

BRITISH ADMIRAL SAYS

ROYAL NAVAL CLUB.

To the Zam-Buk Co., Portsmouth, England.

Dear Sirs,—I have found Zam-Buk most reliable for healing cuts and abrasions while for the relief of skin irritation it is invaluable.

(Signed) RODNEY M. LLOYD, Admiral.

ENTIRE CREW PRAISES ZAM-BUK

From Admiral Stoker, all grades of service praise Zam-Buk. Stoker King-north, of H.M.S. "Cochrane," says:—"I slipped and fell on an exhaust steam pipe, which fairly frizzled the skin on my arm. At once the ship's surgeon dressed the burn, but the injury would not heal owing to a lot of dirt from the pipe causing blood-poison. I was in fearful pain and didn't know how to get ease. For weeks I remained under treatment, but the ordinary ointments proved no good. Indeed, I got worse. I therefore obtained a supply of Zam-Buk and almost as soon as this was applied I got ease. From the very first application, healing commenced; and a few boxes of Zam-Buk healed my wound completely. Zam-Buk cures eczema, ulcers, abscesses, ring-worm, bad leg, varicose ulcers, piles, cold sores, chapped hands, babies' sores, etc. All stores at 50c., or post free from Zam-Buk Co., Toronto, for price.

FREE TRIAL BOX will be sent on receipt of this advertisement and 1c. stamp for postage.

TONIGHT'S LECTURE.—Rev. Dr. Campbell in Heartz Memorial Hall in aid of the Red Cross work of Church. 7096

ADJOURNED MEETING.—Cale-nia Club to-night at 8 o'clock. Im-portant business. Full attendance requested. 7106.

THE ATTENTION of the Electors of Ward Five is called to the card of Mr. Benj. Carter, candidate for said ward, which appears elsewhere in this issue. 7106.

MR. J. D. TAYLOR'S CARD.—Mr. J. D. Taylor publishes in today's issue his address to the electors of Ward Four. Mr. Taylor has already repre-sented the Ward for four years and again offers his services as a progres-sive candidate. 7096

FUNERAL TODAY.—Capt. Arthur Brennan, son of the late Mr. W. A. Brennan, of Summerside, and his sis-ter, Miss Dorothy, arrived home yes-terday from Halifax. The funeral of the late Mr. Brennan takes place this afternoon, at two o'clock, services being held at St. Mark's Church.

OF LOCAL INTEREST.—Principal Mackinnon, of Pine Hill, Halifax, left Friday evening for Boston, whence he will go to Auburn, New York, as a delegate to the Pan-Presbyterian Coun-cil, a meeting at which the Presbyter-ian church of the whole of North Amer-ica will be represented. He will re-turn by way of Toronto.

MRS. A. GILLIS PASSES AWAY.—A Sydney exchange says:—"The death took place Friday morning of Mrs. Andrew Gillis, 28 Davenport Road. De-ceased was the daughter of Mr. and Mrs. P. J. Norris, of Milbrooke, P. E. I. She leaves, besides a sorrowing hus-band, one son, R. Gillis of the Mechan-ical Dept. of the R. I. & Steel Co., and two daughters, Mrs. R. O. Boyd, of Toronto and Mrs. T. B. Kennedy, of Sydney. Also three brothers, J. P. Morris, J. F. Morris of Milbrooke, and Dr. D. E. Morris of Dundas, P. E. I.

TONIGHT'S LECTURE.—Those who had the opportunity of listening to the Rev. Dr. Campbell on Sunday and last night will not fail to attend his lecture in aid of the Red Cross in Heartz Memorial Hall tonight. Dr. Campbell is a born orator and holds his audience entranced from beginning to end. He had a splendid reception in Prince of Wales College last night and the au-dience would gladly have listened to him for another hour had he desired to gratify them. There should be a bumper house tonight, and those wish-ing good seats ought to be at the Hall early.

