TO THE PUBLIC

The 1946 season promises to be the biggest one for tourists ever experienced on the Island. Our requests for accommodation far surpass the amount of accommodation available. As the tourist trade can be our biggest source of income on the Island we feel we must have good accommodation for our visitors. To do this we need your cooperation and are therefore asking every Islander who can accommodate visitors to advise immediately.

P. E. Island Hospital Ladies Aid Reports

Following is the annual report of the Ladies Aid of the Prince Edward Island Hospital for 1946-47 submitted at the recent annual meeting by the president, Mrs. Noel DeBole.

With the swift passage of time we come again to the end of another year, and it is my duty and privilege at this our Annual Meeting to present to you a summary of our work.

This has been an unusually busy year, as you will realize when you hear the reports of the various committees. Every work which we have done has been done with a sponsor is an important one, and when carried out by capable and efficient organizers constitutes the success of our Aid.

Eight regular meetings were held, besides the Annual Meeting, at the Cundall Home during the year, with an average attendance of twenty-three. There were also several meetings of the Executive with the Ways and Means Committee. At these the enthusiastic members of our Sewing Committee presented around sheets and pillow cases for the members to turn the hems and afterwards take home to stitch—in this way a lot of sewing was accomplished. When the business was transacted a cup of tea was served, and a social half hour spent.

The first important phase of our work was the League of Mercy display and tea held at the Cundall Home on May 22nd. Any person who has not attended this wonderful showing of useful gifts for the Hospital I beg of you to come this year. Under the able direction of Mrs. W. E. Cotton and Mrs. Letha Wright this League has grown each year, till now we have hundreds of useful articles from spoils of thread to beautiful blankets and bedspreads given voluntarily by friends, which show of the interest taken by outsiders. We thank Mrs. Cotton and Mrs. Wright for its success and for their untiring work in this connection.

In June the Maritime Hospital Association held their meetings in Charlottetown. Three Vice Presidents, Mrs. J. W. McKenzie, and President attended. They were most interesting and inspiring. The different delegates told of the work their Hospital Aids did, and each of us learned new ways of making money—such as the Calendar Cards which we adopted last fall. Mrs. Stewart Jones and Mrs. George Hardie were Conventions, assisted by the Vice Presidents of the different churches. Five hundred Calendar Cards were printed, and more than four hundred were distributed throughout the city. These will be collected this December and we hope to realize about one thousand dollars (\$1,000.00) by this new system.

During the year a new Hospital was opened in Souris and a donation of linen was sent from our Aid. We wish this Hospital every success in the years to come. As New Years and Christmas the Ladies Aid supplied turkey dinners for the Staff and patients, and special decorations for the patients' trays and nurses' tables were supplied. This was attended to by two of our faithful and energetic

and Mrs. Earl Baker. I would like to thank, also, Mrs. Jack McNair and Miss Jennie Turner for the artistic decorations which they made for the Christmas breakfast trays. This was very much appreciated by the Aid.

At our January meeting as our funds were very low, we decided to ask each member to be responsible for raising one dollar (\$1.00) by means of a table of bridge or small tea. We thank Mrs. Benjamin Rogers, Jr. and Mrs. Roy Quigley who were Conventions. The nice sum of one hundred and thirty-two (\$132.00) dollars were added to our bank account.

On the 4th and 5th of February we sponsored a picture called "Bed-side Manner." Our thanks are due to Mr. George Tweedy who finally procured this picture for us. All our members and many others worked very hard over the sale of the picture. The help of the capable leadership of Mrs. Robert Holman with the help of the ladies of all the Protestant Churches in the city. Then a house canvass was organized under the capable direction of Mrs. Earl Baker, and the sum of eighteen hundred dollars (\$1,800.00) was handed over to the Campaign Chairman.

Our last project was Tag Day, held on Easter Saturday. Our energetic collectors were out from 8:00 a. m. till 9:00 p. m. and the large amount of six hundred and seventy-seven dollars (\$677.47) was collected.

Our annual collection which usually takes place in October was postponed on account of the Hospital Campaign which was held in March. We served supper for all the Campaign canvassers three nights in Zion Hall, assisted by the ladies of all the Protestant Churches in the city. Then a house canvass was organized under the capable direction of Mrs. Earl Baker, and the sum of eighteen hundred dollars (\$1,800.00) was handed over to the Campaign Chairman.

Our last project was Tag Day, held on Easter Saturday. Our energetic collectors were out from 8:00 a. m. till 9:00 p. m. and the large amount of six hundred and seventy-seven dollars (\$677.47) was collected.

was put to our credit in the bank. Our thanks go to Mrs. George Buntain and members of the Ways and Means Committee who worked so hard to make this a success.

