**Willkie Appoints Campaign Leader**

WASHINGTON, July 10 (AP)—Wendell L. Willkie today entrusted the direction of his Republican Presidential campaign to a 36-year-old New England bachelor—Representative Joseph W. Martin, Jr. of Massachusetts—and then left by plane for a "long sleep" in the Colorado mountains.

Before departing Willkie said he would seek support from "Independent Democrats."

Martin, House of Representatives minority leader and North Attleboro, Mass., publisher, was chosen as the new chairman of the Republican National Committee and campaign manager by the unanimous vote of a National Committee sub-committee on Willkie's personal recommendation.

Russell Davenport of New York, former managing editor of Fortune Magazine, will serve as Willkie's personal representative in collaboration with Martin.

**"Guest Children" Term Applauded**

OTTAWA, July 10 (CP)—The term "refugee children" and "Evacuees" were banished in the House of Commons yesterday afternoon and replaced by the terms "guest children" and "guest child" on the suggestion of Arthur Slaght (Lib., Parry Sound).

Mr. Slaght thought the terms "refugee" and "evacuee" were not fair to the children and should not be used. He was applauded by all parties.

The suggestion came during consideration of the budget resolution covering exemption under the income tax act and in subsequent speeches members substituted the term "guest children" where a few minutes before they were calling them refugees.

**Oriental Jailed For Sit-Down Strike**

AN EASTERN CANADIAN PORT, July 10 (CP)—A Chinese seaman—one of 13 arrested for an alleged sit-down strike—denied in court yesterday a statement of his captain that he had threatened to "set fire" to their ship.

Through an interpreter, he reported that he had meant the vessel would probably be "fired" when she reached her destination. It was presumed he referred to a fate he expected her to suffer at hostile hands in the war.

**ALL COLD AND HOT FOR BRITISH NAVY**

LONDON, July 9 (CP)—Life on the ocean wave in one of His Majesty's ships is an exacting business even when the enemy is not sighted, in air or on sea.

"Naval Eyewitness" gave this account after a 10-day voyage on a cruiser which has been in northern waters almost since war began.

They've had ice, snow, blizzards and gales and on occasions have been 13 or 14 days at sea followed by a few hours in harbor and then off to sea again. In 2-1/2 years this ship steamed about 42,000 miles. In the first six months of the war she covered 45,000 miles and had steamed on in the main engines for 160 days out of a possible 185.

In three months, 87 per cent of her officers and men never set foot out of their ship. One petty officer was not ashore for six months. Week after week, month after month, the eternal watch-keeping and vigilance continued—and still continues—on the bridge, at the lookout stations, at the guns, in the engine and boiler rooms and in the wireless cabinets.

Official messages came crackling through the ether but for the majority their only links with the outside world were the mails and the newspapers when they returned to harbor, and at sea the regular news bulletins of the B.B.C.

**AIRPLANE SHOT IN GOLF GAME**

SPRINGFIELD, Ill., July 5 (CP)—Well, here's modern golf. A game in which a player makes his first shot from an airplane has been inaugurated here.

Each golfer is taken up in an open cockpit plane. As it soars over the course at a low altitude, the player tries to drop a ball close to the green to be played. Then the plane lands and the golfer must rely on his clubs. The scores? Par is still mighty fine.

LONDON (CP)—Profits from Sir Neville Henderson's "Failure of a Mission" will be given to the fund providing for education in English of foreign-born wives and children of Britishers returned to England from Europe as refugees.

**Coalition Govt. For Manitoba?**

WINNIPEG, July 10—The Free Press yesterday says a coalition government in Manitoba is a possibility before the next provincial election, according to reports prevalent at the legislative Buildings.

"The matter has been discussed by both the Conservative and Government groups, it is said, but nothing is available, so far, as to whether any definite commitments have been made by either one of the principals." The Free Press added, "Whether the C.C.F. and Social Credit parties will be included in the offer for a Union government is not known."

Present standing of the legislature is: Liberal-Progressive (Government) 23; Conservative 15; Independents 4; Social Credit 5; Communist 1; C.C.F. 5; with two vacancies. Social Credit members have lent support to the government, whose term expires in 1941.

