Moncton Hawks Are Extended Great Welcome

Yesterday Was One Long To Be Remembered In The "Hub" City As The Victorious Hawks Are Welcomed Home.

(Special to The Guardian) MONCTON, April 21.—Moncton turned out en masse today to welcome home the Hawks, winners of the Allan Cup and Senior Amateur Hockey Champions of Canada. The weatherman, in common with the people of Moncton and of visitors from all sections of the Maritime Provinces, was at his best and a bright April sun beamed down from a cloudless sky as fully fifteen thousand people acclaimed the homecoming of the hockey conquerors. The depot of the Canadian National Railways was jammed with people while two bands turned out to blare a welcome. The gallant young athletes were escorted to a big ladder truck of the city's Fire Department and headed a parade through the more principle business streets of Moncton, lined with thousands of people while the main decorations composed of patriotic flags and bunting, the black and white colors of the Hawks Club, and other forms of decorative display made a brilliant setting for the unique event. It was the first time that Moncton—or the Maritimes—have ever welcomed home an Allan Cup team. As the long parade composed of floats of all descriptions, passed the city hall, a halt was made and the members of the victorious team assembled on the steps while Mayor C. H. Blakeney extended to them the official congratulations of the corporation and citizens of Moncton. Following the parade more than half a mile long the champions, their wives and friends, were guests of honor at a civic dinner in a local hotel at which the Red Indians, Maritime junior champions and challengers for the Memorial Cup, were invited guests. Distinguished representatives of the New Brunswick Government, the Canadian Amateur Hockey Association, the Maritime Amateur Hockey Association, prominent hockey clubs in the Maritimes, civic and fraternal organizations were also present. At this complimentary dinner His Worship the Mayor extended the hockey players the official welcome home. Tonight at a monstrous reception held in the Stadium, scene of many of the Hawks conquests, and attended by over four thousand people, Frank Greenleaf, Moncton, President of the Canadian Amateur Hockey Association, officially presented the Allan Cup, emblematic of the amateur hockey championship of the world to Captain Jimmy Foster of the Hawks. Other presentations made to the victorious team included the C. A. H. A. medals, special made medals donated to the Allan Cup champions by His Honor General H. H. MacLean, Lieutenant Governor of New Brunswick; gold wrist watches from the citizens of Moncton, and many other gifts of private firms and industries. Following the presentations, brief addresses were made by several prominent sport officials and the civic welcome to the victorious hockey team was brought to a close with a programme of entertainment and dancing in the Stadium.

BUT JUDGE - IF YOU COULD ONLY SMELL THE AWFUL TOBACCO HE SMOKES!

YOUNG MAN I HAD THE SAME TROUBLE SO NOW I SMOKE ROSEBUD AND EVERYTHING IS FORGIVEN!

AIN'T IT THE TRUTH!

No arguing it's the Best

All the evidence is in favour of Rosebud. Judges of good tobacco agree that it is sweet and mellow and fragrant, that it does satisfy the need for a really better and more enjoyable smoke. And why shouldn't it? It's blended to suit the exacting Maritime taste.

Sport Briefs

Islanders will be interested to know that Reg Daag who did part of the announcing from Vancouver during the Hawks-Quaker playoffs and had such a pleasing voice and manner, is a grandson of the late Laughlin McMillan, Ex-M. P. P., of Covehead, P. E. I., his mother being Annie McMillan Daag. We are indebted to Mr. George Abbott of Union Road, for the above information.

It is a long way off but something to look forward to. Jimmie Wry, President of the Maritime Hockey Association, states that he feels confident the Allan Cup finals of 1936 will be awarded to the Maritimes. 1934 will go to Toronto and 1935 to Western Canada.

The good old system of yards will be replaced at some of the athletic meetings in the U. S. A. Some of the large universities like Harvard, Princeton and Yale will use the metric system. We presume this is to bring the timing more in conformity with Olympic times and records.

Bill Cook, the hero of the New York Rangers-Maple Leafs playoffs, scorer of the winning and only goal in the last game, served during the War in the Canadian Field Artillery. His buddy was on hand at the conclusion of the game to receive Bill's hockey sweater. Cook, according to Shaw, is over thirty-eight years of age.

Percy Nicklin in an interview given in Vancouver says: "We have faced stiffer competition in our three team league than in any of the playoffs since we left Moncton." We felt that we were looking

at high class hockey but now we are sure of it.

U. S. A. teams have made a better showing in hockey in 1933 than any previous year we remember of. The New York Rangers won the Stanley Cup, world's professional hockey championship, Boston Cubs the Canadian-American League Championship. The three most valuable players in the National League are Eddie Shore, defenseman of Boston Bruins, Frank Boucher, centre of New York Rangers and Tiny Thompson the Bruins goalie.

Manager Gilbert and associates of the Saint John Forum are making a drive to secure funds to install an artificial ice plant in the Saint John Forum. In order for Saint John to compete successfully in the hockey circuit with Moncton, Halifax and Charlottetown, this would be almost a necessity.

In Babe Ruth's colorful career on the baseball diamond he has struck 653 home runs. That was up to and including last Saturday.

Toronto and Hamilton runners made a wonderful showing in the Boston Marathon of last Wednesday when Dave Komonen and Harold Niding of Toronto and Harold Webster of Hamilton, finished second, third and fourth respectively, to Lester Pawson, who broke all existing records by covering the twenty-six miles 385 yards in two hours, thirty-one minutes, one and three-fifths seconds. The former record was made by Johnny Miles

BUSINESS

(Continued from Page 1) cent. The cotton market failed to hold and upswing in the early dealings of 75 to 90 cents a bale, but compared to yesterday's final prices, finished unchanged to 25 cents higher. The textile markets were strong. Despite the subsiding of some of the markets, business news was cheerful. The weekly Mercantile Review of Dun & Bradstreet said the usual let down in retail trade after Easter had failed to materialize, and that volume was holding close to the levels of the Easter shopping period of the past fortnight. The wave of public buying, it said, appeared "to be far from having reached its crest."

