they have the spirit of their seniors, the P. W. C. boys, champions of last year, will have their hands full.

The clean game always played between those teams, in which good football is preeminent, is well known to local football fans. Fast and well-executed plays have featured every tussle of the past.

The P. W. C. team, under the experienced eye of Prof. W. J. McDonald, have been practicing among themselves and with the Abegweits, while the Second Saints have the benefit of practicing with the first S. D. U. team.

Minard's Liniment has a hundred uses.

**NO REPLY YET RE PROPOSALS**

(Continued from Page 1)

British Conservatives. The quota method was today submitted by the Labor Government to the Conference, not as an official proposal, but as a possible method of affording preference to the products of the Dominion grain growers.

The main idea of the scheme is that British wheat purchases would be made on the basis of quota percentages—so much to be obtained from the home grower, so much from the Dominions and a certain amount from foreign sources. The plan received preliminary consideration this afternoon at the meeting of the special conference committee over which Rt. Hon. William Graham, President of the Board of Trade, presides, Hon. F. H. Stevens, Canada's Minister of Trade and Commerce being the Dominion's representative.

This afternoon discussion did not turn so much on the merits of the quota method as on whether it appeared sufficiently business-like to warrant examination by experts. The committee decided in the affirmative and the experts are now at work. The committee and the experts will have at least one precedent to guide their study. France having a quota system of wheat importing, which fixes the percentage of home grown wheat, which must be used in the manufacture of French bread. At present about 15 per cent of the wheat consumed in Britain is home-grown; 45 per cent comes from the Dominions and about 40 per cent from foreign sources, mainly the Argentine. It is hard to determine the amount of Canadian wheat consumed in Britain as the British and Canadian returns vary widely. Much Canadian wheat shipped via the United States to Britain never reaches the Old Country market, and many direct shipments are diverted at sea. British and Canadian statisticians are now endeavoring to clear up the differences in the official returns.

Minard's Liniment has a hundred uses.

**SEVENTY ATHLETES ARE SUSPENDED**

(Canadian Press)

WINDSOR, Ont., Oct. 14.—Seventy border athletes had their amateur cards suspended by the Ontario branch of the Athletic Union of Canada on recommendation of the Ontario Football Amateur Assn. Difficulties over Sunday baseball along the border and participation in games in Detroit by a number of local athletes and the alleged failure of the border cities baseball to make an effort to live up to the amateur code, are said to be the reasons back of the suspensions. Practically every branch of sport on the border is hit by the sweeping suspension announcement.

**ABBIES AT Y**

**UNEMPLOYMENT**

Sir.—I have repeatedly noticed the statement, that P. E. Island has no unemployment problem. As the mother of a family I would like to ask what may be called an unemployment problem and why this unceasing depletion of our population? We make a great effort to send our sons and daughters to college, business or elsewhere and I would like to ask you where are these boys and girls now? Why do they leave their Island homes if it is not to seek employment which cannot be found here. Repeatedly I have noticed this statement made at Ottawa, before the Governor General, etc. I am sure there are many parents who will testify that it was the lack of employment that scattered their families from the Atlantic to the Pacific. I see we are to have ninety-thousand of the twenty million dollars grant raised by the Dominion Government, but I do not think it is half enough, as no government can estimate the value of the splendid manhood and womanhood which Prince Edward Island has steadily contributed in the past toward the population of United States and Canada, and must continue to do unless some new industries are introduced which will tend to employ and support the youth of this Island. Then and not until then shall the depletion of our population cease, and our fair Island become and rightly so, the home of her sons and daughters.

I am sir etc.  
A Country Woman

**COME TO THE CONCERT AND** Pie social on Thursday, Oct. 16 in Sea View Hall. If not on Friday, 76-11-11

**LIQUOR SEIZED**—Three ten gallon, and three five gallon kegs, and eleven or twelve cases of liquor were found by Prohibition and Customs officers at Tracadie on Monday. Some of the liquor was buried in the sand on the shore, and some was hidden in lobster traps.

**DIPHTHERIA INOCULATION**—Clinics will be held at St. Peter's Lake school on Friday October 17th at 10 a. m. St. Peter's Harbor school 10:30 a. m. and Mt. Mary at 11:15 a. m. 7624-10-15-21

**BOOKS WANTED**—Strayed from their owner, three valued books, "Disraeli," "Research Magnificent," "Henry the Eighth," probably overlooked in someone's private library. Please communicate with Guardian. 10-15-31

**NIGHT RAID**—On Saturday night at 11:00 p.m. about six miles from Charlottetown Federal Bri Officers seized seven live Canada geese (callers) guns and equipment including automobile trailer. The parties concerned are charged with a violation of the Migratory Birds Convention Act—namely hunting migratory game birds during the night.

**PERSONALS**

Miss Mary Arsenault, daughter of Mrs. Robert Arsenault, 238 Sydney St., arrived in the City last evening from Boston, Mass.

Miss Gladys Bernard and Amy Bennett, Fredericton, were visitors to Charlottetown Tuesday Oct. 14.

Miss Helen Gallet of Union Lot 23, is the guest of Miss Jean MacEachern, Summerside.

Mr. H. M. Stewart underwent a serious operation in the City Hospital Monday morning and is doing as well as can be expected.

**DR. Wm. M. Rollins**, Fort Scott, Kansas, arrived in the city Friday evening and was the week end guest of Fernon and Mrs. McLure. He is at present visiting the Rollings of Justice. This is the doctor's first trip to the homeland of his father, Mr. Elisha Rollings.

