VICE REGAL PARTY LEAVES FOR PICTOU THIS MORNING

A Most Enjoyable Day Spent Yesterday—Addresses and Visit to Consolidated School, Reception and Five O'clock Tea.

A beautiful midsummer day on Prince Edward Island greeted their Excellencies the Earl of Grey and Countess Grey yesterday on the occasion of their first visit to this province. The day was hot but a cool breeze blew from the west and made the weather almost ideal, while the rain of the previous days laid the dust effectively and the drive through the City and to the Consolidated School at Mount Herbert a most pleasant one.

At half past one their Excellencies landed at Pownal Wharf and were driven to the Provincial Building with an escort of the Fourth Regiment and the Light Horse and the Fourth Regiment Band.

The Legislative Council chamber was filled with ladies and gentlemen when the Vice Regal party entered a few minutes before eleven o'clock.

The addresses of the Provincial Government and, the City of Charlottetown, copies of which appeared in The Guardian yesterday, were read by Premier Peters and His Worship Mayor Kelly respectively.

To each in turn His Excellency replied happily speaking of his great pleasure at being present and the expressions of loyalty contained in the addresses. He regretted greatly at being unable to attend the formal opening of the Consolidated School to which movement he attached great importance. The experiment of School Consolidation he was watching with great interest and this example he trusted would be followed by many such schools througout the Empire. He greatly regretted that his stay would not be longer but hoped to return at a later date and spend more time in this beautiful province, meeting its people and visiting the points of interest.

After leaving the Provincial Building His Excellency inspected the Light Horse and spoke warmly in praise of the corps and especially the horses, to Captain J. A. Macdonald. He had previously inspected the Fourth Regiment upon landing at Pownal Wharf where he was received by the playing of the National Anthem and the booming of cannon at Fort Edward.

Leaving the Provincial Building the Vice Regal party returned to the ship and shortly after noon with His Honor the Lieut. Governor, Mayor Kelly, the City Council, Dr. Robertson, Dr. Anderson and other gentlemen, Earl Grey proceeded to the Hillsboro Consolidated School, crossing to Southport at a quarter to twelve.

At the school His Excellency examined the different classes and viewed with pleasure the works in the school garden. He expressed himself as greatly pleased with the school, granting the children two weeks holidays.

Returning Earl Grey and a number of the vice regal party were entertained to strawberries and cream at the home of Franklyn Bovyer.

In the afternoon a reception was held at Government House where a large number of prominent citizens meet Earl and Countess Grey. Afterwards he visited the tennis grounds, where the 4th Regt Band furnished enjoyable music, and later drove to the golf links.

In the evening a very enjoyable At Home was given by Sir Louis and Lady Davies at which a number of the visitors were present.

The Minto sails this morning at daybreak for Pictou.

Few people are aware that the varnishing and polishing of a single piano case involves almost constant labor for a period covering nearly two months.

CARRIES TROUBLE RIGHT WITH HIM

Fate of the Dyspeptic Who Has Not Learned the Relief that is Found in Dodd's Dyspepsia Tablets.

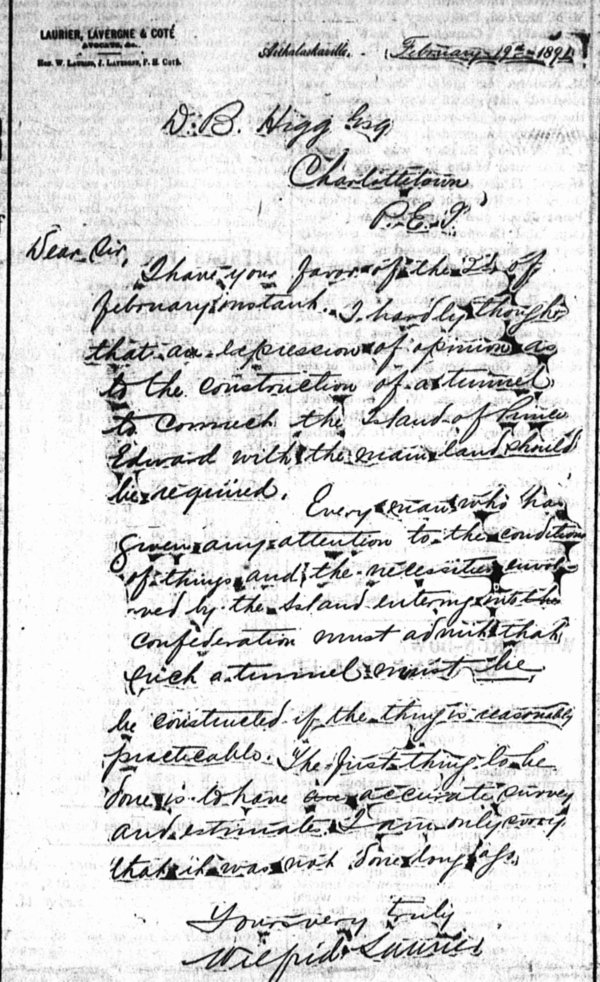
The Dyspeptic is the man who carries the troubles of the world on his shoulders. He is racked with pain and filled with despondency. Life's not worth living to him.

