## DOWN THE BACK STRETCH

W. H. L. McCourtie of Dallas, Texas, a well-known sportsman and highly successful business man, passed away early Monday morning at Battle Creek Sanatorium, Battle Creek, Michigan. Mr. McCourtie became early in life interested in the promotion of cement concerns and in time became the greatest factor in that industry in America. He was extremely wealthy and very philanthropic with it.

Our greatest interest in him is as a breeder of trotters. With Widow Maggie a daughter of Peter the Great as a foundation source of his breeding operations, he became the most successful individual breeder the trotting world has ever known. From her he bred a long list of great trotters, several of these becoming world's champions. The most famous of her produce was Mr. McElwain 1.59 1/4, world's champion trotter at two, three and four years and today the greatest and most successful stallion of his age. Others bred by him from the same dam were Benelwyn 2.01 1/4, four year old champion of 1928, whose unfortunate death late that year prevented him from being better than a two minute trotter. The third champion from Widow Maggie was Herbelwyn 2.05 1/4, former holder of the world's record for a trotter over a half mile track.

Last season Mr. McCourtie was represented on the turf by Spencer McElwain (2) 2.04 1/4, a son of Spencer 1.59 1/4, and Miss McElwain 2.04 1/4, a daughter of Etawah 2.03, and Widow Maggie. The colt proved the leading race and money winning two year old trotter of the year and is today the choice to win the Hambletonian Stake for three year olds which will be raced at Goshen, New York, in August.

It is learned that shortly before his death his horses had been sold to the well-known breeder, Henry H. Knight of Chicago. These were sixteen in number including Mr. McElwain 1.59 1/4, Spencer McElwain (2) 2.04 1/4, and Widow Maggie 2.24 1/4. It is understood that the price paid for the sixteen horses was in the neighborhood of \$40,000.

Mr. McElwain 1.59 1/4, world's greatest speed sire of his age has been moved to Calumet Farm, Lexington, Ky., where he will make the season of 1933. Calumet Farm is the home of Peter the Brewer 2.04 1/4, Trux 2.03 1/4, Justice Brooke 2.08 1/4, etc., and has been with Walnut Farm, the leading speed nursery of America in recent years. With the addition of Mr. McElwain it will take on an even greater reputation.

With the exception of two or three animals the horses owned at his death by Mr. McCourtie, were direct descendants of the great brood mare Widow Maggie 2.24 1/4, by Peter the Great 2.07 1/4. She is the dam of ten trotters in the standard list of which six have records of better than 2.10. Widow Maggie is now twenty-six years of age and her breeding days are practically over.

It will be of interest to horsemen of this province to know that Mr. George H. Reddin of this city owns a brood mare practically identical in breeding with Widow Maggie, being by Peter the Great, dam of The Wilton. She is the dam of Jessica the Great 2.14 1/4 and Real Great 2.20 1/4.

They are stepping along in their early training in the U. S. A. at Groveton, Georgia, a three year old, Hollywood Maybe, trotted a workout mile recently in 2.08 1/4. He is owned by John L. Dodge.

Scarcity of money does not prevent trades being made in race horses. Albert Mann of Hanover, Mass., who deals in trotters, ponies and automobiles, recently advertised Nancy P. 2.12, for sale and a deal was completed with C. A. McLellan of Brockton, Mass., whereby the daughter of Nelson Dillon passed to his ownership by the transfer of a canary, an adding machine and several diamonds.

The fastest mile by a two year old reported from the winter training camp at Longwood, Florida, is by the filly Fay Mack by Mr. McElwain 1.59 1/4, in the stable of Ben White and owned by W. N. Reynolds of Camel Cigarette fame. Fay was a comfortable mile in 2.26 1/4.

Charles F. Adams who is the owner of the Boston Bruins Hockey Team and Boston Braves baseball team, is a great horse enthusiast, and together with Mrs. Adams takes a keen enjoyment in training and driving them. Mr. Adams competed in several matinee races with his horses last year and this year it is understood will make a bid for the championship cups in the Metropolitan Driving Club races, with Sir Guy Mac 2.04 1/4, and Larkspur (3) 2.03 1/4.

Will Crozier of Hartford, has in his stable the two year old pacer Hanover Prophet, recently purchased by Fred Holsapple, Copake Falls, N. Y., from Noah Squires. This chap is by Guy McKinney 1.58 1/4, out of Petrea 2.09 1/4, by Peter the Great 2.07 1/4.

