COVEHEAD PASTORAL CHARGE.—United Church Services for Sunday, Aug. 14th are West Covehead, 11 a. m., Stanhope 3 p. m., Union Road 7.30 p. m.

CAR ACCIDENT. —About 11.45 last evening a car, the occupants of which are unknown, ran up on the curb on Sunnyside, directly in front of the Bank of Nova Scotia building colliding with an iron lamp post which was almost overturned. A large quantity of broken glass was left about as evidence of the affair. Details of the accident are lacking as the occupants made themselves scarce immediately after.

Presbyterian Summer School

The interest in the summer school is increasing daily. The lectures given by all of the leaders are of a high order. A very pleasant afternoon was spent at the Experimental Farm yesterday. All who went on the outing are very grateful to Murdock and Mrs. McLennan for the splendid way in which they were entertained while at the Farm. Their kindness to the visitors will not soon be forgotten.

The regular classes are being held today from 9—12.30. The evening address will be given in Zion Church Hall by Rev. J. G. Tukster of Toronto. All are cordially invited to attend all of these meetings.

Pilots Chosen For London To London Flight

(Canadian Press)

LONDON, Ont., Aug. 10.—Capt. T. B. Tully, for the past several years Superintendent of the Ontario Government air service at Sault Ste. Marie, with Lieutenant James V. Medcalf, of the same service, have been chosen pilots for the London, Ont., to London, Eng., non stop flight. They signed their contracts today with Charles Burns, donor of the $25,000 prize for the flight and left at once for Detroit to take charge of the Stinzon monoplane scheduled to be completed and fully equipped with all navigation instruments in time for delivery in London next Monday.

The pilots hope to be ready for a take-off if weather is favorable any time after August.

Orders Received For Jubilee Stamps

(Canadian Press)

OTTAWA, Ont., Aug. 10.—The Canadian post office has benefited by several thousand dollars by the sale of Diamond Jubilee of Confederation issue of postage stamps in countries outside of this Dominion. Orders have been received for this issue of stamps from collectors and philatelists from almost every country in the world covered by the postal union, either for their private collections or for re-sale. In every case, the stamps have been sold by the post office department at face value.

Speech Restored By Nightmare

(By British United Press)

LONDON, August 10. — An exsoldier's vivid nightmare, in which he dreamed that he was being bayoneted, has been the means of restoring his voice, which he lost ten years ago when gassed at Passchendaele.

He is Ernest William Dennett, of Woodbridge, Sussex, once a private in the R. A. M. C. and now a bootmaker.

"I was in the trenches in October 1917, when I was badly gassed, losing both my voice and sight," he said the other day. "The blindness only lasted a month, but my voice never returned, and until the miracle happened a few days ago I could only whisper feebly.

"I went last Saturday to see a film called 'Siberia' which depicted scenes in the Russian revolution. It was terribly realistic and

INTERESTING FIGURES

The opinion has been expressed in some quarters that the tourist traffic to the Island has slumped this season. What should give rise to such is not quite clear, but nevertheless the following comparative figures, obtained from Mr. P. W. Clarkin, District C. N. R. Passenger Agent and Mr. John Harris, purser of the Hochelaga should go to disprove this.

The tourist auto traffic from Tormentine to Borden for 1926 and 1927 is as follows.

	1926	1927
May	26	116
June	237	363
July	633	798

The total passenger traffic from Tormentine to Borden for the months of June and July of the years 1926 and '27 is:

	1926	1927
June	2629	3156
July	4189	6235

Traffic by the Hochelaga (Autos)

	1926	1927
June	70	79
July	145	212

(Passengers)

	1926	1927
June	511	711
July	1619	1372

Comparison of the figures for the months of June and July for the two years shows that there were by Borden for this year 291 more cars and 2573 more passengers than for the same two months of 1926. By the Hochelaga for the same two months there were 73 more cars this year and 47 fewer passengers. Making a total of 367 more cars and 2526 more passengers for 1927 via Borden and the Pictou route.

