DEATH OF PREMIER PETERS.

It becomes our painful duty this morning to chronicle the death of Hon. Arthur Peters, Premier and Attorney General, which sad event took place at his residence in Elmwood last evening very shortly after seven o'clock. He had been taken ill about Christmas, and though his illness was not thought at first to be serious, Bright's disease developed and for weeks past it had been feared there could be no hope of his recovery. Death came to him in what may be called a public man the prime of life, for he was but fifty-four years of age at his last birthday on the twenty-ninth of August last. Thousands will learn of his death with deep regret, who knew him only as a public and professional man, while in the inner circle of his personal friendships the regret will be deep and lasting.

Hon. Arthur Peters was the younger son of Hon. James Horsfield Peters, late Master of The Rolls, by his wife Mary, eldest daughter of the late Sir Samuel Cunard, Baronet. He enjoyed the advantages of aristocratic birth, ample fortune, a liberal education and the inherited aptitude for the legal profession in which his father had attained a foremost position. He received his education at Prince of Wales College and King's College, Windsor. After completing his collegiate course he entered the law office of Edward J. Hodgson, (now Mr. Justice Hodgson, Master of the Rolls) where he spent several years. He then proceeded to London where he read law in the chambers of G. Brough Allen, a noted English special pleader, afterwards with Lord Alverstone and with Mr. Freeman of the Equity Board. He was called to the bar of Prince Edward Island in 1878, and to the bar of England in 1879. He was made a Queen's Counsel in 1897.

Mr. Peters entered the Legislative Assembly in 1890 representing the Second District of King's County, and was reelected for the same seat continuously to the last. He took but a minor part in political affairs from 1890 to 1897, being somewhat overshadowed both in the Legislature and at the bar by his elder brother and law partner who then filled so large a place in the public affairs and legal contests of the Island. After the latter date he came rapidly to the front in matters legal and political. He became a member of the Administration under Premier Farquharson in 1900 and soon after was made Attorney general. When Mr. Farquharson resigned to become a candidate for the House of Commons, Mr. Peters was by the general voice of the Liberal party called to the Premiership. He administered both offices down to the date of his final illness, and proved himself a popular and capable leader.

In addition to the exacting duties of leader and Attorney General, Premier Peters was called from time to time to serve the Province on important missions abroad, to attend the King's coronation, and later to present our case in regard to our representation in the House of Commons, before the Privy Council in London, and also to serve on many important delegations to Ottawa from time to time in connection with our claims to a share in the Fishery Award, to secure damages and present the Legislative memorial for another winter steamer and the construction of the Tunnel, and also to attend the successive conferences which resulted in the concession of increased subsidies to the Provinces. These were important charges and he discharged them in such a manner as to entirely satisfy his supporters and to win the approval of the Province in the last general election.

He was never a seeker after cheap popularity, and at times seemed to be somewhat indifferent to the favor of the masses. And yet he could easily command a large share of popular favor when he thought it worth while to make the effort. He had undoubted talents, was a fluent speaker, a ready debater and a resourceful leader. The people had well-grounded faith in his personal honesty. He had no enemies, and political opponents with whom he broke many a lance will join with friends and supporters in sincere regret for his too early removal from life's activities. In the family circle his loss will be irreparable, and the sympathy of the entire community will go out to the sorrowing ones there, while many friends will feel a strong sense of personal bereavement in his demise.

The surviving members of the mourning household are Mrs. Peters, formerly Miss A. J. Stewart, daughter of the late Charles Stewart of Rosebank, two sons, James and Gordon, and two daughters, Catherine and Bonnie, all at home. The surviving sisters and brothers are Mrs. Edward Bayfield, and Miss Margaret L. Peters, Hon. Frederick Peters of Victoria, B.C. and Thomas S. Peters of Gagetown, N.B., to whom The Guardian extends sincere sympathy.

TORONTO REDUCING LICENSES.

