THE MILKMAID IS VANISHING

Toronto, April 27. To Loosen The Cough

AND BRING ABOUT A THROUGH CURE OF COLD USE Dr. Chase's SYRUP OF Linsced and Turpentine

It is sometimes dangerous to stop a cough. The aim should be to loosen the cough, relieve the tightness and pain in the chest and avoid expectation, so that the obstructing and irritating mass may be passed out of the air passages.

It is not a secret cough mixture, and not intended to stop the cough, but rather to cure the cold.

Not only is Dr. Chase's Syrup of Linsced and Turpentine a positive cure for croup, bronchitis, whooping cough, asthma and severe chest colds, but is also a preventive of all diseases of the lungs.

It has time and again proven its right to a place in every home, and is the stand by in thousands of families.

Miss Ada O'Brien, Cape Cove, Gaspe County, Que., writes: "Eight months ago I was taken with a severe cough, which lasted three months, and though I had tried all sorts of medicines, they failed to do me any good."
