HORSE SHOERS

AN EATING ULCER.

Ulcers are a skin disease, and are more or less directly occasioned by a bad state of the blood, which produces acrid humors and corrupts the secretions.

No one can expect to have a skin free from disease when the blood is in a disordered condition and the stomach and bowels acting feebly in consequence.

Through its wonderful cleansing, purifying powers on the blood, and its renovating action on the entire system, Burdock Blood Bitters has made thousands of cures of different skin diseases during the past thirty years it has been on the market.

Mrs. Joseph Robinson, Hallerton, Que., writes: "I had an eating ulcer on my ankle. I took two bottles of Burdock Blood Bitters and it worked like a charm, cleaning out all the impurities from my system and improving my appetite. While taking the B.B.B. internally I used it externally to cleanse the sore, and it helped a lot."

The Foundation of Every "Progress" Coat

The good looks, and shape, and wear, too—of a "Progress Brand" Coat, depend on the part you never see—the INSIDE.

This figure shows the anatomy of "Progress Brand" Coats. The patent sleeve and shoulder pads—the strong felt, genuine hair-cloth and thoroughly shrunken canvas. This foundation is moulded by hand and held by hand stitches.

It is this perfect building of the foundation that gives perfection to the finished "Progress Brand" garment.

"Progress Brand" Suits and Overcoats prove that they are made right, by the wear they give.
