The seized smuggling schooner Miantonomah, which was once the pride of Gloucester, and which got the Georgetown, P. E. I. skipper, Captain Dick, and crew into such a peck of trouble, still lies a Government charge at the terminus wharf. Sometime ago the customs called for tenders for purchasers of the vessel and the tenders were opened at Ottawa; they ranged from \$200 to \$250, and as this would hardly pay for the gear of the smuggler, the bids were declared void. It is believed the vessel will be offered at public auction, when it is expected she will realize something half near her value.—North Sydney Herald.

At Palmer Road, the Feast of the Epiphany, High Mass was sung by the Rev. Father Gauthier. Father Johnson preached a very touching sermon on "The Uncertainty of Life" and as soon as he descended from the pulpit Richard Melnis and Albert Kennedy advanced to the altar rail and presented him with \$100 in gold and the following address, to which the good Father, who was very much surprised, replied in fitting terms:—

Reverend and Dear Father:—Five or six months ago, the parishioners of Palmer Road, did not know you. You then came among us a perfect stranger, but during these few months we have learned not only to know but also to love you and to appreciate highly your zeal and faithful endeavors in this part of the Lord's vineyard. Since your advent amongst us you have ever been ready to advise and instruct and your kindness and charity have won for you the respect, the esteem and the love of all. During this glad season, then, when men are wont to express, in one way or another, their good will to their fellowmen, we have thought it our duty to tender you a tangible proof of our esteem and consideration, in earnest of our respect for your sacred calling and of our high appreciation of the salutary work you have ever tried to accomplish. With many regrets they all bid her farewell, wishing her a safe journey home and a bright and happy new year.

Family Cured of Eczema By Cuticura Remedies. The Cuticura treatment has absolutely cured me and family of eczema which I, my wife and two-year-old child had for eight months. It started with small pimples on the head of my child which gradually broke out in sores, and it was not long before I and my wife got the same. Our heads were one mass of sores, we could not sleep and the itching was terrible. We suffered for eight months. We tried different kinds of ointments and medicine but it did us no good and soon it began to break out on our bodies until a friend who had the same trouble told me about Cuticura of which I used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and I was cured. After the first few days our heads began to heal and in two months we were absolutely cured of this terrible eczema. (Signed) EUGENE POTTS, 581 Ralph St., Brooklyn, N.Y. No stronger evidence than this could be given of the success and economy of the Cuticura Remedies in the treatment of torturing, disfiguring humors of the skin and scalp, of infants, children and adults. In the death of Henry Farquharson, which occurred at his home at Clifton, Lot 48, on Sunday evening, Jan. 8, 1911, an old and highly respected citizen of that place has passed away. Born in the year 1827 on the farm on which he died, he was in his eighty-fourth year. Two years he suffered from a severe paralytic stroke; while in the act of going to his bed he slipped and fell, breaking his leg near the thigh. He was a sincere Christian and during his long and painful illness his voice was often raised in hymns of prayer and praise. He was always a good neighbour, modest and unassuming in all his ways—a true Christian gentleman. Besides his wife, he leaves a son and daughter, Rogers and Anna, both at home. To the bereaved relatives and friends The Guardian extends sincere sympathy.

This report gave a summary of the alarms during the year and also included a recommendation that a complete equipment for the Hook and Ladder and the Salvage Corps be purchased at once. Coun. Gallant, of the Street Committee, reported the claim of the town against C. Kane in the construction of the concrete sidewalk in front of his premises, to settle which claim Mr. Kane had agreed to pay \$2.50. The committee's report was adopted. Coun. Brace moved that the poll tax for the years 1909-10 be refunded to all firemen who had answered a certain number of roll-calls. The motion was adopted. A communication from the Water and Sewerage Commission setting the fee at \$50 for water for the watering trough, which communication had been laid over from last meeting, was again brought up and upon motion it was decided to accept the offer. A communication from Mrs. John S. Gallant asking for damages occasioned by a fall on the slippery sidewalk was referred to the Recorder. The chairman of the different committees each presented his report of the year's work. Several other matters came up on which no definite action was taken, after which council adjourned.

The regular monthly meeting of the City Council was held last evening in the Council Chamber. There were present His Worship the Mayor, His Honor the Recorder, the Health Officer, Water and Sewer Commissioners and all the City Councillors. A letter was read from Bruce Stewart & Co., Ltd., re exemption from taxation. This was referred to the Recorder. Another letter from the Salvation Army was laid on the table. His Worship then delivered his address, which was most comprehensive and touched on all points of direct interest to the council and citizens. He referred with satisfaction to the surplus of the year, on the ordinary civic account of \$985.94. All bills were paid up to Dec. 31, 1910, and His Worship claimed, with the practice of economy, that the matter of increasing taxes need not be considered for some years to come.

He spoke of the high financial standing of the city and referred to the large difference in the amount of Civic Debentures floated over 1900, occasioned by the fact that \$22,500 of School Debentures matured and were re-issued, as was legally provided for. He said the year 1910 was one of the most prosperous in the history of the city. There was placed in the various sinking funds \$16,429.36 and there was a surplus of \$93,941, \$500 were paid off and \$11,000 were issued. This makes the city \$6,913.30 better off than one year ago. He spoke of the valuable assistance from Councilor Riley of the Finance Committee. He reported the laying of one mile of concrete sidewalk, which under the circumstances, was an energetic showing. He made reference to the lessening of the cost of maintenance of wooden walks. He said the carrying out of the permanent walk policy met with the approval of the best ratepayers. The city had been free from any epidemic during the past year. He mentioned delegations of citizens who had urged reforms, particularly that of meat and milk inspection. He was in sympathy with the progressive steps urged. He regretted the fact that the building inspection and hotel fire escape by-laws had not been enacted.

The committee recommended entry McAdam work on the streets; the cost of stone is so high that this would be the most economical way; this system is used in all the larger cities. They also recommended the purchase of a street cleaner for cleaning purposes, claiming one could be purchased for \$350 which would do better work than the present system, and it would save its own price in one year in running expenses. The reports of the Tender and Public Property Committee was presented by Coun. Lane and the Market, Fire, Police and Light Committee reports were presented by Coun's Campbell, Johnson, Taylor and McKenna. The report of the city and police court, the school board, water and sewerage reports and Health Officer report were also presented.