It's his own fault. Relief complete and permanent, is within the reach of all. It is contained in Dodd's Dyspepsia Tablets. They digest the food themselves so there can be no Indigestion where they are used. Listen to what Mr. R. A. Barton, 23 Tyndall Avenue, Toronto, says:

"I had Indigestion in its worst form. The doctors could not do me any good and I began to think my case was hopeless. As a last resort I tried Dodd's Dyspepsia Tablets. I am thankful to say they had the desired effect.

"I was afraid to eat many things that would have suited my taste. Now I can eat anything that is set before me, asking no questions."

AUTOGRAPH LETTER OF SIR WILFRID LAURIER



LAURIER, LAVERGNE & COTÉ
AVOCATS, &c.
Hon. W. Laurier, J. Lavergne, P. H. Coté.

Arthabaskaville. February 19th 1894

D. B. Higg Esq
Charlottetown
P.E.I.

Dear Sir,

I have your favor of the 2nd of february instant. I hardly thought that an expression of opinion as to the construction of a tunnel to connect the Island of Prince Edward with the main land should be required. Every man who has given any attention to the condition of things and the necessities involved by the Island entering into the confederation must admit that such a tunnel must be constructed if the thing is reasonably practicable. The first thing to be done is to have an accurate survey and estimate. I am only sorry that it was not done long ago.

Yours very truly
Wilfrid Laurier

MR. M'LEAN M. P. AS A FREE LANCE

Assails His Fellow Conservatives for Subserviency to Montreal Star, Quebec and the Tuppers.

WEXFORD, Ont., Aug. 4.—(Special)—A sensation has been caused by the speech delivered by Mr. McLean, M. P. for South York last night at a little meeting here.

He sailed into both Liberals and Conservatives alike. McLean declares that Ontario Conservatives are ordered not to have any opinions of their own, as the members from Quebec and the Maritime Provinces will tell them what to do.

They are instructed that the Quebec Conservatives are the only ones who know how to rule Canada,

Somehow most of the Conservative members come from Ontario, but most of the orders come from Quebec or Nova Scotia where very few were elected, and if an Ontario Conservative says the new Provinces should have free schools, or declares boldly for the separation of church and state he is set down as bigoted

Since the Tuppers decided that Manitoba school legislation should be forced through Parliament the Conservative party has been ruled by the Tuppers and the Montaeal Star.

Hugh Graham who owns the Star mare than any other man responsible for the defeats of 1896, 1900 and 1904.

His escapade recently with David Russel and Blair was one of the most grotesque and disgraceful episodes in Canadian history. They concerted a scheme to put the Grits out and the Tories in that was based on money, bribery and treachery and that was a miserable fiasco, and as the result a number of men who professed to be Conservatives are now at Laurier's mercy.

He was emboldened to carry along the Autonomy Bill legislation by reason of the cards he held against the Blair-Graham-Russel faction, and notwithstanding this that faction continue to lecture the Ontario Conservatives as to what they should do.

LUMBER WAR ON ST. JOHN RIVER

Has been Resumed and Serious Trouble now Feared.

CHESUNCOOK, ME., Aug. 4.—(Special)—The lumber war which attracted so much attention on St. John River during the spring has broken out again, this time at the Chamberlain Land Co. and serious trouble is feared.

There was a clash yesterday between the crews employed by the St. John Lum. Co. and the Marsh & Ayers of Bangor.

The St. John Co's men attempted to raise the gate at the foot of the lake and when the attendant resisted violence was used.

The man's rifle was taken from him and the gates were raised.

The agent, after reporting the matter returned with the intention of closing the gates and if this is done trouble will ensure.

The St. John Co. want water for log driving while the Bangor people are holding it for power purposes.
