Rules Governing Guardian "Famous Canadians" Contest

Everyone who is a paid in advance subscriber, excepting employes of the Guardian and their families may take part. As many members of one family paid in advance of a subscriber may compete as desired and any subscriber may send in as many sets of answers as he or she wishes, but each set must be complete and will be judged individually.

The successful competitors whose subscriptions are paid further into 1932 will have the preference.

Clip the picture and coupon underneath it every day and write the answer on the blank line. Save all your clippings until the end of the contest and then send them to the "Famous Canadians" Contest Editor of The Guardian in one batch. Name and address should be included clearly written or printed, and securely attached to your solutions. It will facilitate handling if you bind your solutions by sewing along the top or using paper fasteners.

In sending more than one solution, each solution must be enclosed in a separate envelope.

Please attach sufficient postage as, otherwise, it may be necessary to refuse acceptance of the mail.

In case of a tie The Guardian reserves the right to publish one or more tie-breaking puzzles.

The judges' decisions will be final in all matters, and The Guardian will not undertake to enter into correspondence with any individual regarding the decision of the judges.

Forty of the Fifty correct solutions to the puzzles are contained in the list of names of Famous Canadians below:

(This list is not intended to be representative or exhaustive. It is made up of names most adaptable to this contest, these being chosen from thousands of representative Canadians, past and present.)

DEFINITION

The words "Famous Canadians" as applied to this contest is taken to mean either individuals or families of Canadian birth, or individuals who although not born in Canada have gained national recognition in the past or in the present. Among the names eligible are such men or women as Edward Johnston, tenor of the Metropolitan Opera Co., whose origin is Canadian, but whose chief fame has been gained outside his native country; and as Sir William Van Horne, railway builder, who although born in the United States, gained permanent recognition for his work in developing the Canadian Pacific Railway.

Consumption Of Bituminous Coal Increases

(Canadian Press)

MONTREAL, Que. Oct 13—The Montreal Gazette published the following today:

"More extensive consumption of Canadian bituminous coal, resulting in additional shipments from Nova Scotia to Montreal before the close of navigation, and a corresponding reduction in the importation of American fuel is anticipated as a direct result of the order, effective yesterday, and demand by railroads in the eastern section of the United States that freight charges to the international border be prepaid on bituminous coal and coke destined for points in Canada. This ruling automatically entails payment in American funds, which will increase further the cost of the fuel in this country, as the American dollar is at a decided premium. It is estimated that the average additional cost will be thirty-five cents a ton on coal selling at the mine for between 95 cents and $1.35 a ton.

"No similar decision with respect to anthracite coal has been taken as yet, though it is understood here that the railway companies may issue a like order at any time. The reason for their failure to demand prepayment of freight charges on hard coal at this time is attributed to the fact that the principal railroads are interested in the operation of the mines, and wish to retain their Canadian market. There is at present a difference of fifty cents in the retail prices of American and Welsh stove coal, the Welsh being $16.75 a ton as compared with $16.25 a ton for the American (stove size).

"If the American anthracite mine operators and railroads demanded payment in United States funds, the cost delivered in Montreal would be raised approximately 11.20 per ton as the f.o.b. price here is $12.43 a net ton for stove size anthracite, of which $4.43 is contributed by freight charges and $8, by the cost of the coal at the minehead.

The announcement issued by one of the railroads in the United States is as follows:

"Effective at once, all charges on bituminous coal and coke, coke breeze, coke dust and coke screenings (the direct product of coal) destined to points in Canada must be prepaid from point of origin as follows.:

"1 When joint through rates are applicable from point of origin to Canadian destination, all charges must be prepaid to Canadian gateway points at the proportion of joint through rates accruing to such Canadian gateway points.

"2 When joint through rates are not applicable from point of origin to Canadian destination and combination rates are used, based upon proportional rates or local rates from point of origin to Canadian gateway points, all charges must be prepaid to such Canadian gateway points.

Mr. Arthur McDonald, Forest Hill, spent the week end in Lorne Valley, the guest of Mr. Allan McSwain.

Mr. and Mrs. W. C. Stewart who have spent the past two weeks in St. Peters, P. E. I. have now returned to town. While in St. Peters they were the guests of Rev. John and Mrs. Adamson at the United Church Parsonage.—Sydney Post.

Miss Elizabeth Cusack, Commercial student at Notre Dame Academy, has resumed her studies, after spending a very pleasant vacation at her home in Brookvale and in Albany, the guest of her sister, Mrs. Basil Sherry.

(United Press)

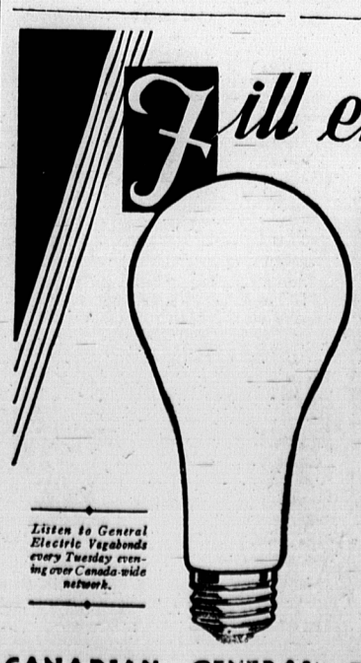
KANSAS CITY, Mo., Oct. 12—Tex Clark, superintendent of the Kansas City zoo, finds that a tiger lion or polar bear makes a better dental patient than a human being.

While Clark admits he has never seen a dentist, he knowingly refers to the wails emanating from the dental offices. When he filled a tooth for Ignatz, the polar bear that worthy didn't even snarl.

"I filled a large tooth for Sultan the tiger, not long ago," Clark said "and he was very quiet al the time When I had finished he gave me an appreciative look. But the next minute he'd have devoured me."

Fill empty sockets with

EDISON MAZDA LAMPS



Listen to General Electric Vagabonds every Tuesday evening over Canada-wide network.

DON'T delay any longer. Get a carton or two of Edison Mazda Lamps today—fill the empty sockets—replace the blackened lamps. You will enjoy the extra comfort—and the freedom from future annoyance.

HOME RUN CAUSED A DEATH

(United Press)

CINCINNATI, O., Oct. 12—John D. Stovall, 36, negro, sat by his 3rd floor window watching a sandlot baseball game and shouting instructions and applause at the players below to his death. A batter connected for a long, arching home run. Stovall's excitement caused him to lose his balance. He fell through the window to his death.

From the latest biography of Turner it appears that some of his associates were unaware that he was liable to bouts of painting.—Punh.