Rance, the handsome little bay stallion that "Red" Hanafin raced through the Bay State Circuit last year, now is owned by Amos D. Mahoney of East Pepperell, Mass., and is in his new home the Happy Hours Stable at Groten, Mass.

Wallace Year Book for 1932 containing reports of all race meetings in the United States and Canada, has been issued in a new form and retails at \$5.00 by the American Trotting Register Association, Goshen, N. Y.

John Judy, which placed the world's record for three year old pacing geldings at 2.01 1/4 last season, has been purchased by H. Stacey Smith of Newark, N. J., owner of Zombro Hanover 2.00 1/4, leading money winning pacer of 1932 and will be raced for him by Will Hudson on the Grand Circuit.

The Lexington Grand Circuit races which are looked forward to with interest by many thousands of persons in America, and are held annually in September at Lexington, Ky., will this year be held over the Lexington running horse track. They were held there last year also, owing to the grandstand at the trotting horse grounds having been destroyed by fire.

J. Edgar Milligan of Milligan and Morrison, was one of the passengers who spent Thursday night in the straits on the car ferry Charlottetown. He was returning from New York where he witnessed the silver fox pelt sales and incidentally saw a magnificent collection of the firm's cross foxes auctioned. Mr. Milligan states that the Fromm and Nieman foxes consisting of about twelve thousand skins, were a very fine offering, that they were large and heavily furred and met with a great reception. He is enthusiastic about his races at Northam and is planning this year to put on two or three meetings. One possibly very early in July, an afternoon meeting, and another one or two meetings by electric light. For this purpose he has added a new steam engine which will generate plenty of power and thereby give him a flood of light which will make the track as desirable for racing as daylight. Edgar says he is also planning to race on dark nights as the moonlight interfered considerably with the success of last year's meeting.

There is a yearling by Great Britton out of Lenor McKinney 2.08 1/4 that is highly thought of in Fredericton. It is a half sister of Addie McGraw 2.10, by Great Britton and several offers have been made for it.

By the way, Addie McGraw was rather sensational in the fact that she accomplished 2.10 her first year out, which is the best ever known for a Maritime filly.

Among the good prospects that Billy Keyes has for 1933 racing is Miss Uhlén (3) 2.07 1/4. The belief exists that this mare will be a sensation over the half mile tracks in the potato state. Billy also has some good colt prospects so we will likely hear from him in the summaries this year.

The first foal by Protector (3) 1.59 1/4, to arrive at Walnut Hall Farm is out of the famous Margaret Spangler 2.02 1/4, that Fred Hyde drove to victory in the first Kalamazoo Derby which was raced for \$25,000.

WISHING  
Wish that I could hear the hoof beats

## The Hawks Will Fly Over Today

### League Leading Moncton Aggregation Will Face Hardest Game Of Year At Forum Tonight.

The Abegweit hockey team and Management of the Forum are certainly having their difficulties this week. The expected game with Moncton last night did not materialize owing to the fact that the car ferry Charlottetown got stuck in the ice and did not reach Tormentine side until after six o'clock last evening. Returning, it had not arrived on this side at eleven o'clock.

Efforts Rewarded  
Early in the afternoon an effort was made to secure planes to transport the Moncton players who were at Tormentine at three P. M. to Charlottetown, but as one of the planes was damaged at Moncton and the other had just returned from the Magdalen, it was found impossible to get in touch with the latter at the airport. In fact it was after four o'clock before Pilot Fowler could be located. He stated that it was an impossibility to land at Tormentine with his plane equipped with skis and that it would take quite a long time to change to wheels. Moncton management was communicated with and were asked to have the team remain at Tormentine and come over when the boat docked, so that the game could be played on Saturday. However, they decided to go back to Moncton as the crossing looked so uncertain and they wanted to fulfill their engagement at Halifax on Monday night and would not take chances of a tie up at Charlottetown. Later Mr. Bud Taylor, Manager of Moncton Hawks, was communicated with and a proposition submitted whereby the Charlottetown Forum management would pay the expenses of bringing the Moncton team here by plane.

Two Planes Chartered  
The first plane will leave Moncton between 10.30 and eleven A. M. this morning, bringing six players and equipment and the second will leave Moncton between two and two-thirty bringing the remaining players, coach and equipment. They will land on the North River ice near Inkerman. The first landing should be about 11.30 or a quarter to twelve this morning and the final landing about a quarter after or half past three.

