There are about a thousand reasons why a Canadian Government bond is better than any other kind of investment.

- (1) SECURITY—The whole wealth of the Dominion of Canada is back of the bonds.
(2) FAIR INCOME—It is better to get 5 1/2 per cent. income from a Government bond than 6 per cent. from some less certain security.
(3) MARKETABILITY—The Canadian Government bond can be readily sold through a banker or broker in a few hours at most—usually minutes.
(4) COLLATERAL FOR LOANS—There is no better collateral in the world. Ask your bank.
(5) TAX EXEMPT—Canadian Government bonds are free from Government taxation.
(6) NO WORRY—Bonds can be registered in the name of the holder and the interest will be sent every six months direct from the Government at Ottawa.
(7) SMALL OR LARGE—You can buy a \$50 bond, or \$100, or \$500, or \$1,000.
(8) WILL APPRECIATE—Government bonds have always sold at a premium after victorious wars.

ANOTHER SMASHING BRITISH DRIVE ALONG THIRTY-TWO MILE FRONT

Penetrated Hindenburg Defences to Depth of Four to Five Miles Capturing Important Points. Battle Still on. Over Five Thousand Prisoners are Being Sent Back.

(Canadian Press Despatch)

LONDON, Nov. 21.—Field Marshal Haig, sprung a surprise on the Germans in northern France attacking suddenly on a front of more than thirty miles and breaking the famous Hindenburg line to a maximum depth of nearly five miles.

The blow was struck without warning, no artillery preparation preceding it; the British tanks in great numbers smashed their way through the formidable German wire entanglements, plowing a road for the infantry which swarmed irresistibly forward. Village after village fell into British hands as Haig's troops pressed on until at Maroing and Annoux on the Bapaume-Cambrai Road, they were but three and three quarters miles from Cambrai, the important German base and important railway junction which apparently is the British objective.

BRITISH BAGGED 5,000 PRISONERS AND MORE COMING

(Canadian Press Despatch) LONDON, Nov. 21.—The number of prisoners taken thus far by the British is given at about five thousand in a Reuter despatch filed today at British headquarters. Nearly a score of guns are reported to have been captured by the British in pushing on toward Cantaing three miles southeast of Cambrai, northwest of Maroing the high ground known as Fremy Chappelle has been fought over and the Germans have been forced to withdraw.

(Canadian Press Despatch)

LONDON, Nov. 21.—The Hindenburg line has been broken to a depth of four or five miles, the War Office announces.

British troops stormed the first system of the Hindenburg line defences on the whole front between St. Quentin and the Scarpe River. The British infantry and tanks pressed on and captured the second system of defences over a mile beyond. From St. Quentin to the Scarpe River is thirty-two miles. The attack was begun yesterday by the third army. There was no artillery preparation and the Germans were taken completely by surprise.

The second system of German defences captured by the British is known as the Hindenburg support line. The British captured Bonavis Lambeau wood, Lavacquerie, the defences known as Welsh Ridge and Ribcourt Village. Their operations are continuing. The British also fought their way through Couillet Wood. Lieutenant-General Sir Julian Byng is in command of the attacking army. Several thousand prisoners have been taken. The whole German line west of the Canal du Nord to the Bapaume-Cambrai Road has been captured. The towns of Havrincourt, Maroing and Annoux and Neuf Wood have been captured by the British.

In the course of this advance East County troops took Hamlet Benavis and Leteau Wood after stiff fighting.

English rifle Regiments and Light Infantry captured Lavacquerie and the formidable defences on the spur known as Welsh Ridge. Other English county troops stormed the village of Ribecourt and fought their way through Couillet Wood. Highland territorial battalions crossed the Grand Ravine and entered Flaesqueres where fierce fighting took place. The west ring territorials captured Havrincourt and the German trench systems north of the village while the Ulster battalions, covering the latter's left flank, moved forward up the West Bank of the canal Du Nord.

Later in the morning our advance was continued and rapid progress was made at all points. English, Scotch, Irish and Welsh battalions secured the crossings of the canal at Mascheres and captured Maroing and Neuf Wood.

The west riding troops who had taken Havrincourt made remarkable progress east of the Canal Du Nord. Storming the village of Graincourt and Annoux and, with the Ulster troops operating to the west of the Canal, carried the whole German line northward to the Bapaume-Cambrai Road. West Lancashire territorials broke into the enemy's positions east of Epehy and Irish troops captured important sections of the Hindenburg line between Bullecourt and Fontainelles-Croisilles. The number of prisoners, guns and material captured cannot yet be estimated. The spell of fine, dull weather which favored our preparations for our attacks broke early yesterday. A heavy rain fell during the night and the weather is now stormy.

THE BRITISH STILL FOLLOWING IT UP.

(Canadian Press Despatch)

LONDON, Nov. 21.—Despite the continuation of the storm on the British battle front the British troops and tanks were still pushing forward late today, Reuter's Correspondent at Headquarters reports.

FIGHT OR FUNK

Shall We Continue to Fight Under Guidance of Borden, or Funk at the Dictation of Bourassa?

(From the Ottawa Journal)

With the adhesion of Henri Bourassa to the party led by Sir Wilfrid Laurier, the issue before the Canadian people in this coming election becomes more plain. In a word, it is whether Canada in the next five years shall be governed by the British majority in this country, or by a party inspired and dominated by jaundiced racialists from Quebec, men who disgrace their heroic motherland, France, and spit upon the British freedom they enjoy.

This is a time for plain speaking, and whatever Canadians may think of the integrity of Sir Wilfrid Laurier, truth and candor demand frank avowal of the fact that the party now led by him lacks both the capacity and the inclination to carry on with the war. Back into office tomorrow, Sir Wilfrid Laurier would be little more than the instrument of Henri Bourassa's will, and, whether it suited his purpose or otherwise, he could not do other than have Canada withdraw from the conflict.

That is the only possible conclusion to be reached in view of a Laurier-Bourassa alliance.

The issue no longer hinges upon the question as to whether compulsion or voluntarism is the better system of making war; it is now a question as to whether we shall continue to make war at all; whether we shall fight under the guidance of Borden or funk at the dictation of Bourassa.

IN GOOD COMPANY

No Liberal Need Apologize for the Political Company W. S. Fielding

(From the Toronto Globe)

Hon. W. S. Fielding has been invited by Liberal friends in his old constituency in Nova Scotia as a supporter of Union, Victory government and the Military Service Act. Among Liberals everywhere in Canada Mr. Fielding's name inspires respect and carries unusual weight. They are grateful for his services to his party as the faithful parliamentary lieutenant and chief reliance of Sir Wilfrid Laurier during the entire Liberal regime from 1896 to 1911. Canada never had a more devoted and upright public servant. His return to parliament would be a gain to the country, and the government in its own interest ought to facilitate the election of so powerful a recruit.

Like the majority of representative maritime Liberals, Mr. Fielding cannot follow his old leader in opposition to the policy of immediately replenishing the Canadian infantry reserves. His willingness to re-enter public life as a supporter of Union government is a rebuke to those who cavil at the motives of Liberal members of the administration. No Liberal need apologize for being in Mr. Fielding's political company. The impulses which are moving strong party men to subordinate all other issues to the claims of the war or the honor, the manhood, and strength of the country are among the most hopeful signs of the times. They constitute a moral force which is going to keep Canada true to her obligations, and spare her the reproach of history.

(From Our Own Correspondent) OTTAWA, Nov. 21.—Robert Bickley, Liberal member of Montreal in the late Parliament, in an open letter announces his support of Hon. Mr. Borden.
