Longer Skirts Will be Worn

For day wear the separate coat with a one-piece frock beneath it continues to be popular, but the suit is by no means eclipsed and in some way the latter always succeeds in giving its wearer a trimmer and better turned-out appearance than the more voluminous coat, unless of course this is of fur. Paris and New York ready-made skirts are longer, coming well below the shoe tops and in many cases almost to the ankles. Whether these longer skirts will prove popular here is doubtful, but it is undeniable that they will certainly be worn somewhat longer than we have lately been accustomed to. The effect of the longer skirt is to make women look older and they lack the extremely chic effect which was the charm of the short, full skirt. The fashion for the longer skirt is not one which appeals on sight and it will take some time to become accustomed to it.

Simplicity in Evening Gowns

Regarding evening gowns much has been written and said about the lavish use of metal and tinsel brocades and

A Mother's Work

Mothers as a rule spend so much time in looking after their children and in household work that they overlook the absolute necessity for that rest and relaxation upon which their health depends. The consequence is that soon they find their humdrum of household life as a mother knows it with hurried meals and family and household cares, quickly thin the blood and weaken the nerves. Then follow headaches, pains in the side and back, swollen limbs, palpitation, a constantly tired feeling, and often an inclination to restlessness. These symptoms are inevitable results of overwork and over anxiety in the cares of children and the affairs of the household.

Whenever a mother finds her health falling and household duties becoming more than she can comfortably manage; whenever extra demands are made upon her strength, she should adopt the safe and simple expedient of enriching her blood with Dr. Williams' Pink Pills. These pills are especially valuable to the nursing mother and the woman worn out with household cares. They renew her blood supply, strengthen her tired limbs, and drive away the headaches and backaches that have made her so miserable. They have restored thousands of dependent women to good health and bright spirits, and will do for you as much as they have done for others if you will give them a fair trial.

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Flattering to the Original

other glittering fabrics, but in reality the majority of evening gowns worn by the smartest of our women are distinctly simple and many of the new models are plain almost to the point of severity. Plain satin or velvet gowns, their only trimming-if trimming they may be called-the little net sleeves of the same shade as the gown or of silver mesh, are featured by the leading designers. Many lovely white satin gowns are shown and will be worn by women of all ages, for they are universally becoming. It is astonishing how effective this material is, especially when it appears in the dead white to the softer cream or ivory tone. For the woman of mature years these white gowns are given character by the discreet use of jet as an ornamentation.

The Economical Note

Even in the most fashionable circles economy in dress should be the order of the day, and in most cases is practised. Many women when ordering a low cut evening gown supplement it by ordering at the same time a loose long sleeved vest or blouse to wear over it on occasions that do not call for full dress. Chiffon is the material most generally used for this purpose, white or some pale tint that harmonizes with the gown or brightens up a black one. A very simple style may be selected, just a loose affair bordered with a fold of the same joined to it by fancy stitching and made with very long sleeves.

No New Slang

There is no new slang under the sun. Those "characteristic Americanisms" such as "take it from me," "the real stuff," "spiker," "sure thing," and so on, have been traced to Sheridan, Thackeray, Smollett, Dickens, an dothers, and are in common use in Great Britain, while there appears to be little question that Aristophanes was the first to use the expression, "We take the cake."

CANADA'S CLARION CALL

To arms! To arms! O, listen to the cry. Ascending, prayer-borne, to God's throne on high. For fresh recruits: Respond, now, to the call. Of comrades in the trenches, who have all been heroes in the fray.

At Ypres saved the day- In khaki clad, resolved to win or die. CHORUS: F From Halifax To Vancouver. Across the Alps of Canada. Hark! the refrain! We come! We come! To join in song with life and drum.

To arms! To arms!! Shirk not your duty, while Your dear old Mother dwells in Al-bion's Isle-Good Mother England, Mistress of the wave Around the world, whose sheltering arm will save: Cause Tyranny to cease; And, bring good will and peace-Thrice blessed, with high heaven's love and smile.

CHORUS. To arms! To arms!! Hark! Let the summons spread, Of spirit-voices, from the glorious dead; That, mid the trenches, call on every son Of Canada, till final victory's won-As Heroes, unafraid, Hasten to the Allies' aid-For victory-Hurrah! Hurrah! As Conquerors, by valiant Chieftain's lead.

CHORUS. To arms! To arms!! And at the front help quell And drive the enemy through the gates of hell: Those outraged women, and the little ones, ruthlessly, by satan-guided Hordes, from the Egyptian skies-Hear, and avenge, their cries-Swift-punishing all those destroyers.

CHORUS. Montreal, February, 1917.

Beware of the Cold Storage Egg!

In his work on food and dietetics Doctor Robert Hutchison says, "the absence of carbohydrates prevents eggs from being in any sense a complete food." This refers to the fresh egg-the egg with a clean bill of health. What would Doctor Hutchison say of the modern cold storage egg? At present prices two eggs cost ten cents-and the egg is not a complete food! Something must be eaten with it to supply the needed carbohydrates. Two Shredded Wheat Biscuits, with cream or milk, make a complete, perfect meal at a cost of four or five cents. Made in Canada.