**CHELTON WOMEN'S INSTITUTE**

The July meeting of Chelton Women's Institute was held at the home of Mrs. Earle Pearson. In the absence of the Secretary, Mrs. Keith Webb was appointed. Meeting opened by repeating Creed. Eight members answered roll call. Minutes of previous meeting were read and approved. Correspondence consisted of a letter of thanks for fruit and kindness given to our Secretary during her illness; a letter re Mission Band work; and one from Institute Branch concerning raising funds for an Ambulance. On the latter, it was decided we give \$10.00 as our share, each member's family to contribute \$1.00.

In connection with our District Convention it was decided we try to get Mrs. Ennis Smith to speak in the afternoon on Red Cross work. Mrs. Earle Pearson will give the address of welcome and we are to provide 3 dozen (tall) paper cups for those who do not bring dishes. Our delegates, Mrs. Heber Schurman's Collection amounted to 47c. The meeting then adjourned, followed by a delicious cup of tea and lunch served by the hostess.

**LONG CREEK SCHOOL**

Following is the report of the annual June examinations:  
 Grade X-1, Mary MacKenzie, 2, Helen MacDonal.  
 Grade VIII-1, Eileen MacKenzie, 2, Phyllis MacEachern, 3, Albert McEwen.

 Grade VI-1, Hollis McEwen, 2, Vera MacLeod, 3, Rose MacLeod.  
 Grade V-1, Irma MacKenzie.  
 Grade IV-1, Shirley Stretch, 2, Floyd Stewart, 3, Walter MacLeod.  
 Grade III Sr.-1, Lawson MacEachern, 2, Eileen MacNeill, 3, Norman McEwen.  
 Grade III Jr.-1, Lorne MacLeod.  
 Grade II-1, Marguerite Stewart and Jackie MacDonal, 2, Norma Stewart, 3, Cheslie MacNeill.  
 Grade I (a) - 1, Ruby McEwen, 2, Betty MacDonald, 3, Reach Turner.  
 Grade I (b) - 1, Jimmie MacLeod, 2, Norman MacLeod.  
 Grade II (c) - 1, Watson MacDonal.

Highest Average in Junior Grades—Shirley Stretch 91.7%.  
 Highest Average, Sr. Grades—Hollis McEwen, 87.6%.

The following had perfect attendance for one year: Ruby McEwen and Phyllis MacEachern. (Patriot please copy)

**Southern Atlantic Legacy**

BY SYDNEY PARKMAN  
 (Continued from page 3)

"That's all" the girl replied, smiling at him affectionately. They passed out of the garden into the little lane running down to the waterfront, and he remained leaning on the gate and looking after them.

They turned when they reached the bottom of the track and waved to him and then he saw Diana slip her arm inside her companion's with a little confiding gesture.

So, arm in arm, they passed from his view.

He stayed where he was for some moments, however, looking out over the narrow strip of blue water at the sunlit hills on the other side of the bay. Then he slowly straightened himself.

"Well, that's the end of a sorry chapter," he said aloud. "But the start of a better one for those two. God bless 'em!"

And he turned back to the house. (THE END.)

MEN LOVE TO BE NEAR THE GIRL WHO'S SWEET. A LUX SOAP BEAUTY BATH PROTECTS DAININESS—MAKES YOU SURE!

Charming Barbara Stanwyck uses gentle Lux Toilet Soap as a daily bath soap, too! Women everywhere are adopting this delightful way of making sure of daintiness. They love the luxury of Lux Toilet Soap's Whipped Cream Lather—it cleanses so thoroughly, leaves skin sweet with such a delicate fragrance.

The Soap With Whipped Cream Lather

The Complexion Soap 9 out of 10 Hollywood Screen Stars Use

ESCAPE "I came to America to get away from this," declared Genevieve Lawson, when she arrived in New York with a parachute doll. Escorted by either parents or friends, 71 English children reached New York July 7.

**Going To Cash System**

On and after July 10th, I will be obliged to go to the strictly cash system of doing business. All my outstanding accounts must be settled by note or cash on or before July 31st. Present day conditions force me to do this in order to carry on.

