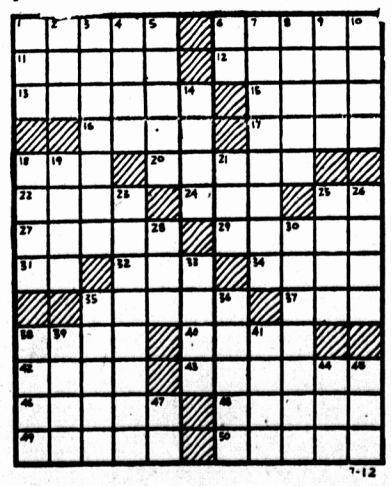
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

W T E R S M S L D C E E S Y M C F Y M M S
J D S E M G D S J U Y O S T S B U O S D I G Y B
G Y B M S G — U O C B.