In no part of Canada is the liquor interest stronger than in Toronto. The great distillers and brewers have long been established there and have gathered millions in profit. The temperance wave might sweep the country districts but could not move Toronto to action. Not that there has not been a strong temperance sentiment in the Ontario capital. Such there was and is but it has been dominated by superior numbers ready to vote at the nod of the liquor men. Now a change has come. It is still a license city, but has wisely concluded that there are too many open bars.

A few years ago when a proposal was made to cut down the number of liquor licenses in Toronto it was referred to popular vote and a large majority was recorded in opposition. Now the word comes that the city council of Toronto, by a vote of fifteen to eight—almost a two-thirds vote—has passed a bylaw reducing the number of licenses from 144 to 110. Thirty four licenses cut off! That is a big gain. And it was high time, for last year the arrests for drunkenness in "Toronto the Good" numbered over 8,000 or 22 a day throughout the twelve months. This regiment of reeling drunkards was the harvest of the barrooms. This year there will be a quarter less of these drunkard making dens in Toronto.

TO CHECK CORRUPTION.

We are glad to notice the effort being made in Sackville to take measures for organised work against political corruption. It is timely, from the fact that a provincial election campaign is now in progress in New Brunswick while the Dominion elections are also nearly due. We are in a like position in Prince Edward Island, as both the provincial and federal elections are near at hand. Is it not time that the Christian and moral forces of this Province were set in motion and being made effective by organization to a like end?

It is worth while to read over again the resolution outlined in our Sackville despatch of yesterday:

"That political corruption is notoriously prevalent in Canada.

"That it destroys any strong sense of political responsibility.

"Defrauds independent voters of their political rights;

"Puts a stain upon honors won in political life and an injurious burden upon candidates;

"That it leads to the rake-off, the evil use of political patronage and graft;

"That it tends to intimidation and to increase the use of liquor;

"And because of these and other things a practical step should at once be taken to enforce the laws against corruption."

The resolution rings true in every sentence; it is strong only because it is so painfully true. The facts are not over-stated in any particular or in general. The resolution is worthy of the University town across the Straits. The movement to organize the Christian and moral elements against corruption so well begun ought to grow and spread till every county and city shall have its organization against this giant evil. Such action would be productive of incalculable good and would greatly aid in elevating the tone of public life in Canada. The only reason why such a movement was not long ago in working has been because the friends of electoral purity have not been in earnest. It is high time now to wake up.

Bad Palpitation of The Heart

EVER SINCE SHE WAS NINE YEARS OLD,

MILBURN'S HEART AND NERVE PILLS EFFECTED A COMPLETE CURE.

If you find your health failing, your food apparently doing you no good, your heart beating irregularly—now slow, now fast—skipping a beat now and then, palpitations or throbbings on the slightest excitement or exertion, pain in the region of the heart, face pale, dizzy and faint spells, these all point to heart weakness, to nerve derangement, to a state of health consequent upon these, which, if not corrected and cured by Milburn's Heart and Nerve Pills, will surely end in utter prostration and hopeless invalidism.

From the depths many have been raised by this remarkable remedy, as its power is beyond all question most marvellous; but, why wait until you have gone so far? Taking these pills now will turn you from the perilous path of sickness and put you on the highway to health.

Miss Mary Wilson, Toronto, Ont., writes: "It is with the greatest of pleasure that I recommend Millburn's Heart and Nerve Pills. Ever since I was nine years of age I have been afflicted with palpitation of the heart, pain in my side and nervousness. As I grew older it kept increasing. After having tried numerous doctors medicines, but to no avail, I was induced to try your pills, and after using several boxes I began to improve, so kept on taking them for some time until now I can truthfully say I am in perfect health."

Milburn's Heart and Nerve Pills are 50 cts. per box or three for $1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

The recent theatre tragedies has caused the Montreal civic authorities to make an inspection of the moving-picture halls in that City. The inspector reported them all safe, the regulations as to extra exits and other precautions having been complied with. Among the extra precautions is this that "in all cases the little room where the picture machine is installed had an asbestos and tin lining." Thus Montreal guards the safety of its citizens. Too much care and precaution cannot be exercised in these matters.