JUSTIN LARKIN,  
 Five Houses.

**The Health League Of Canada**

The elements necessary to the growth, repair and health of the human body are proteins, minerals, carbohydrates and vitamins, writes Dr. E. W. McHenry, in an article on nutrition in the current issue of "Health," organ of the Health League of Canada.

Milk provides some variety or other of all these requirements. Dr. McHenry states, pointing out that milk is exceptionally rich in calcium, and this is of the greatest importance to infants and children because it helps to form sound, strong bones and teeth.

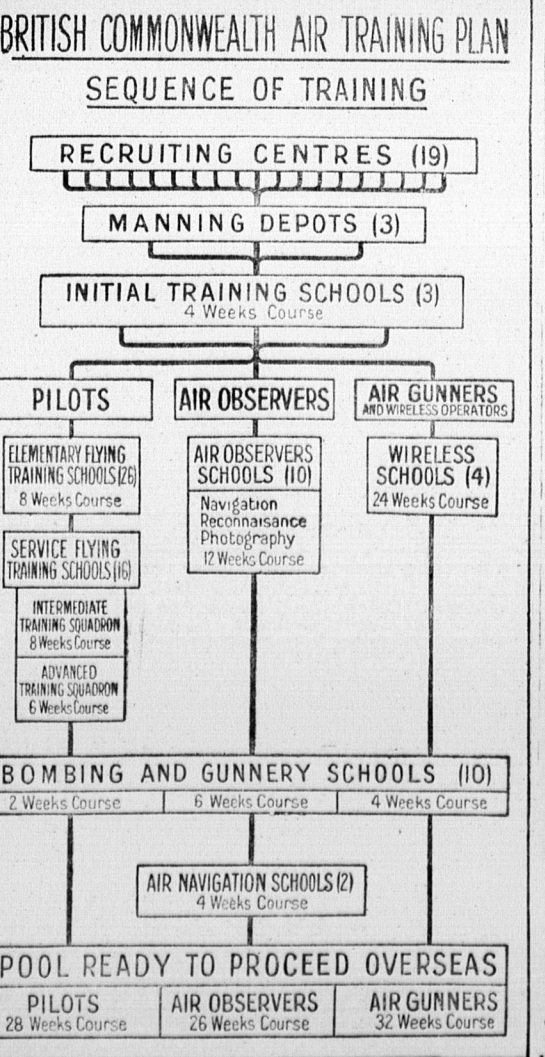

Milk not only is a rich source of vitamin A, but supplies the best protein, one of that is especially helpful to growth, the article continues. And, too, milk supplies two more excellent and essential foods, cheese and butter. Cheese contains calcium in the proportion of one-quarter of a pound to a quart of milk.

Eggs are an indispensable item of diet, the article asserts. They furnish protein, fat and vitamins and also the iron which the body must have.

"The mother who can supply her family with plenty of milk, cheese, butter and eggs need worry very little about the health of her brood," Dr. McHenry states. "She has already provided most of the essentials of nutritious diet, and her chief concern will be variety of preparation."

Keep Minard's in the home.

**Set-Up of Air Training Plan**

**Re-Establishment Farmer's Creditors Act Demanded**

OTTAWA, July 10 (CP)—After hearing a unanimous demand from representatives of all parties in the Manitoba Legislature for re-establishment in Manitoba of the Farmers' Creditors Arrangement Act, the Senate Committee on banking and finance yesterday approved 12 to 10 an amendment to the act to include Manitoba under its provisions.

The bill to amend the Act, approved by the House of Commons now returns to the Senate.

It provides for boards of review to hear the cases of farmers pressed to the point of bankruptcy by debt and mortgage and empowers these boards to ameliorate their condition by scaling down of debts.

**Good Fishing In Maritimes**

MONCTON, N. B., July 8—Reports reaching the fish and game department of the Canadian National Railways here indicate that the Maritime Provinces will have one of its most successful angling seasons in years.

