TEMPLAR HONORED

Address and Presentation to

MR. F. MESSERVEY.

A Pleasant Evening Spent in Charlottetown Lodge, I. O. G. T.

A large number of Good Templars assembled in the Charlottetown Lodge rooms last evening and a most enjoyable evening was spent. The most interesting part of the proceedings was the good of the order. Rev. D. B. McLeod opened the part of the proceeding with one of his usual characteristic addresses, after which a choice program of readings, recitations and music was well carried out. This part of the programme being ended, C. T. Duchien presented, on behalf of the lodge, Mr. B. F. Messervey, P. C. T., who is about leaving the city, with the following addresses prefaced by a few complimentary remarks.

To Mr. B. F. MESSERVEY, Past Chief Templar, Charlottetown Lodge, No. 68 Independent Order of Good Templars.

DEAR BROTHER:—Having learned that it is your intention to remove from our city, we embrace this opportunity of conveying to you our regret that we are to lose your valuable assistance, counsel, and sympathy in our work. We regret this the more at this particular time, when the cause of temperance in this community so much needs the active co-operation of every Good Templar. We also wish to express our appreciation of your services in behalf of this Lodge during your membership therein.

Since your connection with the Lodge you have always evinced the deepest interest in its welfare, having filled with special acceptance several of the offices.

Your painstaking efforts in furthering the educational work undertaken by us will long be remembered, and the strenuous efforts put forth to inaugurate and carry out plans for making our meetings interesting, will make your place a hard one to be refilled.

Wherever your future may be spent rest assured that you will be followed by our best wishes; and in saying farewell we wish you to accept the accompanying gift as an expression of the good will felt for you by the sisters and brothers of Charlottetown Lodge, No. 68.

Signed on behalf of the Lodge, In Faith, Hope and Charity, E. H. LUCHEMIN, C. T., Charlottetown, P. E. I., June 1, 1899.

P. E. ISLAND HOSPITAL.

Generous Offer of Dr. Taylor at the Meeting Last Night.

A number of prominent citizens met in the Y. M. C. A. Parlor last night to discuss the best method of obtaining a sufficient amount of money to complete and thoroughly equip the new P. E. Island Hospital. Charles Palmer, Esq., occupied the chair and explained to the meeting that a sum of about \$5,000, in addition to the amount already subscribed, will be required to provide for heating and ventilating apparatus, plumbing, &c.

Dr. Taylor thought it would be necessary for those who had already subscribed to increase the amount of their subscriptions and stated that he would give \$500 additional (payable next year) provided the whole amount required namely \$5,000 would be secured. As Dr. Taylor has already paid \$1,000 to the building fund his munificent offer was loudly applauded.

H. J. Cundall, Esq., thought it would be well to get as many persons to subscribe as possible in order to enlist the sympathies of a large number of people in the work of the Institution. He would be willing to increase his subscription, however, if a sufficient amount could not be obtained from those who have not already subscribed.

Geo. Hughes Esq. thought something should be done to enlist the sympathies of the physicians through the country by allowing them to come to the Hospital to perform operations on their patients.

Dr. Taylor said there were many eminent physicians through the country, but in addition to ability it required practice to become expert in performing surgical operations, and the professional men outside the city had not as good an opportunity for practice as the city doctors. Besides that, the medical staff of the Hospital attended the poor patients free of charge and were entitled to reap some few benefits from the paying patients. He would like that something should be done if possible to enlist the sympathies of the country practitioners, but there were difficulties in the way.

C. C. Gardiner, Esq. thought people through the country who required surgical skill would come where they could get the best, irrespective of the wishes of their local physician.

It was decided that Charles Palmer, Esq., Judge Fitzgerald and L. L. Beer be a committee to canvass Summerside, and further arrangements would be made to visit wealthy men in other sections of the country.

SUDDEN DEATH.

Miss McDonald Dies After a Few Days Illness.

Miss McDONALD, youngest daughter of the late Allan McDonald, Montague, died yesterday very unexpectedly at the early age of 19 years. She was ill only a few days; pneumonia being the immediate cause of her death. Great sympathy is felt for her mother, who is a widow and who is the well known proprietress of the McDonald Hotel, Montague. Miss McDonald was a bright girl and a general favorite with the many patrons of the hotel as well as with the community in which she lived. Her early death casts a gloom over the entire community. The funeral takes place on Saturday to Lower Montague Cemetery.

The address was accompanied by a beautifully engraved gold-headed cane.

Mr. Messervey although taken by surprise made an excellent reply, referring to the many happy hours spent in Charlottetown Lodge, No. 68, and said he would always remember the kindness extended to him on this occasion.

After the closing ceremony "the sisters and brethren united in the circle of unity and sang "God be with you till we meet again."

After a general wishing of good by the meeting was brought to a close.

Mr. Messervey leaves in a few days for the west where THE GUARDIAN as well as his many friends wish him a successful career.

BROWN'S LAWN, just the place for a beautiful Home, will be sold at Auction on Wednesday at 12 o'clock.

BIG MILL BURNED

Loss Will Be \$30,000. \$10,000 Insurance.

FIREMEN OF HALIFAX

Terrins Delayed and Telegraph Communication Interrupted.

STEWIACKE, May 31.—For the third time within three years Dickie's mill, two miles from here, were completely destroyed by fire, and part of the enormous lumber yards were also burned this evening.

The fire had been threatening all day, a heavy wind from the west blowing sparks from the refuse-heap right on to the mill. As a matter of fact, one or two incipient blazes were started through this means during the day, but these were promptly extinguished by the workmen.

About 6.30, however, when the men were at their suppers, a fire started near the boiler-room. It was discovered by one of the men who was about and the alarm promptly given. There is an engine at the mill with a hose attached for the fire purposes, but by the time help had arrived it was too late to save the building, which was consumed in a very short time.

From the mill the fire was communicated to the larger lumber piles adjoining and before long many thousands of feet of these were in flames. When it was seen that there was danger of the whole yards being consumed, help was wired for to Truro and Halifax.

A Babcock engine was immediately sent by special train from Truro with a number of men and about 9.35 a special with the Columbia, a hose wagon and a dozen men under District Chief Phelan, left Richmond. The special was in charge of Conductor Margeson. This apparatus was quickly on the scene and when work was started it was seen that unless a wind sprang up, there was little danger of the flames spreading.

LIQUOR LICENSE

Over Half of the Liquor Men Legalized.

NEAR \$4,000 REVENUE.

Many Will Sell "Temperate Drinks" and a Few Oysters.

YESTERDAY was the first day of the Farquharson License Act. Over half of the liquor men have taken out licenses nearly 40 in number.

The list of applicants has come up to the government's anticipation. Some of the principal liquor dealers are surprised that so many had the \$100 to put up. A number told a GUARDIAN reporter that they did not intend to take out a license but would sell "temperate drinks and a few oysters."

Richmond street, "the street of rumshops," still keeps up its reputation and four out of the seven have secured a license. Some are temporarily closed, contemplating taking out a license on the morrow.

Queen street heads the list with ten licensed bar-rooms. In conversation with a commercial man yesterday, he said: "You are having a License Law initiated in your city to-day. Well, your opinion will not be bettered as far as liquor is concerned, but your government will have the revenue from the license. Your Premier is seeking to cover up his tracks under a pretense of bettering humanity."

A number more will no doubt be legalized today.

The following are the names of applicants filed.

- John Byrne, Richmond Street.
- Peter C. Benoit, Water Street.