People who are too busy to take a vacation should learn from the lowly ant. Consider the ant. There is nothing busier than an ant, and yet it always finds time to go to picnics. Judge.

**P. E. ISLAND HOSPITAL CAMPAIGN**

Following a stirring address by Mr. W. F. Tidmarsh, Executive Chairman of the \$250,000 campaign towards the construction and equipment of the new Prince Edward Island Hospital, a resolution endorsing the fund-raising movement was adopted by the Prince Edward Island Protestant Ministerial Association, as follows:

"RESOLVED, that the Ministerial Association heartily endorses the present Prince Edward Island Hospital Campaign, and because it is of Provincial importance commends it to the generous and ready support of all Protestant churches and communities in the Island."

**DOINGS AT THE Y.**

The regular monthly meeting of the Board of Directors of the Y. M. C. A. was held last evening in the Board room with a large attendance. Mr. W. A. Stewart occupied the chair in the absence of the President, Mr. J. A. Clark. Other members present were J. L. Douglas, W. V. Purdie, Dr. C. C. Archibald, J. A. McMillan, J. E. Harris, C. J. McLean, E. E. Clawson, L. J. Stacey, J. A. McNair, G. F. Partridge and Gen. Sec., Pendleton.

Devotional exercises were led by the General Secretary. Minutes of last meeting were read and adopted.

Mr. W. A. Stewart presented the financial statement which was adopted.

Gen. Secretary's report was read outlining the work of the past month and suggesting much of the season's activities.

This was program night with the Directors, all the work of the Association was gone into and many plans made for the future. Boys' work, girls' work, student work were the main topics and brought forth a general discussion which was most profitable.

Girls' work in the Association is going to be under the direction of a Ladies' Physical Committee and all girls and ladies classes will be held on Wednesdays throughout the season.

Boys' work is to receive greater attention than ever and the Boys' Work Committee have various plans underway now.

A general membership campaign is to be put on in a few days, when all past members and others will be requested to renew their membership tickets.

**COMMERCIAL BOWLING LEAGUE OPENED LAST NIGHT**

In two hotly contested games on the "Y" alleys last night, Messrs. T. W. L. Prowse and F. Adams emerged victorious over R. T. Holman's and the Guard's P. B. Co. Some very fine scores being made, especially considering these were the first games.

**Schooner Race Again Postponed**

(Canadian Press)

GLoucester, Mass., Oct. 14.—For the third consecutive day the second contest in the Lipton cup races here between the Gertrude L. Thebaud pride of the Gloucester fleet and the Bluenose of Lunenburg, N. S., champion of the Canadian fleet, was called off today because of lack of breeze. The race committee took action at 8.45 a. m. when it became apparent that the weather-man did not favor a race today.

Had there been enough wind for the race the Thebaud would have gone after the Lipton International Fisherman's Trophy with a strange skipper at the wheel, the old veteran, Captain Ben Pine, having been confined to bed with a sinus attack that developed during the night. The craft itself was in prime condition for the fight, having undergone a between-race painting and tuning up.

Captain Angus Walters of the Bluenose, was highly encouraged today by word from Toronto that the folks back home were ready to give a large cash prize for a race between the Thebaud and Bluenose from Gloucester to Halifax, N. S., at the close of the present series. He accepted the offer as a demonstration of confidence in him, his crew and his ship.

TORONTO, Ont., Oct. 14.—Confirmation was obtained here today regarding reported negotiations between Toronto and New York yachtmen for a race between the Thebaud and Bluenose from Gloucester, Mass., to Halifax, N. S., at the close of the present Lipton cup series off Gloucester. It is stated that arrangements had not yet reached the stage where the names of the Toronto yachtmen interested could be divulged. Much will depend on developments of the next few days. The Toronto committee is also keeping in close touch with Captain Angus Walters of the Bluenose in regard to the proposed race.

**Boyd And Connor Tell Of Perils On Ocean Flight**

(Continued from Page 1)

being rapidly used up—we watched it go, counting it drop by drop, not knowing what was going to happen and whether we could down in the sea or not. Then we picked up that island."

Lieutenant Connor briefly told his side of the story after praising Captain Boyd's ability as a pilot.

"I consider myself fortunate to have been able to fly with such a great flyer as Captain Boyd," he said. "His greatness was shown on the recent Bermuda flight in the same good old plane, the Columbia. Our flight was made more for scientific purposes than anything else to prove that transoceanic flying was practically safe at any time of the year. That was the reason for our starting out so late, and also the reason we took so long. Captain Boyd made a great takeoff and again showed his skillful handling of the plane when we landed at Tresco."

Turning to Lieutenant Connor Captain Boyd asked: "What was the name of that place, Harry?"

"Tresco," Lieutenant Connor replied.

"Oh yes, Tresco," Captain Boyd went on. "Did we have any difficulty in making a landing on the beach there? Well, we made it. We had had enough bad weather setbacks already on the flight, so we figured it was time we got a break, which we did although the tide was in. We had to dump our rear tank with its 100 gallons into the sea to prevent the risk of fire before we came down."

"No, I don't think we shall be flying back, although we haven't made any plans yet. Coming over in October, was bad enough. But in my estimate our airplane is the finest in the world."

Lieutenant Connor briefly told his side of the story after praising Captain Boyd's ability as a pilot.

"I consider myself fortunate to have been able to fly with such a great flyer as Captain Boyd," he said. "His greatness was shown on the recent Bermuda flight in the same good old plane, the Columbia. Our flight was made more for scientific purposes than anything else to prove that transoceanic flying was practically safe at any time of the year.
