

# Looking 'Em Over

BY TEC

**MEETING POSTPONED**  
The annual meeting of the Charlottetown Baseball League which was scheduled for last evening was postponed until next Tuesday night at 8 o'clock in the Bvere Hotel. It seems to be the consensus of opinion that three teams would be ample for the league this season. It is understood that the Rovers and Stars are intact and that an effort will be made to amalgamate the west end ball tossers with the C. N. E. Recreation Club, the team to be known by the latter name.

It is hoped that a large attendance will feature the next meeting at which a constitution will be drawn up and a schedule of games arranged.

**PROUD OF THEIR TOKENS**  
The Levin Fur Company Juniors are more than proud of their souvenirs, a beautiful fountain pen and pencil, and suitably engraved. This presentation was made at Wednesday night's banquet at the Queen Hotel.

**BASKETBALL**  
Tonight is hoop night at the "Y." The Moncton ladies are scheduled to clash with the fast Abegweit Sisters and the Spartans, last year's City League champions, will meet the Y. M. C. A. cagers. Both games are ear marked as herculean tilts.

## Excellent Sea Film At Capitol

"The Ship From Shanghai," Metro-Goldwyn-Mayer's adaptation of Dale Collins' novel, "Ordeal," now on view at the Capitol Theatre, leaves the well-beaten track of film romance to depict the story of a group of people at sea who are driven to desperation as a result of a mutiny by the ship's crew and an impending water famine.

This picture could stand alone on the novelty of its plot, few film producers having had the courage to venture into the realms of a scenario 90 per cent of whose setting is laid on the high seas. Metro-Goldwyn-Mayer, however, saw the immense possibilities of just such a story.

The ocean spectacles of this picture are worth going miles to see. The sight on which the action takes place is shown out of sight of land first during a calm in which the vessel is mirrored on the glass-like surface of the enormous expanse of water and later during a typhoon when the ship is tossed about in the turmoil of wind and waves. As the huge rollers sweep over the decks, breaking away masts and rigging, one wonders at the ingenuity of the camera technicians in photographing the spectacle.

A large cast of equally competent players helps put the unusual story across. Louis Wolheim, as the half-mad steward who gains control of the ship, gives a brilliant performance. Others in the cast in prominent roles are Conrad Nagel, Kay Johnson, Carmel Myers, Holmes Herbert, Zeffie Tilbury, Ivan Linow and Pat Moriarty.

"The Ship From Shanghai" is probably the most colorful tale of the sea ever filmed and has been acted and photographed with such a degree of realism that this scribe walked out the Capitol Theatre with the smell of salt water in his nostrils.

## ALASKA ATTRACTING MORE TOURISTS EACH YEAR

WASHINGTON, April 23—The territory of Alaska annually grows larger and larger as an objective for the American tourists, states the Department of Interior with over 35,000 visitors registering in Southeastern Alaska last year.

Most of the cities along the Pacific Coast are sponsoring excursions to Alaska, and consequently miss the most beautiful spots.

Mount McKinley National Park, with the highest mountain in North America, in its confines, is highly recommended by the department as a rival of anything the Alps has to offer.

## JAPANESE TO RACE 474 MILES IN ANNUAL MARATHON

TOKIO, April 23—Japan's greatest marathon race, 474 miles run from Aomori to Tokio, will start May 6 when 10 regular contestants take off from Aomori on the long grind.

The course is divided into 12 sections and contestants must cover one section each day, or be disqualified.

The race is sponsored by the Shoten kai, or Health Promotion Society, with the support of Japan's greatest newspaper, the Osaka Mainichi.

This will be the third running of the race which previously was held over a 200 mile course between Tokio and Osaka.

## A good crowd is expected to witness the games.

### LEWIS ISSUES DEFI

TO JIM LONDOS  
Ed ("Strangler") Lewis, champion heavyweight wrestler of the world for the fourth time, issued the following statement, one that needs no elaboration, after defeating Don George:

There's a world of satisfaction in feeling that at more than forty years of age I am better than ever before, and that means when I first won the title from Joe Stecher, then from Stanislaus Zbyszko, and again from Stecher.

