New Developments In Lindbergh Case

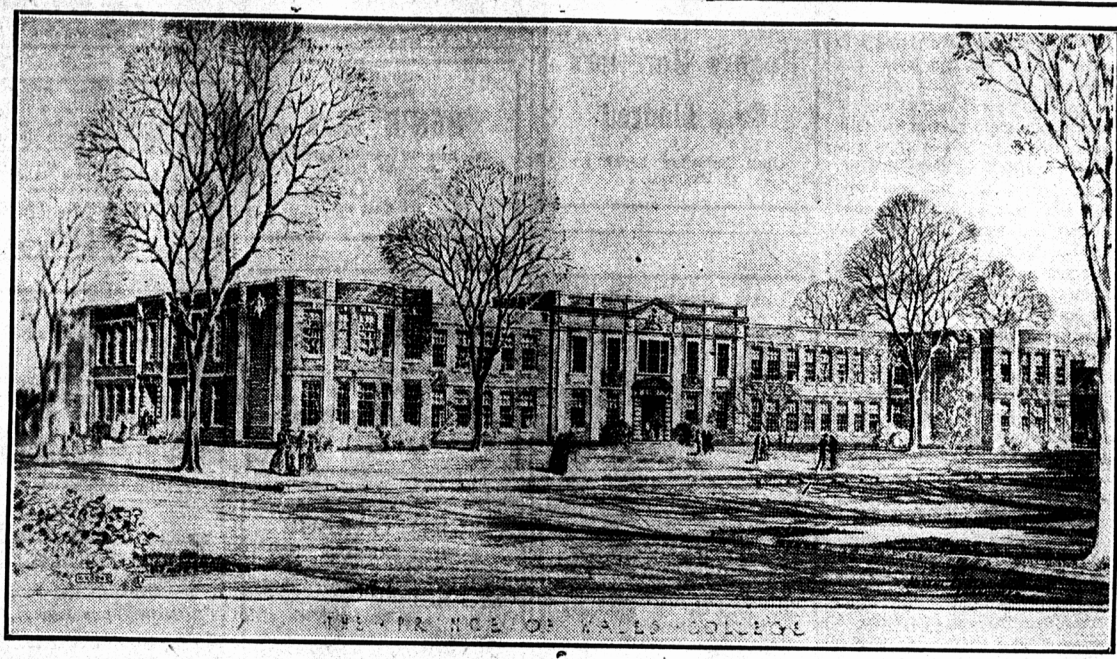

Five New Forest Fires Reported In New Brunswick

FRESH RIOTING BREAKS OUT IN BOMBAY
Hindus And Moslems Resume Fighting With Added Loss Of Life.

(Associated Press)
BOMBAY, India, May 18—Fresh sporadic rioting between Hindus and Moslems broke out in Bombay today, despite the presence of alert British soldiers, and before it was checked eleven more persons had been killed and 98 injured. Thus the toll of the communal fighting, which has flared intermittently for five days, rose to 99 dead and 948 wounded.

British troops frequently opened fire to check occasional street battles. There was still some looting, but the authorities expressed confidence that they were gaining control of the city.

Atmosphere Of Colonial Days Retained In Design Of The New Prince Of Wales College

The above sketch shows the accepted design of the new Prince of Wales College, and gives a clear idea of the appearance of the exterior when completed. Detailed plans have been prepared by the architects, Messrs. Marani, Lawson and Morris, and tenders for the construction work have been called. It is hoped to complete the building by the middle of December, thus allowing it to be occupied by teachers and students after the Christmas holidays.

As will be noted in the sketch, the building is in the Colonial style, of brick trimmed with stone, and is shaped similar to the old building in that it has a T at each end, but in addition has the auditorium or examination hall extending eastward from the centre. Entrance to the auditorium, which is 95 feet by 60 feet, is gained by three doorways opening on the main corridor, itself sixteen feet wide, which connects with the main entrance. The auditorium is on the first floor but is two stories in height, and in addition to the hall doorways has four emergency exits at sides and rear.

The main entrance is from Weymouth Street, having the principal's office and men teachers' rooms on one side, and the women teachers' rooms on the other. Above the main doorway is the crest, in stone, of the Prince of Wales—three ostrich feathers. Above this, on the upper part of the facade, is carved the coat of arms of the Province.

