McDonald. Interment was in the People's Cemetery, Summerside.

ADDRESS AND PRESENTATION.—A number of friends from Summerside gathered at the home of Miss Celina Gaudet, of St. Nicholas, on the eve of her departure for Montreal where she will enter the Congregation of Notre Dame. A very pleasant evening was spent and a very nicely worded address and a handsome presentation was presented to Miss Gaudet during the evening. Miss Gaudet has a very large circle of friends in Summerside and was very deeply touched by their kind remembrances. This is the second time that this young lady has been waited on by her friends since the announcement of her departure from the Province. Miss Gaudet carries with her the best wishes of a host of friends.—S.

A GOOD SEND OFF.—Messrs. Bert and Edward Poole, who came out from England about two years ago and have since been working with farmers at New Annan, left on Saturday for Montreal. Before leaving they were feted by the people of the district. Mrs. James Marchbanks, assisted by other ladies, arranged a lovely supper and dance for them in the New Annan Hall on Thursday evening, where their friends gathered to wish them good luck in their new life. Mr. Osmond Thomlinson, who came from the Old Country with Messrs. Poole, and who has taken a position at Margate, was also one of the guests of honor at the supper. The three young men were presented with a very beautifully worded address, a five dollar gold piece and cigarette case and lighter

at the close of the evening's entertainment. The boys were overwhelmed with such tangible expressions of goodwill, but thanked them and all in very feeling terms.

She left Prince Edward Island forty-eight years ago, going to Wisconsin. She has had extensive experience in travel, having visited almost every province in Canada and every State in the Union. She is a keen observer and is still convinced that, for prosperity and contentment, there is no place on earth like dear Prince Edward Island. The people here have the advantages to be happy; if they would only realize this good fortune. If some of the discontented people could only experience a little of life abroad, they would appreciate home the more. Although Chicago is called, by some, the city of crime, yet it is not worse than other cities its own size. It has multiplied churches and clergymen and has every advantage to elevate the moral standard of the people.