I am ready to meet any grappler in the world, and that includes Jimmy Londos especially. I will smoke out, and if he will venture into the ring with me I'll beat him as decisively as the fourteen previous times that I proved my superiority over him.

Guess that I proved that my legs haven't gone back on me. George gave me some punishing twistors early in the going, but the under-pinnings stood up under the test, and carried me through.

My headlocks are as powerful as ever, and when I got them unlimbered I knew that sooner or later Don would have to give way.

I'm planning on going on the road in the near future, ready for all comers, and guess that I've had enough experience to carry me through for a long while yet.

## TENNIS AT WIMBLEDON BUILDS UP HUGE RESERVE

LONDON, April 23—Profits from the 1920 Wimbledon lawn tennis championship totalled over \$185,000, an increase of \$45,000 over the 1920 profits.

The big increase was apparently entirely due to the 11 per cent raise in the price of reserved seats at the last championship tournament.

Of the total profits the Lawn Tennis Association takes \$70,000. A proposal to do with the huge reserve of capital it has built up out of the Wimbledon meetings and whether it is necessary for the increased price of seats to be continued in these less prosperous times, when the lower to carry out all the past improvements to the Wimbledon courts.

## PULMONARY DISEASE TAKE HEAVY JAP TOLL

TOKIO, April 23—Pulmonary disease, which always take a heavy toll in Tokio during the winter, were especially fatal during March, largely because of variable weather, according to statistics. More than 1,000 died of influenza and similar diseases.

Deaths during a single week early in March numbered 651 in the Metropolitan police area, excluding two districts. The number of persons ill on a single day, March 14 was reported at more than 500,000.

## CASCUMPEC AND VICINITY

Miss Ruth Rayner, nurse-in-training at the P. E. Island Hospital, and her sister, Mrs. Albert Huestis, of Summerside, are spending some time in Cascumpec, having been called home by the illness of their father, Mr. Robert Rayner. Many friends throughout the Province join in wishing Mr. Rayner a speedy recovery.

Mr. Lester Wallace spent a couple of days in Charlottetown last week.

Mr. Raeford Locke, of Halliburton, was a recent guest at the home of his sister, Mrs. Gilbert Bridges.

Miss Annie MacLellan, of Boston, and her brother, Mr. Ralph MacLellan, of West Cape, recently visited their sister, Mrs. Brenton Hudson.

As Mill River Bridge is now undergoing extensive repairs, that portion of the road is closed to all traffic. Residents of this vicinity, when traveling to Alberton and Tignish, are obliged to detour by way of Bloomfield.

Mr. Hector Martin, mail courier on this route, reports that he has encountered worse road conditions this winter and spring than at any other time during the past eight years. Although many of the roads are dried up, there are still a few banks which we fear will prove a barrier to cars for another week.—C.

## 46TH RECITAL BEING GIVEN

HC, YOKE, Mass., April 22—(U.P.)—Dr. William Churchill Hammond, organist at the Second Congregational church here, is giving a series of Lenten recitals for the 46th successive year.

When Henry Osmond, aged 75, was found near Eastbourne, England, after he had lost his way and wandered two days and nights, his old Air-dale dog, though hungry and exhausted, was still by his side.

# A SUCCESSFUL PROVINCIAL INDUSTRY

## The Central Creameries Ltd., Have Completed Ten Years of Profitable and Progressive Enterprise in Charlottetown, Summerside and Souris.

A record of strict business integrity, of fair treatment of customers and patrons, and of rapid and steady growth is that of the Central Creameries Limited which today celebrates the tenth anniversary of its industrial life. Beginning business in a small way on April 24, 1921, and for a time confining their activities to the manufacture of ice cream, the Central Creameries Ltd. are operating three large creameries, and a buying station, the Central Creameries, Charlottetown, the Perfection Dairy, Summerside, the Souris Creamery, Souris and the St. George's buying station in Kings County.

During 1920 the company paid \$145,000 to the farmers of this Province for cream and milk, used for the manufacture of the various products.

In the Charlottetown plant Perfection brand butter and ice cream is manufactured while in Summerside in addition to manufacturing butter and ice cream the plant distributes pasteurized milk. In Souris manufacturing activities are confined to Perfection butter.