At the King Street end is the Model School, and at the Grafton Street end are the laboratories and facilities for agricultural training.

The main library and reading room is on the second floor and occupies the centre of the building. This room is 60 feet by 32 feet and provides ample accommodation for both teachers and students.

There are in all twenty-two classrooms, arranged according to the most approved methods of lighting and seating, and of standard size, with 15 foot ceilings. Each classroom is equipped with slate blackboards and cupboards or bookcases.

There are three laboratories, for physics, chemistry and biology respectively, with additional accommodation for household science.

On all floors are cloak rooms and toilets for male and female students, the toilets in the basement being equipped with showers.

The boiler room is at the extreme end of the basement under the auditorium. Provision is also being made under the auditorium for a library stack room, having easy access for truck delivery. This layout is in accordance with the suggestions of Dr. Locke, Toronto librarian and an advisory member of the Carnegie Foundation.

All the floors are of cement concrete, covered with battleship linoleum. The walls of the corridors are wainscotted with selected brick, the upper part being of white plaster.

Provision is made for ventilation in the corridor walls.

The total length of the building is about 250 feet, the end 'T's each being 130 feet. The coping of the building in front is 32 feet above the ground, and 43 feet in the rear. Stone trimmings, as will be noted, are used in conjunction with the brick construction to give the edifice a magnificent appearance.

Believes Curtis Has Not Made Full Confession

Police Officials Are Of Opinion That "Intermediary" Is Holding Back Many Details In Lindbergh Kidnapping.

(By Francis A. Jamieson, Associated Press Staff Writer)
(Copyright, 1932, by the Associated Press)

HOPEWELL, N. J., May 18—Hidden details, missing even in the confession of the Virginia boat-builder, were bared by the Lindbergh murder investigators tonight as they made John Hughes Curtis the target of a criminal action and moved to investigate further the "Jafsie" phase of the fantastic drama.

In an improvised court-room at the Lindbergh estate, Curtis waived a hearing on a charge of giving false information and was ordered committed to jail in default of \$10,000 bail. The statute under which he was arraigned provides a penalty of three years imprisonment or \$1,000 fine or both.

Shows No Desire To Help

Primarily the directing heads of the relentless pursuit wanted to know whether Curtis had told "the whole truth." They made public the hitherto unconfirmed information that Curtis associate in his "fake" negotiations, Dean H. Dobson-Peacock, of Norfolk, Va., former Canadian rector, once expressed his confidence in the "contacts" by Curtis and made a futile request that Colonel Charles A. Lindbergh supply \$25,000 for ransom purposes. Police said the clergyman showed

TOWNSPEOPLE BATTLE TO SAVE HOMES

Bush Fires At Elma, Man., Threaten Destruction of Village.

(Canadian Press)
WINNIPEG, May 18—Fire late this afternoon, sweeping through the bushland adjacent to Elma, Man., east of here, was within four hundred yards of the village, according to word received here. More than 200 townspeople were fighting the flames with water buckets.

Schools in the village were vacated this afternoon and the women and children were prepared to vacate if the blaze took hold of homes and other buildings.

FOREST FIRES IN QUEBEC

QUEBEC, May 18—(By the Canadian Press)—The forest fire situation in Quebec province took an alarming turn tonight when word reached here that the homes of a large number of people in Masse and Outmet townships, near Metis, had been destroyed.

Latest reports from Val Alain, 44 miles above Quebec, indicated that the village of approximately 39 buildings had been entirely wiped out.

Biais and Langis townships in Matane County were being ravaged and part of Ste. Louise and St. Aubert, in L'Islet County was being burned.

At Villeroi, Lotbiniere County, bush fires yesterday destroyed the railway station, the school house, a residence of Alfred Beaudet and a wood yard.

PLACED IN DEATH ROW, IS FORGOTTEN

RALEIGH, N. C., May 18. (A.P.)—The strange case of a youth placed in the state prison's death row nearly eight months ago under sentence of electrocution and then forgotten, has been discovered here.

The youth is Willie Rector, who was sentenced to die last October, and since that time he has lived from day to day in the belief that any hour he might be led to the execution chamber a few feet from his cell.

A confusion of records produced the situation. Today it was revealed notice of appeal in proper form had been given in Rector's behalf and due notice served upon prison officials. This notice stayed execution. But through an oversight, the records in the case were not sent to the Supreme Court and the case was not docketed.

