Important Conference at Washington To Terminate Franchises—Believed That Government Will Take Immediate Steps—Individual Prosecutions Expected.

IMPURE BLOOD Clogs the Kidneys Slows the Heart Fags the Brain.
Weakens Every Part of the Body. Causes Organic Diseases.

Just as strength is the natural out- come of pure blood, so is debility and sickness the result of impure blood. To know how quickly, how surely Ferrozone cures, to see how it rebuilds and restores, you have only to read the following letters—read them carefully— see if the symptoms resemble yours.

Miss Evelyn M. Gaetz of Kingston, writes: "I have had an attack of blood disorder which broke out in horrid looking pimples. They were ugly red dis- figuring blotches that ruined the appear- ance of my face. I tried all sorts of medi- cine, but the pimples did not leave. I was recommended Ferrozone and gave it a trial. I noticed an improvement after the second box, and kept up the treat- ment which finally cleared my skin. As the result of Ferrozone I have a clear healthy complexion and can recommend it to all other young women similarly affected."

Another young lady well known in society circles of Springfield, who derived exceptional benefit from Ferrozone, says: "I felt it my duty to make known the value of Ferrozone. My trouble was poor weak blood, and as a consequence my lips were pallid, and my cheeks had no color. I was at all strong, and required a brace- tonic. Ferrozone soon brought color to my cheeks, improved my appetite and made me stronger than I had been in years. I favor Ferrozone because it is so simple to take and works so quickly."

No blood remedy exists that has the power to cure, to heal, to restore like Ferrozone; try it, 50c per box at any drug- store.

the dissolution of the Standard Oil com- pany, has roused considerable comment, and aroused the belief that the Department of Justice will proceed at once in the effort to break up the oil monopoly by terminating the franchises of the organi- zation.

What strengthens the belief is the fact that Attorney-General Bonaparte had a lengthy conference some days ago with Morrison, in which the subject was considered in all its phases.

It is also intimated that the Attorney- General is making preparations to pros- ecute individuals of the Standard Oil company under the provisions of the Sherman law, and that the action will be pressed without delay and with the greatest vigor.

When officials of the department of Justice were questioned on the subject, they refused to discuss the matter.

Men as Boarders.
A woman who has made a modest competence by running a private hotel says she would rather have women as boarders than men. Perhaps they are a little inquisitive about one another's affairs, she admits, and dis- posed to find fault oftener than they are justified in doing. On the other hand, they usually voice their com- plaints either directly or in such a manner that the criticisms soon reach the landlady's ears. Men, on the con- trary, don't lodge so many open com- plaints, but they make bitter remarks one to another, and it is seldom their remarks are repeated to the hostess until too late to offset their bad effect. This woman puts herself on record as saying that when men are inclined to be at all disagreeable they are much more difficult to deal with than wo- men. One can always soothe disgrunt- led women by a little extra attention to their comfort, she says, but the male boarder or hotel guest who un- dertakes to criticize a place harshly is a hopeless case.—Kansas City Star.
