## Millionaires Stay In Running With 8-0 Victory Over Rovers

Outplaying their opponents all the way Millionaires of the City Baseball League kept their hopes of a playoff spot alive last night by easily thumping the second place Rovers 8-0 in a six-inning tussle.

The winners broke a scoreless deadlock in the last half of the third when they pushed across four unearned runs on two singles, two sacrifice hits and three damaging errors and from that point on were never seriously threatened.

They added three more runs in the next inning with their final tally coming in the fifth after they had put down the only real Rover threat in the top half of the same frame. Again in the sixth they looked to be on their way to another scoring spurge as the first two hitters hit safely but the Rovers defence tightened to get the next three men in a row.

The game was loosely played throughout with the Rovers having eight errors chalked up against them compared to the three charged against the winners. Garth Crockett, a recruit from the junior ranks, was in great form on the Millionaires' mound the youngster baffling the northern hitters with an assortment of stuff that only yielded four safe blows, while five batsmen went down on strikes.

Dan McCormack on the mound for the losers was deserving of a better fate but was in hot water in every inning due to the erratic support of his mates. He was touched for six safe hits while striking out five and of the eight runs charged against him, but three were of the earned run variety.

## BRUNNER MOND Calcium Chloride SAVES GRAVEL - ENDS DUST

Officials connected with the annual Caledonian Club gathering at Kinross have no worries over a large attendance. It is an event that yearly draws large crowds and the committee this year have drawn up a program that looks to be about the best. The long list of athletic events are always a highlight of this gathering; they invariably produce keen competition and with a large entry list already assured to participate in the twelve events, people in attendance should get their quota of thrills.

Maurice "Moosey" Dowling of Charlottetown did right well by himself in the qualifying round of the Maritime amateur golf championship being played at Amherst, and although the results of the first round play were not known at time of writing the Charlottetown shotsmith should advance along the trail pretty well in the match play.

## Track And Swimming Records Tumble At Olympics Yesterday

By Jack Sullivan  
OLYMPIC STADIUM, Wembley, Aug. 3 (CP)—Mel Patton's flying feat broke the 10-year-old American Negroes on sprint events at the 14th Olympic Games today as one world and five-Olympic marks tumbled.

One record Patton would have liked to match was quite beyond his grasp.

Fercy Williams of Vancouver won the sprints at Amsterdam in 1928—last night he had the Olympic record of 46 minutes, 28.4 seconds set in 1912 at Stockholm by George Goulding of Toronto.

30-metre women's hurdles — Fanny Blankers-Koen of the Netherlands, already winner of the 100-metre dash, equalled her own world record time and clipped 8-10ths second from an Italian 100-metre women's, back swimming—Karen Harup of Denmark covered the distance in 1:15.6 to break the 12-year old record of Dina Snel, the Netherlands.

Australia's J. Davis was a trifle slower but also bested the old mark.

These broken records brought two Olympic championships and Patton's was a third. Four others were decided.

Beautiful Mrs. Victoria Manalo Draves, Pasadena, Calif., brunette, won women's springboard diving contest in a three-way American sweep. Second was American champion Zoe Ann Olsen, 17-year-old from Oakland, Calif. Patricia Ann Eisener of San Francisco was third.

Sweden's A. Ahman became hop, step and jump champion, covering 50 feet, 6 1-4 inches. Second place went to Gordon Avery of Australia. Neil Van Vliet of the Netherlands won the 200-metre breast stroke swimming event in 2:57.2, pressed all the way by Nancy Lyons of Australia who was timed in 2:57.7.

Arthur Edwin Cook, 20-year-old American marksman, scored 599 points of a possible 600 to win the 50-metre small-bore rifle title.

## Sport Echoes From Prince County

"The Big Five" batters, Summer Baseball League:  
Powell, Red Sox 29 4 10 500  
MacMurdo, Legion 38 11 10 424  
Grant, Red Sox 26 6 11 423  
MacKay, Kinsmen 35 11 15 385  
Oatway, Kinsmen 34 11 13 382

"Moose" Carson, who is in a batting slump as far as league games are concerned, but who hit a streak against Harmon Field, is out of the "Big Five" for the first time this year. His average has dropped to .351.

Standing of League at the end of the second section:  
W L T P  
Legion 6 5 1 13  
Red Sox 6 6 0 12  
R.C.A.F. 5 6 2 12  
Kinsmen 5 6 1 11

The first four in that close race in the American League are not any closer than that.

Bill Brawley has added his name to the Home Run Club by poling out an extra long one Monday night. The other members are: Russ Phanoet, Frankie Oatway, Bob Schurman, Don Carson, Gordie MacKay, and Garth Gay. Nobody as yet has hit two homers. How about somebody offering a prize to the batter who first hits the second home run. Even the almighty haven't hit one yet can win a little harder.