The strain of more than seven months' uncertainty, prison officials said, had affected the mind of the prisoner.

PONTIFF DELIVERS ENCYCLICAL

Warns World Against Greed, Atheism, Communism And Nationalistic Imperialism.

(Associated Press)
VATICAN CITY, May 18—Pope Plus XI warned the world today against greed, atheism, communism and nationalistic imperialism, threatening anarchy and terrorism in this time of "spiritual and economic distress."

Treaties and conferences are in vain, he said, in an encyclical, unless "there triumphs moral law based on God and conscience." Speculators had caused much woe, he said, and from "so much economic distress" Communists and "enemies of all social order" profited.

The Pontiff poured out the "bitter grief of our soul" over the "war on God and Church," marching under the "Satanical banner" and using, he said, the modern inventions of the cinema, radio and phonograph to corrupt the world.

Tracing the world's evils to the "lust of earthly goods," inequality of wealth and "nationalistic imperialism," he established an eight day period of prayer, penance and expiation, beginning June 3 and coinciding with the Feast of the Sacred Heart.

MORE THAN TWO HUNDRED BURNED ALIVE

Men, Women And Children Put To The Torch On Liberian Frontier.

GENEVA, May 18—(A.P.)—The burning alive of many men, women and children by the Liberian frontier military force was reported to the League of Nations today in a communication signed in behalf of the British, United States and French Governments. These atrocities, the report asserted, were committed against tribesmen of the Kru coast.

The Liberian delegate submitted a memorandum to the League's Liberian commission confirming the burning of 44 villages and the killing of twenty-one women and twenty-nine children.

The commission recommended to the League Council that a representative be sent to the Kru coast to assist in pacifying the country and to bring about the return of 12,000 tribesmen who have fled their homes.

Violence by the Liberian military force followed an enquiry by the League commission in the course of which many tribesmen accused the government of oppression. The Liberian delegate declared to the commission his government had taken "necessary legitimate action" against tribesmen to maintain order and to protect lives and property.

Do - X will Leave Today

(Canadian Press)
NEW YORK, May 18—The giant German aeroplane DO-X will not start its return flight to Europe until tomorrow, it was decided today on receipt of an unfavorable weather report for Harbor Grace, Nfld.

The crew of fourteen will go aboard tonight and the take off will be made tomorrow or as soon after as weather permits. There will be no passengers.

April Sales Of Insurance

TORONTO, May 18. (By the Canadian Press)—April sales of new paid for ordinary life insurance in Canada and Newfoundland by 15 companies having in force 84 per cent of the business done in the Dominion, totalled \$33,629,000, according to figures given out today by the life insurance sales research bureau.

Sales by province for April were: Alberta \$1,365,000; British Columbia \$2,246,000; Manitoba \$2,101,000; New Brunswick \$706,000; Nova Scotia \$1,000,000; Ontario \$14,851,000; Prince Edward Island \$73,000; Quebec \$9,845,000; Saskatchewan \$1,236,000 and Newfoundland \$204,000.

Final Approval To Bill To - Day

DUBLIN, Irish Free State, May 18—(Canadian Press Cable)—President Eamon De Valera of the Irish Free State hopes to obtain tomorrow final approval of his bill abolishing the parliamentary oath of allegiance to the British Crown. The second, third and fourth sections of the bill will be brought up for the third reading as soon as the Dail Eireann is in session.

(Canadian Press)
SASKATOON, May 18—Reinstatement of a "fair price" for duty purposes, formerly on American steam coal, is asked in a resolution which gained the almost unanimous support of the Western Canada Coal Association in the closing session of its annual convention here. The request will be forwarded to the Dominion Government.

LADIES' AID P.E.I. HOSPITAL HOLD MEETING

Officers Elected For Coming Year—Excellent Report By Secretary.

The annual meeting of the Ladies Aid of the Prince Edward Island Hospital was held yesterday afternoon in Trinity Social Hall. The President, Mrs. V. L. Goodwill occupied the chair.

The Secretary's report and financial statement given below were read and adopted.

A vote was passed in favour of the purchase of a new up to date obstetrical bed for the Hospital. Following are the officers elected for the ensuing year.