The manufactured products are distributed to all parts of the Island by rail, boat, and truck. A large quantity of both ice cream and butter is shipped to the Magdalene Islands.

The ice cream trade is expanding rapidly. The fact that ice cream is no longer looked upon as a luxury, but as a valuable food, and that this Province is increasing in popularity as a summer resort are the chief causes of this expansion. There are no markets as good as the home market.

Both Charlottetown and Summerside plants are equipped with mechanical cold storage, a necessity for the proper care of dairy products. A unique feature of the Summerside plant is the recording thermometer which registers on a chart the temperature of milk as received, the temperature of the milk as pasteurized, the length of time the milk is held at pasteurizing temperature. These charts are examined frequently by the health officers, and constitute a safeguard for citizens of Summerside, who may examine the charts at any time.

For the occasion of the anniversary the Central Creameries have on sale from April 22 till May 9 a special Perfection Ice Cream brick known as the "Mystery Brick."

In connection with the sale of the Mystery Brick a contest is to be held, the object of which is the guessing of the three flavors, five fruits, and two varieties of nuts in the brick.

The president of the Central Creameries Limited is Mr. W. A. Miller, Charlottetown who has been connected with the dairy business for many years, and who became well known as a prominent breeder of Ayrshire cattle. He is also a very successful fox rancher.

Mr. J. P. Simmonds, secretary and managing director of the Company began as an apprentice at the Dunstaffnage Cream and Butter Factory in 1902 under Mr. L. A. Gibson, who is now Dairy Commissioner of Manitoba. Mr. Simmonds has been engaged in the dairy business all his life.

The Central Creameries, under the same competent management auspiciously begins its second decade of life with the confident assurance of continued development.

## SCHOOL BOYS USING NARCOTICS

EL PASO, Tex., April 23—Boys of school age are found to be narcotic users and are responsible for almost half the thefts and burglaries in El Paso, according to Detective Capt. W. C. Woolverton.

## VIRGINIA'S OLDEST OFFICER

RICHMOND, Va., April 23—Sergeant Patrick Boisseau of the Richmond police force claims to be Virginia's oldest office holder. He is 81 and is entering his 61st consecutive year of public service in Richmond. He was sheriff at Danville during the race riot there in the early nineties. Once, almost single-handed, he turned back a mob seeking to attack the jail to secure a negro prisoner.

## ALBERTON

Mrs. H. H. Burton and Mrs. Gordon Hardy, of Alberton, were joint hostesses of a charmingly arranged bridge and tea on Saturday of last week. There were five tables in play. The highest points of the game were won by Mrs. Robert Dunn and Mrs. H. J. Larkin. The hostesses were assisted in serving by Mrs. L. R. Willet and Mrs. J. F. White.

## ALBERTON

On Saturday of this week, Mrs. L. R. Willet entertained a large number of friends at a delightful afternoon bridge. First prize was won by Mrs. Jas. Hodgson, second by Mrs. H. J. Larkin. During the coffee hour, Mrs. E. McKendrick and Janette Larkin assisted the hostess in serving.

## ALBERTON

The weekly Bridge Club met on Wednesday night of last week with Mrs. J. A. Gordon and Mrs. Allison Leavitt as joint hostesses at the former's home. There were three tables in play. The highest points were won by Miss Helen Oulton and Dr. Kennedy. During the evening, a dainty luncheon was served by the hostesses.—A.

## Sent Up To Supreme Court

(Special to the Guardian)

SUMMERSIDE, April 23—The preliminary hearing of Frank Richards occupied the attention of Summerside court all day yesterday when he was committed for trial at the next Supreme Court on three separate charges of theft.