In 1926 by Borden and the Hochelaga for the months of June and July there were 3948 passengers and 1085 cars, for 1927 there were 11,474 passengers and 1452 cars. Although figures are not on hand to show the outgoing passenger traffic by the Hochelaga yet for the year 1926 during the months of June and July, 3753 persons left the Island, 1658 in June and 2095 for July and in 1927 during the same periods 6467 left the Island—2192 in June and 4275 in July.

It is noticeable that there is quite a number of Nova Scotia cars on the Island this year. This is, without doubt due to the fact that last spring the Tourist Association sent 10,000 circulars to auto owners in Nova Scotia, which contained information of interest to vacationists. The Tourist Association are to be commended for their efforts to advertise the Island and to turn the tourist tide in the direction of the Garden of the Gulf. This idea of concentrating upon a different province each year is a good one as it bore fruition this year in the great number of Nova Scotia tourists to our shores.

No doubt many of the outgoing passengers are Islanders touring temporarily abroad and will return before the end of the season.

I dreamed about it that night.

"I remember in the dream a dreadful-looking man rushing towards me with rifle and bayonet. I was terrified and felt the pain as the cold steel went through me. I woke to find my mother in the room.

"She said, 'You shouted Oh!' And then I spoke and heard my voice for the first time since I was gassed."

Cheerfulness is not merely a matter of choice; it is an obligation we owe to those about us.

FAST RACING AND CLOSE FINISHES AT MONTAGUE

The Largest Gathering Ever To Attend Montague Horse Races Witnesses Fast Racing And Close Finishes Yesterday. Each Class Raced To A Finish On Account Of No Ruling Being Published To End At End Of Fifth Heat. Dan Patchen, British Ginger And Aubrianna Win Their Classes Races.

Yesterday all roads led to Montague when the largest gathering of people ever to attend Montague Horse Races assembled and were treated to three classes of exceptionally fine horse racing.

With all the preparation for catering to the large crowds of people, yesterday was one of the days in which the people more than outdone the catering and many had to seek the Hotels to appease their appetites.

The horse racing was the best seen in Montague for some time and due to the ruling of races to finish at end of fifth heat not be published, the large crowds were treated to two extra heats for which they all eagerly awaited.

In the 2.17 Trot and Pace the race had to go to six heats before it was finally decided, Dan Patchen winning out from Bud Hal, after losing the first heat to the Harvester Horse and the second to Bud Hal but came back to win the third, fifth and sixth and the money.

British Ginger won the 2.20 Trot in three straight and the 2.27 was fought out to six heats between Aubrianna and Igo. Aubrianna taking the last three to win first money.

In the first heat of the 2.17 Trot and Pace five starters came to the wire and got away well bunched, Gordon Harvester winning out in a close finish from Dan Patchen in the fastest time of the day 2.17 2-5.

In the second heat, Bud Hal shot away at the start, with the Patchen horse right at his wheel, Gordon Harvester and Edgarton going to a break on the back stretch the race was between Bud Hal and Dan Patchen and it was a hot drive to the wire with Bud Hal getting a close verdict.

In the third heat the horse got away the second time down all garton and Bud Hal going off their feet on the back stretch, Gordon Harvester and Patchen races neck and neck to the half when Patchen stepped into the lead winning easily.

In the fourth the horses went away the second time down all bunched to the first turn when Bud Hal went into the lead, the Patchen Horse gave him a lively drive to the wire, but Bud was too much and won by two lengths.

In the fifth heat they got away on the first score, Bud Hal going to a break at the first turn, Gordon Harvester and Dan Patchen trotting wheel to wheel to the quarter and kept the same position to the half when the Patchen Horse pulled out and won the heat by three lngths, Bud Hal recovering from his break coming up to second place.

The sixth heat the two horses got away on the first trip down, Patchen shooting out in front and Bud Hal losing his feet at the first turn, recovering he give chase to the Patchen Horse but could not get up within striking distance.

