ATTENTION
Lobster Fishermen & Packers
It has been brought to our attention by several of our members that due to carelessness and neglect in handling of live lobsters that thousands of dollars are being lost annually by fishermen and packers. This Federation advises fishermen to use more care because a slight bruise means a dead lobster before shipping or canning, and a considerable portion of the loss eventually is borne by the fishermen.

ATTENTION MILK CONSUMERS

During the past three years the Government has actually paid TWO CENTS on every quart of milk purchased by consumers in Canada. Every cent of this subsidy was passed along to consumers by your dairy, not a fraction was retained for the very considerable amount of work it entailed. There was a flat TWO CENT price reduction on EVERY quart bottle sold.
Now the Government has decided to discontinue the CONSUMERS' MILK SUBSIDY. Your dairy is NOT increasing the price as a result. The increase which you must pay will not mean a cent more to either you, your dairy or to farmers. YOU are being called upon to pay the TWO CENTS instead of the Government paying it for you.
After May 31st Consumers are asked to put two cents in their bottle with each ticket purchased at the May price.
