POSTPONED.—The social which was to have taken place in North River Hall on Monday evening, February 5, has been postponed until Friday, 9th. 4256-2-5M21

POLICE COURT.—At the Police Court yesterday a man for being drunk and disorderly was fined \$30 or sixty days and another for using abusive language was given a similar sentence.

WEDDING BELLS.—The marriage of Marguerite Eva, daughter of Mr. and Mrs. R. Scribner and Mr. Albert D. MacDougall, took place this week. Rev. M. Sippell officiating. The bride wore a tailored suit of midnight blue chiffon velvet, with ruse and hat of velvet trimmed with rose ostrich tips. Mr. and Mrs. MacDougall left immediately after the ceremony for Glacier B. C., where they will make their home. Mr. MacDougall is from Prince Edward Island.

RECRUITS WANTED FOR RAILWAY CONSTRUCTION COMPANY.—Recruits are wanted for the Railway Construction Company to rebuild railways overseas. It is altogether likely that only a few weeks will be needed to raise the necessary number of men required for this Battalion as the physical standard is not so high as the former units that have been recruited. For instance: a man with one eye and whose hearing is fair, with one or two fingers gone off his hand, or with flat feet, etc., may join; and the greatest feature of it all is, that the unit will go as a whole to the front without being broken up into drafts or reinforcements, etc., and the men will have a chance to do their duty together. Pay is the same as other regiments. Particulars may be obtained from Major Fullerton or Major Leigh. 4275-2-3M41.

A GOOD CHURCH YEAR.—The Presbyterian Congregation of Dundas and Annandale in 1916 raised for all purposes \$1,712.00. \$900.00 of this was for salary, \$412.00 for care of the two churches, \$300.00 of it in improvements on Dundas church. \$400.00 was raised for Mission education and benevolence, \$271.00 being assigned to "The Schemes of the Church." In the Spring of 1916, \$119.25 was realized for the Canadian Patriotic and Sailors' funds and when the list of recent contributions to the former fund are published in the Guardian, probably \$150.00 more will be credited to this congregation. The pastor Rev. Wm. McLeod in the past year conducted 250 services, officiated at eighteen funerals, four marriages, nine Baptismal services, with other members of session received nine to full communion and travelled in his charge 1836 miles, an average of 5 miles daily. "Mercy drops around us are falling but for the showers we plead," "We are but in 'The shallows,' the Master's word is, 'launch out into the deep.'"—Com.

NO NEED OF ALARM.—It is quite often the case when people at home read about the island soldier boys in England having gone to hospital that there is considerable alarm among parents and near relatives. They naturally conclude that the condition of the boys must be quite serious or they would not be in hospital. Mr. J. A. Meservey who returned from England last week and has familiarized himself with all the conditions under which the soldiers train for service says that they sleep in large buildings. These buildings are not adapted to soldiers who catch colds. If the men find that they are not well they seek medical aid before the doctor and if he finds the least symptoms of their being in a way to develop fever he sends them to the hospital as it would be useless for them to "lay up" in their rooms. In other words going to hospital is about equivalent to going home to nurse a cold. While in hospital the men receive the very best of attention and are seldom laid up longer than from three to five days, unless it happens to be a case of pneumonia, in which case upon their recovery they are really given a rest for a month or so.

ITEMS FROM SAVAGE HARBOR.—Snow and good roads are now eagerly looked for as the supply of firewood, etc., stands in the need of replenishing.—A number of residents of Savage Harbor are seriously indisposed owing to an epidemic of influenza having spread largely over that section. So far all are recovering.—Mr. Wm. A. and Mr. Victor E. Coffin are preparing for a busy season saving laths and sills to satisfy the large demand of the local lobster packers. The former having installed a new and up-to-date lath mill, perfection is expected.—Mr. F. A. Pigot is making preparations for the erection of a new house on his farm purchased recently from Mr. W. S. Coffin.—Miss H. Douglas has returned from Charlottetown where she attended the ladies' short course held there recently. Miss Douglas was much impressed and speaks highly of the instructions received there, especially the lessons on cooking, fancy work, etc.—Now that the ice is here, an opportunity is afforded the sports of demonstrating the trotting ability of their young steeds, and some interesting sprints are expected an account of which will, no doubt, appear later.—Mr. Lester McEwen of West St. Peter's paid a visit to Savage Harbor recently, the guest of Mr. Elisha Coffin. Mr. McEwen had an exciting adventure when crossing the ice of Savage Bay. A storm arising he became bewildered, lost the way, and wandered for considerable time, but finally arrived at his correct destination.—Mr. F. A. Pigot spent the week-end and the earlier part of the present week visiting friends and relatives at Banquet Road, the roadmaster, Mr. Allan Morrison, is giving excellent satisfaction, having allotted to each ratepayer in the district an equal and reasonable amount of winter road-making. A good road, as a consequence, is always in evidence.