Hawks Deformed  
Moncton are coming over deformed and full of fight and Charlottetown Abbies are just as determined to win from them and wipe out the six-two game played there on Monday night when the Hawks caught them badly off form. That our local boys have reason for confidence is shown by the fact that on the two previous occasions at Charlottetown and Moncton they had beaten the Hawks two nothing and after the severe defeat of Monday night went to the Wolves stronghold at Halifax and trimmed them 2 to 1, just when the Halifax team thought they were Canadian champions having so easily defeated the Edmonton Superiors, winners of 36 games in sixty days, travelling all over Europe.

Stores Will Close  
Ladies and Gentlemen of Charlottetown, Boys and Girls, hockey fans young and old, to-night will be a whopper of a game and this is no fairy story. You can be sure that it is right. In order to accommodate everybody an effort is being made and in fact has been already partially successful, to get the stores and business establishments to close promptly at nine o'clock, staging the game at 9.15 or thereabouts.

## LOOKING 'EM OVER

BY "TEC"  
"YES, THEY WILL FLY"  
Who said the "Hawks" couldn't fly? Of course they can—and to prove this assertion, said "Birds" will wing their way from Moncton to Charlottetown this morning where they will endeavor to again sink their talons into "Chuck" O'Connor's Red Shirts at the Forum tonight. Attention is directed to a write-up appearing elsewhere on this page, giving details of today's flight, etc., etc. Read it!

"THREE OF A KIND"  
The slump by the Abbies at the first of the section seems to have impressed a Fredericton sport writer so much that he terms the Island team the poorest in the Big Three. Perhaps he was a bit prejudicial with his classification for the Islanders are "going big" right now.

Of the trotters on their way On snow or ice or dusty turf When the band begins to play. With rustling silks and snapping whips Weeks rattle by like days, When the sulky wheels are humming Like the busy bees in May.

Wish for a mare with a flashy colt That is named in all of the stakes, His chance to start is as good as the rest And win if he gets the breaks. Look up the road to the land of dreams Where the sun never fails to shine, Lady Luck may be writing a slip for you That a Clerk of the Course will sign.

Wish for a horse and natty sleigh And a girl with sparkling eyes, While the rippling bells are ringing In a tone that never dies. Wish for a home and a bright fire-side When the work of the day is done, And a book to recall the good old days When your friends and their horses won

and have made great progress since they started to play hockey again. It remains to be seen just which of the three teams is the worst or the best.—Moncton Exchange.

The Ottawa Rideaus are now battling with Shamrocks and New Edinburghs for the championship of the city league.  
"Big Three Loop" fans will remember that the above mentioned squad were trounced in their three starts with Halifax, Charlottetown and Moncton in the early part of the season.

RUTH'S BIRTHDAY  
Thirty-nine summers have smiled broadly and affectionately on the head of George Herman Ruth who celebrated a birthday with a cake and candles a couple of days ago. Born in Baltimore and brought up in an orphanage, Ruth for more than 10 years has been the biggest figure in baseball, and perhaps the biggest that the game will ever know.  
At the age of 20 he began his diamond career with the Baltimore team of the International League. The lowly minors never knew him. That same year he was sold by Jack Dunn for the reported price of \$2,900 to the Boston Red Sox.  
In 1915 the Babe pitched and played in the outfield for the Sox and thereafter built up such a reputation as a slugger that in 1919 the Yankees paid the record price of \$125,000 for his release. He was increasing in value more rapidly

## THE RAMBLERS WILL APPEAL

AMHERST, N. S., Feb. 10.—(C. P.)—Amherst, Ramblers will appeal to the executive of the Maritime Amateur Hockey Association from a ruling of the Central League ousting them from the League playdowns. G. A. J. Bank chairman of the Amherst Club, is preparing his appeal for immediate submission, claiming that Amherst was not kept informed of affairs in the Central Section.

## Hockey Player Quarantined

(Associated Press)  
NEW HAVEN, Conn., Feb. 10.—Bill Regan, defence man of the New Haven Eagles, who has been ordered to report to the New York Americans at once, will not be able to respond until Monday as he, with other hockey players, is under a temporary quarantine. Lloyd Jackson, a forward, has scarlet fever, and other players are under scrutiny by the City Health Department for a few days.