In New Brunswick fresh salmon in considerable numbers are now making their vernal pilgrimage up the Miramichi river and branches and a good run of heavy fish is reported on the Restigouche. Reports are also favorable for the Saint John and Tobique rivers. On the Miramichi, Charles B. Gilette of Baltimore, his son and daughter landed ten nice fish in two days' fishing. Charles Hall of Rookport, Mass., landed a 21-pound salmon in front of his camp at Bolesdown, a prize winning trout tipped the scales at three pounds 2 1/2 ounces. Some fine salmon catches have been made on the Mersey while the Margaree river is giving indications of coming back to its old-time form.

Trout fishing on Prince Edward Island is good and anglers are reporting some excellent specimens of the finny tribe.

**Controversy Over Shanghai Incident**

WASHINGTON, July 10 (AP)—A continuing controversy between United States and Japanese military authorities in Shanghai was looked upon with growing concern in official quarters last night, despite statements by both State Secretary Cordell Hull and the Japanese ambassador that the matter should be settled locally.

Pears were expressed in some quarters that the Japanese army might seek to fan the incident into larger proportions in an effort to create a sweeping asiatic challenge to foreign powers. The dispute grew out of the arrest by United States marines of Japanese plainclothes gendarmes in the American sector of the International Settlement.

With far eastern events taking a more serious turn generally, President Roosevelt told reporters that there were no present plans to move the main body of the United States fleet from Hawaiian waters. There had been some speculation that it might be brought to the Panama Canal vicinity.

Hull called for usual prudence.

**Free-Will Offerings For War Effort**

OTTAWA, July 10 (CP)—The flow of free-will offerings to Canada's war cause continues and the director of public information last night announced further large money gifts.