The case of the robbery at George Shelton's store was resumed before Messrs. T. D. Carruthers and H. J. Massy and the prisoner sent up to the Supreme Court on the two charges of breaking and entering Mr. Shelton's store on the nights of January 3rd and 16th and stealing goods to the value of \$160. He was then arraigned on a further charge of breaking and entering the store of Mrs. Ethel M. Sudsbury of Tignish and stealing goods to the value of \$35. This was heard by Messrs. John E. Campbell and Carruthers, J. P.'s. Mrs. Sudsbury testified to finding her store broken into following the night of February 2nd. The accomplice of prisoner gave evidence similar to that given in the previous cases, that they had entered the store and taken certain goods and carried them in a bag to the same shoe making shop and divided the loot. After hearing the evidence the magistrate committed prisoner on this charge also. A further charge of the same nature was preferred against the prisoner for breaking and entering the store of J. P. Myricks Co. Ltd., one of the largest merchandise houses in the west of the province on the night of February sixth. Certain evidence of the employees was taken and on motion of counsel for the prosecution the case was postponed until April 25th to procure the attendance of some important witnesses to prove the identity of certain goods alleged to have been stolen. ## Adventure And Romance Blaze "The Big Trail"

The screen at the Prince Edward Theatre yesterday was a kaleidoscope of widely varying but always absorbing hues. Now it was filled with the vivid dyes of robust, exciting action, now with deep colors of the interplay of intimate human emotions, often with sweeping canvases of spectacular natural beauty.

Such is the composition of Raoul Walsh's Fox Movietone drama of pioneer days, "The Big Trail." Every foot of film bespeaks the fact that no expense has been spared on the production. It is made on an impressive scale and directed with brilliant, hard hitting, suspenseful forthrightness. As entertainment it is unsurpassed.

The picture opens with the start of a pioneer wagon train westward and recreates a series of stirring episodes, including the fording of the turbulent Snake River in Wyoming, bogging down of the train in a desert mudhole, a battle in which hundreds of real Indians participate, a buffalo stampede and the lowering of wagons, equipment and humans down the side of a precipitous cliff.

A compelling love story runs throughout the film and serves to establish Marguerite Churchill as an actress of the first magnitude. It also introduces a talented newcomer to the screen in the person of John Wayne. Both of these youngsters turned in finished performances. Tyrone Power's menacing bull which he likewise will be hard to forget. Other memorable characterizations were enacted by Tully Marshall, David Rolins and El Brendel.

## BILLS

(Continued from page 1)

On motion of Mr. Campbell the House went into committee with Mr. Mustard in the chair on an Act to amend an act to incorporate the Montague Electric Company. The bill was agreed to.

On motion of Mr. Allen the House went into committee with Mr. Arsenault on an act to amend the Summerside Incorporation Act, 1923.

The amendment empowers the Town Council of Summerside to borrow a further sum not exceeding \$30,000 for the purpose of constructing permanent streets in addition to any amount already authorized for that purpose, and to issue debentures for the amount.

A sub section to the amendment empowers the police officers of the town to enter by day or night into any house, apartment, room or rooms where it is known or suspected that prostitution or other immoral conduct is carried on, and to arrest all parties found therein in breach of the by-law.

The bill was agreed to without amendment.

On motion of Mr. MacLean, the House went into committee, with Dr. MacDonald in the chair. On second reading of an act to incorporate the Fortune Hall Company. The bill was agreed to without amendment.

On motion of Dr. MacMillan, the House in committee resumed second reading of the Act consolidating the statutes of the City of Charlottetown, Mr. MacLean in the chair.

Hon. Mr. LePage asked if there was any provision whereby the assessment roll should be open to the public. A man has a perfect right, he said, to know what taxes his neighbor is paying. Also, he said citizens were not satisfied with the Appeal Board. It should be composed of three independent men, not employees of the city.

At 1 p. m. the House took recess until 3 p. m.

## AFTERNOON SESSION

Third reading was given to an Act to Amend an Act to Incorporate the Prince Edward Island Potato Growers Association; an Act authorizing the issue of debentures for the City of Charlottetown; an Act to amend the County Courts Amendment Act 1878, and Acts in amendment thereof.

The House resumed committee reading of the Act to consolidate the statutes of the City of Charlottetown with Mr. MacLean in the chair.

Hon. Mr. LePage thought there should be some tax levied to lighten the tax on the business and residential sections of the city. The present system, he claimed, was antiquated and inequitable. The speaker complained that he had to pay what amounted to an exorbitant income tax to the city in addition to his income taxes to the Province and the Dominion.