FORMER ISLANDER.—Mr. H. E. Vickerson of Indian Head, Sask., recently returned from Vancouver, B. C., after spending a short two weeks business trip. He found the weather very mild with rain and very little snow, quite different from what it is in Saskatchewan where the thermometer is generally fifty below zero. Mr. Vickerson visited North Vancouver where large ship building is going ahead, and large factories and buildings are to be erected and the people are looking forward for better prospects in the future. Mr. Vickerson visited his friends and acquaintances and also his old friend Mr. Turner from P. E. Island who is doing a thriving business in Dairy Work. With it all Mr. Vickerson still likes farming best.

VICTORY LODGE.—Victory District Lodge, which met in session at Murray River, Jan. 16th., was very largely attended, although the day was extremely cold; and some had to come quite a distance, which goes to show that the real temperance spirits exist in the Kings County District Lodge members. Quite a number took the District Degree and the following officers being present:—D. C. T.—W. B. Graham; D. V. T.—James McLure; D. Chap.—Gavin Hickson; D. D. M.—Ruth Brehaut; D. M.—Charles Richards; D. Sent.—Arthur Hamberly; D. Guard.—Nathaniel Irving; D. S. J. T.—James Brooks; D. Counselor.—James Creed; D. Sec'y.—Emma Langill; D. Treas.—Daniel McDonald. The general business of the order being done and some new business taken up which was very important, Lodge closed at the hour, was late. In the evening, at half past seven a public meeting was held. The programme which was rendered, was one of the finest ever held in connection with this work. After a fine selection of songs, recitations, speeches, etc., the meeting closed by singing "God be with you till We Meet Again."

The publisher of the best Farmer's paper in the Maritime Provinces is invited to us states: "I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would be competitors and imitators."

A HIGH HONOR.—Among the passengers sailing by the Adriatic from New York last week was Mr. Gordon Sutherland son of Mrs. David Sutherland of this city, who was on his way to London, England to take a position in the Bank of Montreal, relinquishing a splendid position in the Bank of Halifax to do so. Mr. Sutherland, who is only twenty-one years of age, is to be congratulated on the honor conferred upon him as he is the youngest banker of the 18 young men chosen to be sent from Canada to fill such an important position. The call on Canada for bankers was caused by one hundred of the London staff of one hundred and seven walking out in a body to don the khaki and fight for their country, leaving only seven of the original staff in the London branch of the Bank of Montreal, which at this season is exceptionally busy owing to the naval and military transactions due to the war. Of the forty-four passengers on the Adriatic eighteen were Bank of Montreal men going over at the request of the English branch and they will all be followed

RECEIVES COMMISSION.—Percy Jardine, the soldier son of Mr. A. J. Jardine, of the P. E. I. R. recently received a commission, and is now a full-fledged lieutenant. Percy enlisted in Battleford, went to England as a signaller, rose to the rank of staff sergeant, and made a number of efforts to get to the front. He finally succeeded in getting there, but he went as a private and fought for eight months in the trenches. On his return to London he was tendered his commission in a Reserve Battalion. He left Canada with the Fifth Division, but was afterwards transferred to another.

MEDAL RECEIVED.—Mrs. Thomas Mahar, of this city, has received from her son, Private A. J. Mahar, the military medal won by the latter for "Bravery on the Field." The medal is of silver and bears on one side the head of our King, and on the other the above inscription. Private Mahar's name is engraved along the edge of the medal. This gallant soldier, who is only 20 years of age, and the main support of his widowed mother, enlisted in the 50th Regiment here, and has been 15 months in the trenches. That he may return home safe and sound from the battlefields is the wish of his friends in this city.