The rebound in the United States dollar was attributed chiefly to short covering by European bear speculators, but may also have reflected transfer of funds to pay for commitments made in speculative markets from other countries in the past day or two. Wall Street comment on the \$3,000,000,000 credit or currency expansion proposal of President Roosevelt was mixed, and some bankers opposed certain aspects of it, but some leading banking quarters said the measures would be effective in stimulating prices and business, and should not be regarded as dangerously inflationary. The provision for credit expansion through open market purchases of Government securities by the Federal reserve system found strong support in some banking circles.

The United States dollar, which had had an indicated depreciation of around 13 percent at recent high levels for such gold currencies as the French franc and the Dutch guilder, was only down about seven or eight percent on the basis of today's final prices for those currencies.

MANY

(Continued from Page 1) work on the building, Mr. Byers said: "It is thoroughly well built; we have done a good job." He felt the Board should be congratulated upon having such a splendid new hospital which will be of so much benefit to the community. He considered the Board had been wise in spreading the building over the ground space, particularly when they had such a fine site, which with planting and landscaping, will make of the hospital one of the many beauty spots of the city. To build a high building on such a site would not be so satisfying.

Mr. Byers told the Board that the fire resistance of the building is unquestionably high grade. Also that the new Prince Edward Island Hospital had set a precedent for low cost per hospital bed, namely \$2,000 to \$2,200. He compared this with other hospitals where bed costs have run from \$2,800, \$3,000, \$3,200, \$3,300 up to \$4,000 per bed.

Colt Racing

Sir,—Having read a great deal about colt racing, and especially the articles of the esteemed horsemen, Capt. John L. Read and Dr. Christopher, and knowing of a lot of well bred colts foaled in 1932 on P. E. Island, the undersigned in order to encourage the farmers and horse breeders of this province to develop and sell colts at an early age, as they do in other places, and not have our buyers going to the Old Glory sale to pay big prices for colts which can be raised in our own province as well as any place in the world, we offer the following suggestion as the most practical method. That is to say, we have decided to organize the P. E. Island Futurity Colt Race to take place in 1934 for colts foaled in 1932. Entrance fees to be as follows: May 15, 1933, \$2.00; Aug. 15, 1933, \$2.00; Nov. 15, 1933, \$2.00; Feb. 15, 1934, \$2.00; May 15, 1934, \$2.00; Aug. 1, 1934, \$5.00; final payment. All colts to be named by May 15, 1934 to be raced in Summerside or any track offering the best inducement. All entries to be made to John O. Cobb, Secretary, Box 512, Summerside.

W. B. McARTHUR,
GORDON W. DAWSON.

DEATHS

JAY—At Pisquid West, April 22, 1933, John Jay, aged 68 years. Funeral Sunday at 2.30.

DOWN THE BACK STRETCH

The Charlottetown Driving Park track is drying up fast and will be in apple pie order by May 1st. It is being used every day by local horsemen and while a bit heavy is ideal for spring training.

Among the horses being exercised daily over the above track are Volo Rico 2.04, Heatherbell 2.09 1-2, Orola 2.21, Johnny Miles 2.17 1-4, Golden 2.12, Hush 2.10 and a lot of new prospects.

One of the best green pacers that has showed up for years in this vicinity is Frisco Chenault, which last winter won a race in 34 seconds over the ice. He is four years old by Frisco Direct 2.17 1-4, dam Charlotte Simpson 2.16 1-4 by Peter Chenault 2.04 1-2. He is a very strongly built horse and paces very smooth and very fast. We look to see him take a record of 2.14 or better this year. This colt is owned by Power Bros., City.

Volo Rico 2.04 is stronger and heavier than at any time since he came to P. E. Island. The heavy footing at the track does not disturb him in the least and he seems to have all kinds of strength and vim. Watch for him this season over the twice arounds.

The many friends of the game little pacer Billy Cope 2.10 3-4, the "track record buster", will be sorry to learn that he has suffered an injury through cutting his quarter some weeks ago and has been more or less on the shelf ever since, but we understand will be O. K. in the course of a week or two.

The coming season bids fair to be of exceptional interest in harness racing locally, as more horses

are being trained than ever before in this Province and new ones are spoken of to come here almost daily. We have it on fairly good authority that the Henry Clukey stable of Maine will domicile here. If so they will furnish good competition for Lucky Lindy, Billy Cope and our other fast class pacers and fast record trotters.

Local horsemen need not, however, become too apprehensive over Maine horses who race here. We have been visited by the best of Maine and New Brunswick circuit for years without their taking away more than their share of the purse money.

The many friends of "Red" Hanafin who was with us last summer are looking forward to another visit here with his string. "Red" has written to a party in Charlottetown stating that he is anxious to come and it is up to the owner. We hope he says Yes.

James Arbing, familiarly known as "Jiggy", who has had a lot of experience covering a number of years training and driving race horses, will this spring and summer, we understand, devote his attention entirely to training and racing horses. "Jiggy" is a great feeder and his horses always look well. He is also a good balancer and possesses a light hand and good driving skill, so should make his presence felt with the best of them at the races.

Among the horses which will be campaigned by "Jiggy" is Frank J. Ortolan 2.13, owned by Sampson Grady of Summerside. This is one of the best trotters in Canada.