The 2.20 trot brought six starters to the wire and after considerable scoring the horses got away, this possibly was the nicest heat of the day, Acaclaville leading until the home stretch was reached when British Ginger came up even and in one of the best drives down the stretch shoved his nose out at the wire.

The second heat also took a lot of scoring before they got away and in one of the times down two sulkies tuched and Willard Kelly was unseated but gamely held his horse and brought him to a halt, receiving a big hand from the stands, after getting away the Pup and Captain Jackson broke recovering the first five bunched to the three quarters, from here the Ginger horse steadily crept ahead and won by three lengths.

The third heat was a dandy, all getting away bunched on the seventh score, Peter Verde jumped into the lead and held it to the half Captain Jackson who was well up and travelling good went off his feet at the half, Peter Verde and British Ginger coming together at th half, raced in the same style to the three quarters and to the stretch and staging the most interesting drive down the stretch of the day, whips playing their part till the Ginger Horse slowly but surely forged ahead and won the heat and first money.

The first heat of the 2.27 Trot and Pace, eight horses came to the wire and took some scoring to get them away the first time but after getting away Jessica the Great stepped right out in front and held this position to the wire, Igo giving her a wonderful dash to the wire, another spill occurred in this heat when Evelyn Aubrey with Ing up, took a tumble on the back stretch and went down, and out of the race, Yorkolo finishing third.

The second heat was a parade around with Jessica leading until coming into the stretch when Igo slipped up and won out by a neck.

In the third heat the horses went away in the fourth score, Belle Rico out in front to the half when Jessica and Igo came up and went neck and neck to the stretch where Igo showed too much speed again to the wire.

In the fourth heat they got away the second time down Igo in the lead at the quarter, at the half Aubrianna came up and they raced wheel to wheel to the three quartrs and raced together to the stretch and on a hard drive down Aubrianna won out at the wire.

The fifth heat the horses got away the first time down, Aubrianna going into the lead, Jessica stepping out in front to the quarter, Aubrianna again pulling up raced neck and neck with Jessica to the half, Aubrianna swinging into the lead at the three quarters and holding to win easily, Igo stepping into second place.

In the sixth only horses for the first money raced, Igo and Aubrianna, they got away on the first trip down, Aubrianna stepping out in front and holding to win by a nice margin.

OFFICIALS

Starter—Mr. Fred Wright, Summerside.

Judges—Messrs. R. J. Steele, Charlottetown, George Calbeck, Summerside and James Arbing, Charlottetown.

Timers—Dr. A. Lockhart, Kensington and J. M. Kearney, Sturgeon.

The Caledonia Pipe Band furnished good lively pipe music during the afternoon and Mr. Wallace Scantlebury and Mr. Henry entertained the gathering with a good exhibition of bar work. Also Mr. Scantlebury gave an exhibition of club swinging which was much appreciated.

BOXING

Four three-round bouts were staged before a large and appreciative audience. In the first bout between Alfred Donovan and Preston Donovan, the former won the decision. The following resulted in a draw: McDonald vs. Steele; J. Connolly vs. R. Pachel; L. Gauthier vs. W. Longaphie.

REGINALD DENNY IN BIG LAUGH HIT AND SEA CADETS BAND AT PRINCE EDWARD

Last Appearances of Boys Band today.

If you would laugh until you quiver and palpitate, see Reginald Denny's latest farce. It is entitled "Take it from me," and it is playing now at the Prince Edward Theater.

Denny, star of many excellent farces, is at his very best in this light and frothy comedy, and dashes through it with an air of serious abandon that would rip laughs from the most solemn of men.

Ben Hendricks, Jr., and Lee Moran, as the blundering floorwalkers of Denny's department store, give the comedian capable support in provoking the risibilities of the audiences.

Blanche Mehaffey graces the picture as the feminine lead with a large stock of personality and an Irish smile that is hypontic when it is not actually dazzling.

Lucien Littlefield as a dyspeptic business man and Ethel Wales as a chronically unpleasant business spinister add much solemn merriment to the production, as do Tom O'Brien, Jean Tolley, Bertram Johns, Vera Lewis and the other members of the cast.

