

THE CHARLOTTETOWN GUARDIAN

FRIDAY MORNING, OCTOBER 2, 1908.

SIR THOMAS LIPTON PUZZLED.

Eating Oil

This is a growing and sane idea. It is olive oil that is becoming one of the important foods of the world.

Use all the olive oil you can, be careful about the quality only. That is insured by coming here for it.

WHY?

Sir Thomas Lipton, who has repeatedly tried to "lift" the America Cup without success, is very desirous to try again, and has formally challenged the New York Yacht Club to permit him to do so.

"I am at a loss to understand why the New York Yacht Club is not willing to favorably consider my challenge, if I am willing to construct a challenger according to the club's own rules."

In other words, being in possession of the cup, the New York Club is bound to keep it, and to that end makes conditions under which it must be impossible for Sir Thomas Lipton or any other to win it.

DELICATE BOYS AND GIRLS.

Are altogether too numerous. Our schools are full of them. Chances are our own children are weaklings. It's shame so many children grow up without health when they could be made strong by Ferrozone.

AT SUMMER'S CLOSE.

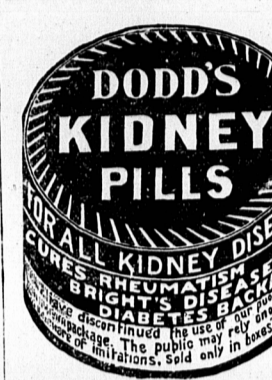

The West wind stirs the daisies, Scattered all abroad; Summer smiles a sad farewell Mid nodding goldenrod.

Chrysanthemums fill the gardens With pictures of the sun, Making love to tardy rays, After the day is done.

The sea is as blue as ever, ... The trees whisper to the sky; But I do not hear their story As I did when you were by.

I pulled three lovely daisies, And said the petals of two; They both told "ten he carries," Then I cried aloud for you!

The same old summer story, Longing at the close; You are gone; I'm alone The end God only knows! CHARLOTTE TOWNE
