Lloyd George Is Biggest Man in British Politics

SYDNEY, Aug 24—Premier Lloyd George is stronger than ever, in fact is the strongest man in the British public life, Senator John S. McLennan, who recently spent some time in London today told the members of the Sydney Rotary Club, before whom he lectured on "Impressions of the British Parliament."

Harry Weir, City Arrested For Theft

NEW GLASGOW, Aug 24—Harry Weir, Charlottetown was arrested here yesterday in connection with the theft of suits and overcoats valued at \$431 from the tailor shop of Daniel Sittler.

Flavor, Taste and Body that you don't find in ordinary Corn Flakes. That's why they're called—

Post Toasties best corn flakes

And that's why you must say "Post Toasties" to your grocer to avoid getting ordinary Corn Flakes.

Went for Days Without Food

HALIFAX WOMAN HAD SURFERED FOUR YEARS BEFORE HEALTH WAS RESTORED

Since my wife's experience with Tanlac I'm a believer in it," said John A. Hayter, 123 Maynard St., Halifax, N. S. "It restored her to health a year ago and she has never had any return of her old troubles since. When she began taking Tanlac she had been suffering from stomach trouble for four years and was almost a nervous and physical wreck. She had no appetite and would go days at a time without eating even a morsel of food. When she did eat it meant suffering afterwards, as nothing seemed to agree with her. She also had headaches and dizzy spells and I could see that she was going down hill every day."

BIRTHS

LARTER—On the city on Aug. 16th to Mr. and Mrs. Edward Larter, a daughter.

COSH.—On Wednesday August 24th, at the Hill, Charlottetown, to Mr. and Mrs. Allen B. Cosh, a daughter.

Merchants Are Optimistic On Canada's Future

WINNIPEG, Aug 24—"I can see no cause for alarm, but every reason why we should be hopeful and optimistic of the future" declared J. A. Bamfield, president of the retail merchants association of Canada, in an address of welcome to the association of Dominion wide convention in session here. Mr. Bamfield, speaking on the unemployment question, asserted the cause must be ascertained and "what ever remedy provided must be based upon sound economic principles, if it is to produce permanent, lasting results."

Peace Treaty To Be Signed Today

BERLIN, Aug 24—The Peace Treaty between the United States and Germany is to be signed today. The cabinet gave the document its final consideration at a special session early last evening which was attended by President Ebert.

Premier Massey Says Farewell

LONDON, Aug 24—Premier W. F. Massey, who sails Thursday for Canada, en route to New Zealand was given a farewell dinner last night by the New Zealand Community in London. A souvenir flag was presented him by the Imperial Air fleet committee commemoration of presentation of a New Zealand aeroplane 1913 to 1917.

Giant Dirigible Still In Air

LONDON, Aug 24—The giant dirigible ZR-2 purchased by the United States from Great Britain which began a trial trip at 7.10 o'clock this morning was still in the air at eight o'clock last evening.

EUROPEAN COMPLEXITIES

"Can you take me to the station in an hour?" "If my horse doesn't die of hunger if we don't get tangled up in barbed wire, and if civil war doesn't break out, I might be able to make it."—Meggendorfer, Blatter (Munich).

A GRUESOME FIND—Yesterday afternoon a number of children bathing off Victoria Park found a cardboard box and on opening it the body of a newborn infant was revealed. The body was wrapped in two towels. The matter was at once reported to the police, who in turn notified the coroner, Dr. McGuigan. On examination the doctor found that the infant was but four and a half months in utero.

PERSONALS

Mr. and Mrs. Felix Gallant of Cardigan, are visiting friends in this city.

Minnard's Linctant for Diphtheria

Pinnacle Of Berg Was 300 Feet High

NEW YORK, Aug. 23.—The Cunarder Craonia arrived Sunday from Liverpool with 150 first, 280 second and 190 third class passengers after landing 204 at Halifax, where she stopped for three hours. A big iceberg was sighted off Cape Race on Wednesday afternoon about ten miles from the ship. According to the purser, F. E. Owea, the iceberg had a single pinnacle towered fully 330 feet above the surface of the ocean, and was surrounded by a shimmering floating mass of ice.

Dail Eireann Considers Proposals

DUBLIN, Aug 24—Dail Eireann today considered the proposed reply to De Valera's last letter to Prime Minister Mr. Lloyd George on the question of an Irish peace settlement. It was announced in official communique issued last evening. The Dail adjourned until Thursday, the statement added, when it will again sit privately.

Sir Sam Hughes Is Unconscious

LINDSAY, Aug 24—Sir Sam Hughes was unconscious all day yesterday and heart beats have quickened to high rapidity. He is quite low and his son, General Garfield Hughes of England was called for last evening.

Minnard's Linctant for Diphtheria

LIE FLAT ON BACK IN DIPHTHERIA

In the treatment of diphtheria there are two essentials. The first is adequate dosage with anti-toxin, the second is absolute rest lying on the back. In an article on diphtheria in the Lancet (London) Dr. Frederic H. Johnson, Superintendent of North-western Hospital, London, has this to say about the importance of the recumbent position:

"It is of very great importance that the patient should be in the recumbent position in bed. He should lie flat on his back, and unless the disease is mild not even a pillow should be allowed; a mild case may be allowed a soft pillow. The period for which it is necessary to maintain the recumbent position varies greatly with the severity of the attack, but it is wise, except in the mildest forms, to regard the minimum as three weeks, and in very severe cases up to six or even nine weeks. The mildest forms should be recumbent for at least fifteen days. When it is considered safe to move the patient back to the recumbent position must be very gradual, the heart being watched with care, and should it be affected by the change return to the recumbent position must be resorted to. In the moving the patient from the flat, give only one pillow for a few days, then a second and so on until the patient may be allowed to lounge in an easy chair at the bedside for half an hour. Even when he is up and about the heart must be watched for some time and the patient put back in the recumbent position if necessary. If this is carried out carefully sudden death in convalescence will occur very rarely indeed."