The HEINTZMAN Is
Canada's Greatest Piano

There is only one best—there can only be one best among Canadian Pianos—and that best is the HEINTZMAN.

In tone, in touch, in finish of design the HEINTZMAN is Can-ada's greatest Piano. Not because Heintzman & Co. say so—not because we say so—but because such noted pianists as De Pach-mann, Mark Hamburg, Adele Verne, Albert Jonas, Hyllestad Bur-meister and Friedheim say so.

These world famed artists have tried every piano, everywhere and each has said: "I prefer the HEINTZMAN."

Heintzman Pianos are made to meet the requirements of people of discrim-inating musical tastes. Built to give long and continued satisfaction under all kinds of conditions—to stand up well under the constant use of good, bad and indifferent performers. And they have done this—they are doing it now—and they will do it to the end of time.

The tone of the Heintzman Piano is uniformly beautiful throughout its en-tire range; exquisitely even and well balanced from treble to bass. The technical details are planned by ex-perts of long and successful experi-ence and executed by skilled artisans with the utmost care. In constructing a Heintzman Piano, time and trouble are secondary considerations.

If you are thinking about purchasing a Piano, be sure and hear the HEINTZMAN before making a selection.

ACKNOWLEDGEMENT.—Mrs. Wil-liam McPhail, Orwell wishes to ac-knowledge with thanks, the knitting of socks for the soldiers by the fol-lowing ladies, with yarn supplied to them:—Mrs. John D. McPherson, Mrs. John McLeod, Dundee; Mrs. A. McLeod, Mrs. Donald Ross, Kinross; Mrs. Malcolm McLeod, Miss Mary McLeod, Orwell, Mrs. John J. McLeod (Ugg) 5 pairs of wristlets. There were also two pairs of socks contributed by Mrs. William McPhail, and two pair by Miss Stella McLeod, Dundee, from their own yarn, sent direct. The above is all in addition to the regular Red Cross Work.

A GENUINE SURPRISE.—Mr. J. Lester Douglas, who had served some eight years on the P. E. I. R., working up to the position of engineer, and who for the last three years has been in service elsewhere until last August when he met with an accident causing the loss of a foot, was given a very pleasant surprise last Saturday evening when the following railway offi-cials: Supt. H. McEwen, S. F. Hodg-son, Mech. Accountant W. F. Huggan, Passenger Agent, Conductors J. F. Baird, John Munroe, Peter Mc-Carron, A. Affleck, trainman, Engi-neers H. Craswell, P. E. Dorsay, C. L. Partridge and A. Cameron, waited on him at his hotel, The Strathcona, and through Supt. McEwen, presented him with the handsome cheque of \$165.00 toward the purchase of an ar-tificial limb. Following the presenta-tion, speeches were made by Messrs Hodgson, Munroe and Craswell, ex-pressive of sympathy and esteem to-ward Mr. Douglas, their former fellow worker on the road. Mr. Douglas, not even an inking of their intentions, but it was just like them for he had al-ways found them noble fellows. He assured them of his great appreciation of their kind feelings toward him as ex-pressed by the various speakers, and he could not soon forget their kind-ness and generous gift. After a very pleasant time, the National Anthem was sung with a right royal swing.

WAR INVENTIONS

There are sure to be many contri-vances invented for alleviating the hardships and pains of soldiers. Be-fore the present war comes to an end, previous wars have given rise to many curious inventions which have not been taken up by military author-ities.

First and foremost of them are boots with springs, both heel and toe. This, it is argued, will make marching less fatiguing, as the springs will prevent the jarring now felt by the sol-dier as he marches along, especially over hard roads.

There has also been invented a bul-let-proof shield, which is composed of wire. This shield is intended to buckle on to the soldier's body, and will pro-tect the vital parts, although it will not interrupt the wearer's view, as he can see quite well between the strands of wire. It has been said that the wear-ing of shields will diminish the sol-dier's courage, but this is a statement open to doubt.