The Sea Cadets Band gave another of their wonderful concerts yesterday to highly delighted audiences and as on the two proceeding days won instinted applause. This is positively the last appearance of this wonderful band. Hear them by all means today.

The Markets

MONTREAL, Aug. 10. — There was an improved demand from the United kingdom and the continent for American hard winter wheat here today, and as the prices bid were in line with local exporters' viws a fair amount of business was accomplished. The trade in Canadian spring wheat grades and coarse grains was quiet.

A feature of the domestic cash grain market was the demand from exporters for Manitoba No. 5 and No. 6 wheat and sales of quite a few loads were made at c. i. f. prices here. The local demand for coarse grains was quiet. Argentine corn was stronger at an advance of one cent per bushel with car lots quoted at $1.05.

The flour market was without any special feature to note, prices for spring and winter wheat grades being well maintained under a good demand.

An active business was done in all lines of millfeed and the undertone was firm. The trade in standard grades of rolled oats was quiet but prices were unchanged.

The egg market was moderately active and firm. The receipts were 1,517 cases.

Prices for all grades of butter were firmly maintained and the demand continued good. The receipts were 109 packages.

The demand for cheese was again inactive but prices ruled steady. The receipts were 10,448 boxes.

Bewitched Golf Ball

(By British United Press)

LONDON August 10. — H. M. Kelly, the Kettering Golf Club professional, has just had a remarkable experience.

He played a ball into long grass, and was about to strike when it moved to and fro without any apparent reason.

Having regard to the laws of the game, he decided not to lift it to investigate, but to make his stroke. Onlooker's exclaimed, "The ball's bewitched," for, strangely enough, when he raised his club, the ball again wobbled mysteriously.

Then followed a mighty "swish", and the ball went off on its flight, and something else rose in the air simultaneously. It was a small toad on whose back the ball had rested.

Minard's Liniment for toothache.

The Public Forum

LOCAL CHIEF OF POLICE

Sir,—Having read a letter of "Citizen" in a recent issue of the Patriot, regarding the appointment of a Chief of Police for the City, I would just like to add, that as a Citizen and Tax-Payer, that the sentiments of "Citizen" are endorsed by all the good people of the City.

The City Fathers have had their regular meeting and why not take the rate-payers into their confidence, and tell them whether we are to have a Chief of Police or just carry on with an Acting Chief of Police.

It would seem that something definite should be done regarding the appointment of a Chief of Police and also additional officers.

Good work is being done by our policemen. Inspection of car brakes etc., is a capital idea.

The attention of the Street Committee might be called to the bad conditions of the Outer Brighton Road and the Park Boardway.

Thanking for your space,

I am, Sir, etc.,

ANOTHER CITIZEN

Demonstration In London In Favor Of Sacco, Vanzetti

(Canadian Press)

LONDON, Aug. 10. — Late tonight after a demonstration in favor of Sacco and Vanzetti in Hyde Park, crowds estimated to number 10,000 marched down Park Lane, passing near Buckingham Palace, to the United States embassy where they were dispersed by a strong force of foot and Mounted Police. The demonstrators who were singing the International and carrying red banners became packed and immovable when they joined thousands of other spectators in Groven Garden's opposite the Embassy.

Mounted Police riding four and six abreast, charged at a canter in to the throng. The people fled in a panic as fast as the human masses could be disolved and amid the screams of women and outcries and curses of men scores of people were crushed into doorways where cries of distress arose and shouts of "There are children here."

COURTNEY'S HOP OFF IS AGAIN POSTPONED

SOUTHAMPTON, Aug. 10.—Owing to adverse wind reports, Captain Frank T. Courtney, decided at nine a. m. that he would not make an attempt this morning to fly to Valentia, Ireland, on the first lap of his trans-Atlantic flight. He had been studying weather conditions since 3 p. m., at which time his flying boat the "Whale", was made ready for the hop-off, as he expected to get away about 6.30 a. m. Just when he plans to start now has not been announced.