REAL AUTOMATIC PHONOGRAPH

The much abused term "automatic" can be applied with full justice to a new and highly ingenious phonograph. This versatile instrument plays as many as 49 records, one after another in order, selects any record indicated, allows intervals between selections of ten seconds to half an hour, repeats if desired, and stops at any predetermined point, according to Popular Mechanics. When the machine is started, an arm rolls the first record out of the rack and in front of the turntable, where a plunger centers it.

Annual Gathering Of Scottish Clans

(Continued from Page One)

In the back stretch Waltz moved up and a great speed battle ensued, he and Edna racing like a team to the half in 1.05, then Waltz drew ahead and finished three lengths in front of Albert J., who came very fast at the finish, time 2.14, the fastest mile trotted or paced in the province this year. Colonel Waltz has won seven races since July 1st.

Class B. Trot

A big interest was taken in this race as it was known that all the starters could perform around 2.20 and that a good race would result. There were four starters: Juanita Aubrey, owned by Mr. Hammond Kelly, Southport, being the winner. Alice the Great owned by ex-Mayor P. S. Brown, second. In the first heat Juanita Aubrey got away well. Alice the Great going to a bad break and Alice got a big lead from there on, it was a race for place, Juanita Aubrey closing up on Kalola Todd and Mary Pickford and winning second place. The time in this heat was the fastest in the race 2.20. In the third Alice made an unfortunate break which robbed her of her chances of winning and Juanita Aubrey won off by herself. Kalola Todd second, Alice the Great third.

Ex-Mayor Brown had many admirers who were greatly pleased to see him give such a splendid exhibition of speed in the second heat and were sorry to see his winning chances spoiled by a very bad break in the third heat.

Class C. Trot and Pace

This class had five entries, four of them being absolutely new to the racing game. The race developed into quite a battle, the finishes being close and exciting. Casey Todd, the winner is owned by Mr. John Craswell.

Class A. Trot and Pace

The first heat was a race all the way between Captain H. and Betty Commodore with R. G. A. close up. In the last few strides Betty outpaced the Captain R. G. A. a close third.

Class B. Trot

Juanita Aubrey (Boutillier) 1 2 1
Alice the Great (Brown) 4 1 3
Kalola Todd (Hooper) 2 3 2
Mary Pickford (Arbing) 3 4 dr
Time—2.21 1/2, 2.20, 2.21.

Casey Todd (McNeil) 4 1 1
Betty Commodore (Arbing) 1 4 3
R. G. A. (Home) 3 2 2
Capt. H. (Home) 2 3 4
Mickey B. (Godkin) 5 5 5
Time—2.25 1/2, 2.27 1/2, 2.25.

WHAT IS KAPOK?

Kapok is the silky fibre contained in a large nut that grows in Java and the East Indies. It is shipped to this country in bales of about 200 lbs. so tightly compressed that they are as hard as a block of wood. Here the bales are broken open, and the fibre loosened up by special machinery, then baked to sterilize it and restore its resilience, and conveyed by compressed air into the mattress cases, without any handling. It is far lighter than cotton, a full size Kapok mattress weighing only 50 lbs. It is also practically waterproof and immense quantities were used during the war for life jackets, the material being lighter than cork, and far more convenient to use. This interesting material is now being displayed in Verpon & Co's window, together with the mattresses made from it, and which have given such universal satisfaction.

CAKE PLATES, DOOR KNOBS AND PICTURES ON THE WALL

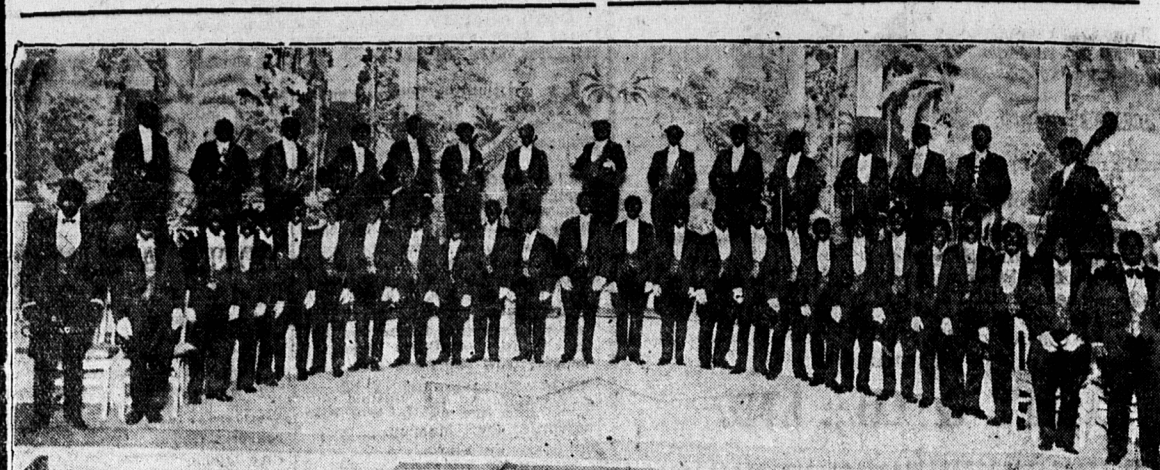

A lot of trouble is often caused by a little thing. Not long ago a farmer sent word to town to have a certain tuner go out and tune his piano. The tuner went eighteen miles out into the country, completed the work and returned home. The next day the farmer's wife telephoned in the tuning was not satisfactory, one of the keys rattled to beat the band.