Fete Mickus was a tower of strength to his team in their game with the Legionaires. Fete hit a double and two singles in four trips, driving in three runs. Twice he was on the spot where he had to deliver or his team would go under. He delivered both times. The first time was in the fifth inning. There were two out and a Vet on third. Phillips hit a ball that took a high hop over Mickus' head. To let it go to the second sacker might have delayed the throw to first and let the batter get there in time. In that case the run would have scored and the runner to the bad. But Mickus got up there and made a bare hand stab that was really neat. In the sixth the same situation presented itself. A runner on third and two out. MacMurdo struck a hard one at 'Em mound that Mickus had trouble knocking down. When Dr. Bill starts for first, he doesn't stop to pick flowers along the way. But Mickus knew he had to get him to shut off the run so get him he did. He gathered up the ball and flogged it to Carson in the keystone and when the base judge gave the "out" sign, nobody kicked as it was plain that the ball had beaten the runner to the sack.

This newcomer Bayne has added a lot of punch to the R.C.A.F. attack. Since Anderson and he joined the club it has been hard to beat on every appearance.

A visitor watching our last ball game asked us if the runner on first always started for second at the very first opportunity. We had to let it go to change the subject so we asked him if he thought the Russians would close the air corridor to Berlin. Maybe, he said, but that corridor down there is open. Ain't that a funny folks? Our catchers are O.K. in every other department but most of the time they couldn't stop a trick on a second or third base. When you're watching a bunch of kinds on a corner lot you expect that sort of thing, but surely we can do better than that in our league. The throwing was much better last year. We think the coaches better get their catchers throwing a lot of balls down to the bases and let them know it isn't easy to get the apples straight and low and accurate. It's probably the hardest throw in baseball, but surely with practice the trick can be mastered. Anyway the next catcher that throws a runner out at second can go over to the booth and order a bottle of pop and a stick of gum at our expense. If we weren't Scotch we'd make it two bottles of pop.

## Other Records Broken

The list of broken records:  
Shot put — Wilbur Thompson of the United States became Olympic champion and record-holder, besting the 16-pound shot 56 feet, two inches. The former mark of 53 feet, 2 3-4 inches was set by German's Hans Woelke in 1936.

## Lund And Steele To Meet In Semi-Final

Bunny "Ace" McCloskey will arrange the card, full article night for his ten round bout at the Forum on Wednesday night with Ruby Margolin of Montreal, promoter C.P. Archer announced last night. Margolin is to arrive in the City at midnight and will put the finishing touches on his training sessions on Tuesday.

In the meantime the promoter announced that the semi-final will bring together Bud Lund and Tiger Steele, two midgets who in previous scraps came through with sensational, close struggles and their coming clash has like a magnet attracted the attention of the local press. Lund and Tiger Steele, two midgets who in previous scraps came through with sensational, close struggles and their coming clash has like a magnet attracted the attention of the local press.

Island fighters will make up the balance of the card, full article of which will be announced shortly.

Contestants will meet each other at least once in the elimination series which is expected to be concluded on or about August 23rd. It is anticipated the finals will be played about August 25th. The Games Committee include: Price Thompson, Bill Warren and Ernie Robin.

Holders of the Crockett Trophy previous years were: 1945, Price Thompson; 1946, Bill Warren, and 1947, Harold Newson.

## Interest At High Pitch As Old Home Week Opening Nears

Records are expected to go by the boards in the forthcoming program of Old Home Week harness racing which gets underway here next Tuesday afternoon and already the air of excitement which always pervades the Province is quite noticeable among the rank and file of the people as the date nears for its opening.

Visitors which make their visit here coincide with the celebration, together with many newcomers are already flocking into the City and suburbs and the big Exhibition plant gleaming in new coats of paint, will produce a colorful scene once the big gates swing open to allow the opening crowds to congregate.

Although the horse racing program usually draws the spotlight, the livestock show this year promises to surpass anything that has gone before. Entries already received give promise of the prominent judges of horses, cattle, and poultry being faced with the stiffest task of their career in selecting the winners, with the cream of the Island breeders being on display. Interest which has been on the increase in the past few years in this section of the Big Show is at its greatest zenith and with improved judging rings together with improved accommodation for spectators, large crowds are expected to follow the judging daily.

The vaudeville program, on a par with the many fine shows put on in the past, will again thrill and delight both old and young alike. Costing many thousands of dollars some of the vaudeville world have been contracted and the artists' performances always add color to what already is a colorful program.

The Bill Lynch Shows, an integral part of the Big Show for years, will again be on hand, bigger and better than ever. All the old favorite rides will be back, together with many thrill-producing new ones; the sidestows will be up to their usual standards, while the many games of chance that will be in operation top off this part of the program. The plan covers around 36 acres of ground and it is fully expected that this big tract of earth will not have many empty spaces once the Big Show swings into high gear around 2 o'clock next Tuesday afternoon.

Charlottetown's annual Old Home Week and Provincial Exhibition program is recognized as one of the outstanding attractions of its kind in Eastern Canada. It keeps on getting bigger and better each season; this year is proving no exception and it is quite likely that when this has been written to the program next Friday night, new records will have been created to shoot at in future years.

WESTBURY, N. Y., Aug. 3.—Rain caused postponement of the Grand Circuit harness racing program tonight at Roosevelt Raceway. The \$8,410 Abbedale Stake for three-year-old pacers, scheduled for tonight, will be held Friday night.