Soldiers, especially when wounded, often suffer terribly from thirst, and once more the inventor steps un-availingly into the breach. A helmet has been constructed the lower part of which is hollow. A broad turned-up rim runs round the helmet about half way down during a shower of rain through a small hole into the cavity in the helmet. Thus the water is collect-ed automatically, and when the wear-er desires a drink he simply turns a very small tap at the back of the hel-met and out flows the water. This as will be readily understood, is rather more complicated for general use, and, moreover, the helmet filled with water would press uncomfortably on the head.

There is also a rifle to which is at-tached a telescope, for use when aim-ing at things a great distance off; arrows which can be fired from rifles; and numerous other contrivances.

which the inventors, although not the authorities, think would prove of value to soldiers if used.—Tit-Bits.

A HIGHLY SUCCESSFUL YEAR

The Thirty-Fifth annual report of the North American Life Assurance just issued reflects credit upon the man-agement responsible for the successful conduct of its affairs. The very sound financial standing of the Company has been greatly strengthened as evidenced by an increase in the Assets during the year of \$800,838.88 bringing the total Assets now to \$15,716,888.76. Further the Net Surplus on Policyholders account now exceeds \$2,500,000. An actual increase during the year of \$385,927.86.

In accord with the progressive poli-cy always maintained New Business made a substantial gain during the year. The total amount of New Busi-ness during 1915 amounts to \$9,102,126, an increase of practically a Million and a quarter over the previous. This brings the total amount of business in Force to \$65,245,318.

The interests of the Policyholders are always preponderant. During the year the large sum of \$1,386,025.28 was paid to Policyholders. This included \$216,345.82 paid in profits alone. In connection with this particular feature the President, Mr. Edward Gurney, in his address pointed out that during the past ten years the Company had paid in Dividends or Surplus to Policyholders the large sum of \$1,500,209.09. This and the other important feature of the report are due to the high character of Assurance and the careful and efficient management.

Permanent Cure of Piles
Certified By Minister

SIXTEEN YEARS AGO THIS MAN WAS CURED BY DR. CHASE'S OINTMENT—HAD SUFFERED KEENLY FOR TWELVE YEARS

You might almost say that there is only one actual cure for Piles, and that is Dr. Chase's Ointment. Every day this conclusion is corroborated by reports from persons who had tried one thing and another without success. Some have even been oper-ated on, only to have the old trouble return, and finally to obtain cure by use of this ointment.

Why not avoid waste of time, waste of money and needless risk with operations by using Dr. Chase's Ointment at once?

Some will say, "that is all very well for itching Piles, but my trouble is from bleeding Piles." Well, here is a letter from a man who had bleed-ing Piles for twelve years, and suf-fered most keenly. For sixteen years he has had no return of the old trouble, and naturally considers the cure permanent.

Mr. O. B. Peters, Salmon Arm, B. C., writes: "I was troubled with bleeding Piles for about twelve years, and suffered everything but death. I was so bad I could scarce-ly walk about, and though I tried many things, could get no relief. At that time I lived at Sharbot Lake, Ont., and a friend advised me to use Dr. Chase's Ointment, saying he would guarantee a cure. Less than two boxes of Dr. Chase's Ointment cured me. That is sixteen years ago, and I am O. K. yet, so think you can consider the cure permanent. I cannot praise Dr. Chase's Ointment enough, as it saved me from a great deal of pain and suffering."

A test of W. J. Beamish, Salmon Arm, B. C., writes: "I have been acquaint-ed with Mr. O. B. Peters, and have always found him to be a man of his word. I can therefore most thor-oughly endorse what Mr. Peters has written concerning the merits and value of Dr. Chase's Ointment."

A test of Dr. Chase's Ointment will soon convince you of its merits. Rel-ief comes almost immediately, and cure follows persistent treatment. For sale by all dealers. Sample box free if you mention this paper and write direct to Edmanson, Bates & Co., Ltd., Toronto.