## SUMMERSIDE CURLING CLUB

What proved to be the deciding game in the series was played on Thursday night when the Rinks skipped by E. P. Foley and W. E. MacDonald met. Foley's Rink had four wins and one loss with two games to play while the Rink skipped by MacDonald had five wins and one loss with one game to play. The game was hotly contested with every man working hard for his team and the score slowly crept up, first one side leading then the other, until at the end of the eighth end the count was 6-6. In the eleventh the Foleyites threw a big scare into their opponents by taking a clean four.  
In the last head Geo. Muttart's first stone came to rest just "biting" on the front circle and was "raised" inch by inch as one side tried to take it out while the other tried to get their "guards" set, and so the game finished 12-10 in favor of the MacDonalds.  
The Rinks and score follows with the winners declared Club Champions for 1933.

## Bandit Picked The Wrong Man

(Canadian Press)  
SPRINGHILL, N. S., Feb. 10.—A would-be hold-up man is nursing a few bruises tonight because he picked on the wrong man.  
James White was walking towards home on a lonely road when he was accosted by a stranger, who asked for a match. He produced the match.  
"Now hand over your overcoat," came the command. But White happens to be a boxer. So, instead, he shot over a few fast rights and lefts which found their mark before the other man recovered from his astonishment and took to his heels. The police were searching for the stranger tonight.

## Seeks Radio Field In Truro

TRURO, N. S., Feb. 10.—(Special)—The feasibility of establishing a radio broadcasting station here, as proposed by Station CFXY, of Charlottetown, is to be investigated by the Truro Board of Trade.  
When the matter came before the board at its annual meeting tonight, it was felt that no definitive reply could be given until it has been thoroughly scrutinized, although opinion favored opening a radio station.  
(Canadian Press)  
OTTAWA, Feb. 10.—Lieut.-Col. R. P. Landry, of Quebec, has been appointed secretary of the Canadian Radio Broadcasting Commission, it was announced today by the Civil Service Commission.

than the widest touted stock of the boom days.  
Ruth leaves New York this week for the Yanks' training camp at St. Petersburg, in Florida, to fit himself for his twentieth campaign. Since he became a Yankee he has drawn \$755,000 in salary and expects to collect around \$600,000 this year. He is willing to accept \$15,000 less than last season. Even in these days of diminishing salaries Ruth is worth all he asks. His presence in the New York line-up means millions in baseball gates.

## Primo Carnera K.O.'s Schaaf In The Thirteenth

(Canadian Press)  
MADISON SQUARE GARDEN, New York, Feb. 10.—Primo Carnera, the Italian man mountain, belted Ernie Schaaf of Boston into a 13th round knockout here tonight and earned the right to meet champion Jack Sharkey for the world's heavyweight boxing crown.  
The tremendous reach of the ponderous Italian kept the Boston sailorman and stable-mate of Sharkey from doing much damage during a fight that brought cheers and then boos from a suspecting crowd of 19,000 that taxed the Garden. Carnera played an incessant left hand tattoo on his foe's head throughout.

## Adams Resigns From Board

BOSTON, Mass., Feb. 10.—(A.P.)—Charles F. Adams, President of the Boston Bruins, today presented his resignation as a member of the board of governors of the National Hockey League to President Frank Calder, with whom he has disagreed on many points during the past few years. The Boston magnate notified the other members of his action but would not comment on it.

## APPROVE ST. LAWRENCE SEAWAY PACT

(By Elton C. Fay, Associated Press Staff Writer)  
WASHINGTON, Feb. 10.—With New York and Illinois members opposing, the United States Senate sub-committee on foreign relations voted today, five to two, to approve the St. Lawrence seaway treaty, signed by Canada and the United States last summer.  
Although members of the sub-committee said they hoped to have the full committee act on the treaty during these closing days of the short session, it was not expected the pact would come before the present Senate for ratification.  
One amendment to the treaty was made by the sub-committee. In accordance with an agreement on the part of Canada, the sub-committee wrote into the pact, an agreement preventing extension under its terms of a power right now held by the Aluminum Company of America plant at Massena, N. Y., on the site of the proposed international development.  
Ratification of the treaty was formally recommended to the Senate sub-committee by the New York power authority with the understanding that the cost to New York be not more than \$89,726,000.  
Senator Robert F. Wagner, New York Democrat, was one of two members of the sub-committee to vote against approval when an executive session ballot was taken at the conclusion of the debate.  
Wagner, speaking in an interview later, said his vote should not be construed as placing him definitely against the treaty.

## Challenge

We, the East Royalty Dairy Team's Sisters, do hereby challenge the Marshfield girls hockey team to a friendly game of hockey to be played in the East Royalty Rink on Wednesday, Feb. 15. Please accept through press.