Hon. Mr. Wright thought each individual should be obliged to pay either on his income or personal property.

Mr. Arsenault thought this was a matter for the City Council to deal with. If a couple of members of the Legislature are dissatisfied with their civic taxes, why should they not go to the City Council.

Mr. Allen took the stand that the Legislature had a right to deal with the matter.

Mr. MacPhee supported Mr. LePage. He thought there was a very unfair system of taxation in Charlottetown.

Mr. Mustard said the House had spent a good deal of time discussing this matter and the House was no further ahead. He would like to hear some suggestion as to how the members were to get back to their homes within a reasonable time.

Mr. Dennis thought the matter was for the City Council to deal with. If the citizens of Charlottetown are dissatisfied they can get a new Council. The rural members have business to transact at home and there should be some consideration shown for the rights of out of town members.

Hon. Mr. Wright thought it was necessary that the House be satisfied that it was passing legislation in accord with the wishes of the majority of the citizens.

before the House took recess at 6 p. m.

The budget debate was resumed by Hon. B. W. LePage at the evening session. After speaking for two hours, Mr. LePage, at 10.15 p.m., adjourned the debate. The House then adjourned until 10 o'clock this morning.

## GEORGETOWN AND VICINITY

The first fresh herring of the season was caught by John C. Goteil on April 20th. Since then the fishermen have been having from a half barrel to a barrel to a fleet of nets.

Mrs. Webster McNeil and son Bobbie and daughter Helen, of Georgetown, are visiting friends in New Perth.

A most enjoyable dance was held in the Town Hall, Georgetown, on Monday, April 20th. The orchestra, under the direction of Messrs. Emmet Batchelder, George and Philip Boudreau, Walter Walker and Albert Rafuse, was very much enjoyed. The dances consisted of lancers, fox trots, two steps, one steps, waltzes, and gavottes. The dance closed at twelve o'clock, everybody being well pleased with the time.

The Schr. Millie B., arrived from Grand River and is carrying potatoes to the steamer at Georgetown.

The Georgetown-Lower Montague ferry boat and also the Newport ferry boat, are kept busy being loaded every time with potatoes.

Mr. Jack Steele, New Port, recently visited Georgetown.

Mr. William MacLean, De Gros Marsh, recently visited in Georgetown.

Mrs. William Burke and family, Georgetown, left recently for Broughton Island.

Misses Genevieve and Mary McCormac, Broughton Island, recently visited Georgetown.

Mr. Robert Ford, Rustico, is visiting in Georgetown, the guest of his sister-in-law, Mrs. Henry Sampson.

Mrs. James Boudreau, who has been visiting in Newport, returned to her home in Georgetown.

Mr. Joseph Kiggins, teacher at Sturgeon, spent the week end at his home in Georgetown.

Miss Fitzpatrick, Woodville, is visiting friends in Georgetown.

The many friends of Miss Myrtle Prosper, daughter of Mr. and Mrs. William Prosper, Georgetown, are sorry to hear she has had an operation for appendicitis. All hope for a speedy recovery.

Miss Agnes Fay, Newport, recently visited Georgetown.

Miss Martha McGuigan, Montague, recently visited Georgetown.

Mr. and Mrs. Charles Laundry, who have been spending the winter in Halifax, N.S., returned to their home in Georgetown.—A.

Mr. William Henderson has returned to Charlottetown, after having spent the winter with his nephew, Mr. Sinclair Sutherland, Ottawa.

## HUNTER RIVER AND VICINITY

Many of the farmers have completed the grading of their potatoes and are now in the woods, cutting wood. This wood, other years, was cut and hauled during the winter, but due to the depth of snow, were unable to enter the woods until this late date.

Mrs. Pope May, Hazelbrook, is visiting friends in Hunter River.

Mr. Henry Tuentner, Wheatley River, who, a year ago was an immigrant from Holland, left for Ontario last Thursday. Mr. Tuentner is considering buying a farm in Eastern Canada. His objective is to look over the advantages of Ontario, compared to that of our Island Province. We firmly believe we will see Mr. Tuentner return and purchase one of our Island farms.