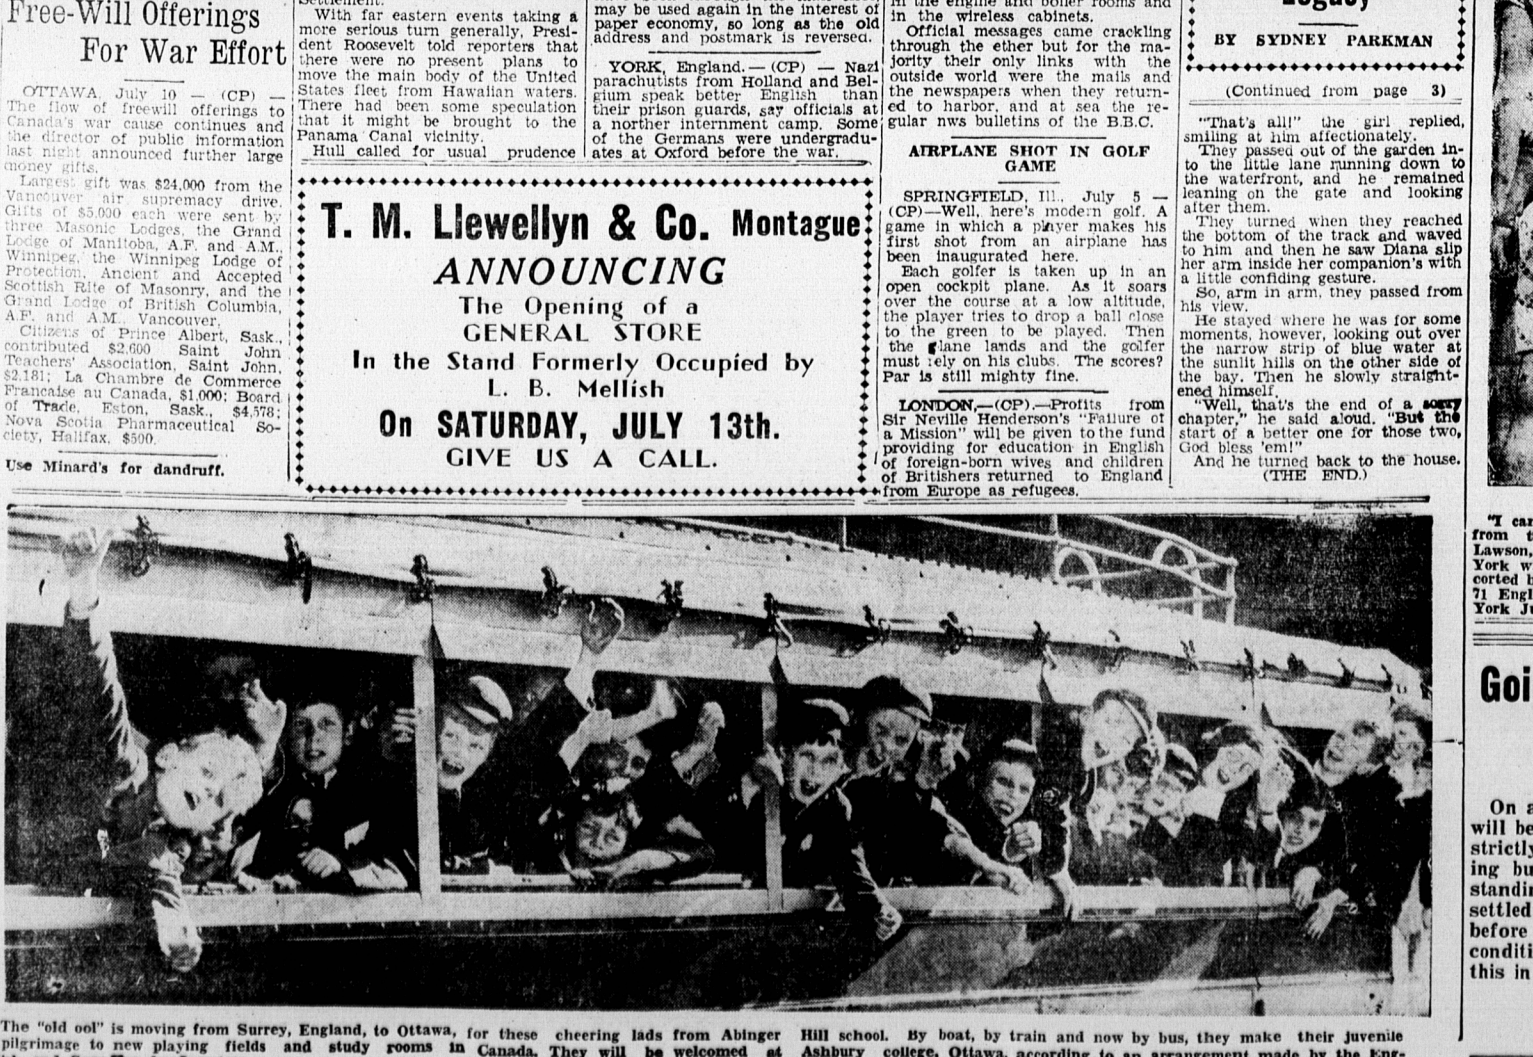

Largest gift was \$24,000 from the Vancouver air supremacy drive. Gifts of \$5,000 each were sent by three Masonic Lodges, the Grand Lodge of Manitoba, A.F. and A.M., Winnipeg, the Winnipeg Lodge of Protection, Ancient and Accepted Scottish Rite of Masonry, and the Grand Lodge of British Columbia, A.F. and A.M., Vancouver.

Citizens of Prince Albert, Sask., contributed \$2,600. Saint John Teachers' Association, Saint John, \$2,100; La Chambre de Commerce Française at Canada, \$1,000; Board of Trade, Eston, Sask., \$4,700; Nova Scotia Pharmaceutical Society, Halifax, \$500.

Use Minard's for dandruff.

**T. M. Llewellyn & Co. Montague ANNOUNCING**

The Opening of a GENERAL STORE  
 In the Stand Formerly Occupied by L. B. Mellish  
 On SATURDAY, JULY 13th.  
 GIVE US A CALL.

The "old ool" is moving from Surrey, England, to Ottawa, for these cheering lads from Abinger Hill school. By boat, by train and now by bus, they make their juvenile pilgrimage to new playing fields and study rooms in Canada. They will be welcomed at Ashbury college, Ottawa, according to an arrangement made by the English and Canadian headmasters.
