Convention of District Womens Institute

The fifth annual district con- vention of the Eldon, Orwell Cove, Point Prim and Mt. Buchanan Wo- men's Institutes met in Belfast Public Hall on Thursday, Aug. 11th at 3:30 p. m.

The meeting opened with the President, Mrs. T. F. West in the chair by singing the Institute Ode, followed by repeating the Creed in unison, after which Miss Annie Smith of Eldon gave an address of welcome which was responded to by Miss Annie Murchison of Mt. Buch- anan.

The minutes of the 1931 con- vention were read by the Secretary after which the retiring President gave her address.

The following officers were then appointed for the next year: Presi- dent, Miss Annie Murchison, Mt. Buchanan; Secretary, Mrs. Edward Gillis, Eldon.

The resolution committee pre- sented the following resolutions:

Resolved that we endeavour to promote interest in toxoid clinics and try to make the mothers realize how important it is to have children inoculated against diph- theria and smallpox.

That at our monthly meetings we have paper of educational value read.

That we pay more attention in getting the children interested in patriotism and the history of the flag.

That this convention express their regret for the departure of Miss Margaret Martin, a valued Institute member.

Miss MacMillan, Assistant Su- pervisor, gave a very interesting talk on "Institute Work."

This meeting, though largely at- tended, was not as successful as was anticipated by the entertain- ment committee, owing to the heavy rain storm, detaining a number of those taking part in the program. Gillis; solo, Miss Joyce MacDon- ald, (encored); report of Mt. Buch- anan W. I., by Mrs. Percy Buchan- an; reading, Mrs. S. R. West; re- port of Eldon W. Western Car Loadings Again Break Record

For the second time on record and the second week in succession the railway car loadings on the Western Division have exceeded the loadings in the Eastern Division. For the first time this year the total car loadings have exceeded those of the corresponding week last year. For the past eight weeks, with one exception, there has been a more or less steady rise in the car load- ings in Canada.

During the week ending Septem- ber 17 total car loadings amounted to 55,527 cars. This exceeded the total of eight weeks ago by 17,792 and exceeded the total of the cor- responding week of 1931 by 5,300. The holiday on Labor Day affected the comparison but after adjust- ment the index number rose from 70.36 to 78.55.

Practically all the increase was in the Western Division. Grain in the west increased by 10,418 cars, mer- chandise by 854, coal by 236 and forest products by 130. The total, amounting to 29,583 cars, was great- er than for the same week last year by 9,951 cars.

The index number for the West- ern Division passed the 100 mark for the first time in two years, reaching 109.81.

Total car loadings in the Eastern Division amounted to 25,944 cars,