Among those who are enjoying the spring weather along the banks of the streams in this section were Messrs. Spurgeon Moore and Douglas Waye, Greenvale. They returned to their homes with about four dozen lovely large speckled beauties.

Mr. MacLeod, North Wiltshire, was the guest of Mr. Howard Waye, Wheatley River, on Sunday last.

Miss Beatrice Matheson has resigned her position as saleslady for Mr. Raymond Crews, Brookfield, and returned to her home in Greenvale.

Mr. John Gibson, Wheatley River, has returned to his home, after spending several days in Charlottetown, the guest of Messrs. Bert and Joseph Paquet.

Miss Florence MacDonald, student at Notre Dame convent, Rustico, was a week end guest at her home in Wheatley River.

Mr. John Mobbs, Brookfield, was a Sunday guest of Mr. Nelson Moore, Greenvale.

Miss Florence Paul, Brookfield, has accepted the position of saleslady in Raymond Crews general store.

Miss Ruby Stead, teacher of Brackley Point, spent the weekend at her home in Wheatley River.

Mr. Ashdown Andrews, Ebenezer, spent Sunday in Wheatley River, the guest of Mr. and Mrs. Richard Stead, Wheatley River.

Miss Cora Matheson, R.N., has returned to her home in Wheatley, after specialing at the home of Mr. Charles Houston, Rustico.

The many friends of Mr. Charles Houston, Rustico, are sorry to learn of his recent illness.

Miss Catherine Waye, Greenvale, spent Sunday with her grandparents, Mr. and Mrs. Robert Wares, Wheatley River, accompanied home by her uncle, Mr. James Wares.

The schools in this community are progressing well, under their capable teachers.

Mrs. Clifford Carew's many friends will be glad to know she is able to be out again, after her recent illness.

Mr. T. D. Ling has recently returned to Wheatley River, after spending several weeks in the Provincial Capital.

Hooking has been all the rage this season. Some very beautiful rugs were created, but one which has caused unusual interest is a very realistic picture of a fox just ready to leap into the bush away from danger. The fox was hooked in deep glossy black with touches of silver grey on top and a very large beautiful white tip makes the fox complete. The scene was in the fall of the year, when the maple tree, which is hooked just behind the tail of the fox in deep blue grey, is devoid of leaves. Another pretty dark brown stump is hooked in the foreground, which blends so nicely with the sand shade to represent the ground. The drawing and hooking were both done by the same parties. This beautiful mat will be exhibited at the Provincial Exhibition this August.

Congratulations are extended to Mr. and Mrs. Raymond Crews, Brookfield, on the arrival of a big bouncing laddie.

Mr. Gordon Houston, Ebenezer, is spending some time with his father, Mr. Charles Houston, Rustico, who is confined to his home through illness.

Miss Ethel McDonald, Wheatley, is spending several days visiting her sister, Mrs. Gordon Houston, Ebenezer.

Mr. Allan MacDonald, Wheatley, was a recent visitor at the home of his son and daughter, Mr. Nelson MacDonald and Mrs. Horace Ling, Wheatley River.

Mr. Norman MacRae, Wheatley River, who recently underwent an operation for appendicitis in the Prince Edward Island Hospital, has made a complete recovery and is now the guest of Mr. and Mrs. William Carew, Hunter River.

The regular meeting of Ebenezer Junior Red Cross "Just Kids" met in the school house on April 17th, with a large attendance of members present.—L.

## BRITISH SCHOOLS TAKING UP RUGBY FOOTBALL

LONDON, April 20—(U.P.)—Large numbers of boys schools are deserting soccer football and turning to Rugby. Better fixtures and prospects to play after leaving school are given as leading reasons.

Wellingborough, for many years one of the strongholds of association football, is taking up Rugby this term. One of the chief arguments advanced in its favor is that 30 boys can be accommodated on one field instead of 22. Many schools during recent years have been forced to scratch their soccer engagements because of cup-ties and league matches.

Motorist: "It's preposterous. I am an expert driver. What I know about driving would fill a book."

Constable: "And what you don't know would fill a hospital. Give me your name and address."

Miss May Paul, saleslady for the firm of P. J. Noy & Co., Hunter River, was a visitor at her home in Brookfield on Sunday last.
