Three of the charter members were able to attend, Miss Alice Wright, Mrs. Mamie Laughlan and Mrs. Robert Williams. The latter is still a very active member of this institute. On this occasion she read a paper on its history, giving a comprehensive account of the activities of this organization, since it was begun in 1914. Verses, composed 25 years ago, by the late Mrs. John Waugh, concerning the institute, and containing the names of all the members of that time, were read by Mrs. Laughlin. Poetry, entitled "Our Island", also composed by the late Mrs. Waugh, was read by Mrs. Walter Moase. The toast to the King was proposed by Mrs. Arthur Wright, and "To Our Institute", by Mrs. Stewart Moase. Departed members were remembered with a two minute silence. Two invalided charter members, Mrs. N. J. MacNeill and Mrs. Chester Tuplin, were remembered with a dinner, packed and delivered to them. The S. S. Mercator of Stavanger, Norway, arrived at Summerside yesterday morning and is engaged at the Marine Wharf in unloading 3,000 tons of phosphate from Baltimore for the Canada Packers Ltd. fertilizer plant.

She arrived shortly after eight o'clock yesterday morning and the unloading via hoppers to motor trucks began almost at once. The trucks convey the material to the plant.

A crew of 13 have been working on this dredge during the past summer but 10 or so will be laid off for the winter months leaving two or three aboard to maintain equipment.

This dredge earlier in the season dredged a channel at Malpeque for the use of fishermen. Then it moved to Egmont Bay but has not finished the project there and will return in the spring. —S

Meeting Called To Discuss New Rink For S'Side

His Worship, Mayor J. F. Arnett of Summerside, has called a public meeting of citizens to take place at eight o'clock on Friday evening in the High School auditorium to discuss the already much discussed question of a new artificial ice rink and community centre for the Town.

The meeting was called at the request of the citizens' committee which was formed at another citizens' meeting to find ways and means of erecting a new rink in Summerside. A full report of the activities of this committee to date will be given by the committee chairman, Dr. H. E. Clark and other members.

The meeting will then be open for discussion and it is hoped that there will be a large attendance of those interested in providing proper facilities for the young people of the Town. It is hoped also that those who are opposed to its erection by the Town will attend and state the reasons for their opposition. It is hoped that this meeting will be the means of giving the Town Council an idea of the attitude of the citizens on this contentious question.

Since the ways and means committee was formed they met and after considering the matter decided that the rink should be built by the Town. Later at the request of the Mayor, the Recorder, Mr. E. H. Strong, K.C., gave a written opinion as to the power which the Town possesses in the matter of borrowing money to erect the rink and of holding a plebiscite to ascertain the wishes of the ratepayers on the matter. The report appears to be to the effect that the Town does not have the power without permission of the Legislature.

All these matters will be discussed at this meeting after which the Town Council will probably decide what action it will take on the matter.—S.

Former Resident Of Wellington Seriously Injured

Old friends of Lorenzo B. Cosgrove, formerly of Wellington and now living in Boston, will regret to learn that he was seriously injured on November 18th when he attempted to board a moving passenger train near the depot only to fall under the wheels of the last car.

His right foot was amputated about four inches above the ankle. He was immediately rushed to the Burbank Hospital where transfusions were given at once but authorities stated that his life was saved by the quick action of railway workers who applied a tourniquet.

Police said that he had jumped on the car hold on to a hand rail but the trap entrance of the train was closed and the motion of the train swung him around and under the wheels of the last car.

Mr. Cosgrove is a son of the late John T. Cosgrove and a brother of Mrs. (Dr.) Mark Delaney and an uncle of Mr. Carrol Delaney, M.L.A., and Dr. Austin Delaney of Summerside. Last reports received by relatives in Summerside state that his condition is favourable now and hopes for his recovery are good.—S

Summerside Basketball

The Luckless Snappywackers of the Summerside High School Basketball League took their third straight defeat tonight at the R.C.A.F. court, going down before the Knickerbockers by the close score of 20 to 18. They had lost their previous two games by a single point.

The winners were leading 12 to 11 at half time, but at the three-quarter mark the Snappywackers had grabbed a narrow one-point lead, being out in front 15 to 14. The Knickerbockers, after forging ahead in the last quarter made a good job of freezing the ball during the last 35 seconds of play. The shooting was a bit more accurate than in previous games, but the passing was away off, many tosses being intercepted.

Clive MacDonald led the scoring for the winning team, getting 10 points. Maynard Schurman and Des Blacquiere of the Snappywackers each had eight points. The latter's sniping on foul shots was particularly good, Blacquiere sinking four out of five tries.

Line-ups:

Knickerbockers: C. MacDonald 10, B. Lefurgey 6, G. Beer 4, P. Pope, J. Waite, D. Lefurgey, R. Ellis, P. Darby.

Snappywackers: P. Schurman 2, M. Schurman 8, D. Blacquiere 8, L. Cooke, E. Champion, R. Lefurgey, G. Dalton, A. Campbell, N. Walker.

Referees: Jack Murphy and Walt