The President and Mrs. W. E. Cotton were appointed representatives on the Trustee Board and sat in at their monthly meetings regularly. Much information and advice were derived from attending these meetings and we wish to thank the members of the Board for kind consideration and good advice given to us.

To Mrs. Bruce, housekeeper at the Hospital, and Mrs. Vanbuskirk at the Cundall Home, we are deeply indebted for their many kindnesses and helpful co-operation. As usual, at our last meeting arrangements were made for the Nurses' Graduation on May 14th. To these Graduate Nurses, we extend our best wishes for success in their chosen profession.

This spring a Junior Aid was organized under the direction of Mrs. J. P. Lantz, with Mrs. Jim Haslam as President. We wish this new Aid every success for 1946. In closing, I would like to mention the names of Mrs. W. E. Cotton and Mrs. Donald Campbell who were untiring in their efforts towards the success of the Hospital. Mrs. Campbell who alone did all the buying this year, deserves no end of credit—you will see by her report how busy she has been and what an efficient purchaser and enthusiastic worker she is. Mrs. Donald Campbell who has been in charge of the Sewing Committee kept this work functioning all year. She held two large sewings at the Cundall Home, electric machines were secured and between thirty and forty members attended. Considerable work was accomplished at these sewings.

I think mention should be made of Mrs. Hattie Smith who has been in office five years—in fact, we just couldn't get along without her and we congratulate her on the systematic way of looking after our accounts. Mrs. Avard, our Secretary, has been most efficient and faithful, and whenever called upon has been most willing and cheerful to perform her duties. Last, but not least, the Ways and Means Committee, who have stood by all our projects and made them so successful. This report shows what a body of good workers can do when they all work together in unity and harmony.

In conclusion, I wish to extend my thanks to all who have helped in any way and to all members for courtesies during the year. In keeping up our charitable work we feel we are doing our part to bear aloft the standard and high ideals of the Prince Edward Island Hospital. We trust more ladies will interest themselves, and may the year ahead find expression in these words: "Let us not be weary in well doing, for we shall reap if we faint not."

Respectfully submitted
GERDA C. DEBOLE, President,
FANNIE AVARD, Secretary.

Sewing Committee
In presenting my annual report for the Sewing Committee of the Ladies Aid of the Prince Edward Island Hospital, I wish to thank all the members for their kindness in either coming to the Cundall Home to sew, or taking sewing to their homes. Without their willing co-operation nothing could be accomplished. I also wish to thank Mrs. H. D. Quigley, Mrs. W. E. Cotton and Mrs. W. T. Rogers for supervising the distribution of sheets and pillow cases at the monthly meetings. We held two very successful "sewings" at the Cundall Home during the past year—one on November 26th and the other on February 25th. A great deal of work was accomplished and these sewings, I feel, were well worthwhile. The amount of work accomplished from October 15, 1946 to April 8, 1946 is as follows:
Sheets, 86; Pillowcases, 558.
Your committee is most anxious that all the outstanding sewing be finished and returned as soon as possible.
Respectfully submitted,
EVELYN J. CAMPBELL

The MAGIC TRADE MARK BP MARK

ASPHALT TILE FLOORING

A Pleasure to look at and walk on

Score another triumph for the magic B.P. Trade-Mark . . . colourful B.P. Asphalt Tile Flooring that brings lasting beauty and foot-happiness to dreary, run-down rooms. Fatigue is From the Nerves

Fight Chronic Fatigue By Building Up Nervous Energy

You work hard and are tired—that is one kind of fatigue which is soon relieved by rest. But chronic fatigue—always tired—is an entirely different condition. It comes from exhaustion of the nerves. When you have chronic fatigue you sooner or later become restless, nervous and irritable and simply cannot rest or sleep well. Chronic fatigue may come from overwork, either mental or physical, or from worry and anxieties which consume nervous energy at a tremendous rate. The appetite fails, digestion is upset and you do not get sufficient nutrition to build up nervous energy. The treatment recommended is Dr. Chase's Nerve Food because this medicine contains the food minerals required to help restore nervous energy and vitamin B, which is so helpful to the nerves and helps to improve digestion. That Dr. Chase's Nerve Food has been helpful to many thousands of people during the nervous strain of recent years is best proven by the very marked increase in sales. Business executives and office staffs, factory superintendents and workers, housewives and school children—all classes, benefit by this dependable and time proven food treatment for exhausted nerves and chronic fatigue. Why not take advantage of this medicine from which you may expect such benefits as so many others have obtained? Ask your druggist for the new economy size bottle of Dr. Chase's Nerve Food, 60 cents a box of 60 pills; economy size bottle 180 pills for \$1.50.
