Bangor, Me. Driver At Exhibition Track Wears Colors Of The John Kelly Stable. Had An Interesting Career With The Hosses.

Through the ages the competition of horse and man has been written with themes rich in color and human appeal. The traditional partnership loosens its bonds. Glamour was the days of old, pressing horse racing is even more moving and gripping than it was in the past. Any trainer of horses can recount that are worth repetition and abundance is an embarrassment to an ordinary newspaper.

The score or so drivers now at the Charlotte Exhibition "Red" Hanifan of Bangor, Me. is perhaps the retainerman whose life story would best illustrate the action and background of racing.

In Norwich, Conn., "Red" naturally by his nickname because of his thatch of reddish blond hair the age of fourteen he was the sulky and before his thirteenth birthday had won three times at such an early age he had the ladder of recognition in 1913 he moved into select Circuit company. In that and the following year he won Earl Junior, 201 1/4, at Andover, Columbus, Kalamazoo, Rapids, Fort Erie, Readville, Hartford, all cities in that renowned loop.

The half mile tracks soared in admiration of the public "Red" took to them. In 1920 he was mental in introducing the free-for-all Ora Fina, 203 1/4, at New Brunswick public. The all mania spread rapidly "Red" brought this great racer

DUKE OF YORK AS HOST

LONDON, Aug. 17.—(By The Canadian Press)—On the invitation of the Duke of York 400 boys are now in camp at Southwold, on the Suffolk coast. Half of the boys are from the historic schools of England such as Eton, Harrow and Winchester, and the other half consist of youths who are already at work with industrial or commercial houses of business. The idea of bringing lads of these two classes together under canvas was started by the Duke of York some years ago. The Duke hopes to spend some time in camp with his guests.

PLEASED WITH SHOWING OF CANADIANS

(By Elmer Dulmage, Canadian Press Staff Writer)
LOS ANGELES, Aug. 17.—Canadian Olympic officials are highly pleased with the showing of the Dominion's team at the olympic games here. Smaller squad of trackmen than was sent overseas to Amsterdam scored more points, made better times and showed more all round strength, even though they won only one championship to two in 1928.

"We brought a smaller team here because of financial difficulties," said M. M. (Bobby) Robinson, Secretary of the Olympic committee. "We have every reason to feel proud of the performances of these men who surpassed anything Canadians accomplished in previous olympics, with the exception, of course, of Percy Williams double victory at Amsterdam.

"We definitely learned one or two things, too. One is that our team should be chosen at least six weeks before the games and placed in training camp a month before competition starts. The expense was too great for us to have done this year."

NEW REGULATIONS TO RAISE STANDARD OF CANADIAN BACON

TORONTO, Aug. 17.—Announcement was made recently by Hon. Thomas L. Kennedy, Provincial Minister of Agriculture, of new regulations that have been adopted by the Province and Dominion jointly, to improve the standards of bacon production.

Ontario's end of the arrangement was ratified by Order-in-Council at a Cabinet Council of the Henry Government yesterday noon.

Under the new regulations what is known as an advanced register of sows is to be established. Pigs from a first litter will have to make 200 pound pork in 200 days, will be slaughtered and their carcasses judged by the Dominion graders and scored for value as bacon. In the event of their being scored as "extra good bacon" the sow will be placed on the proposed advanced register, with proper ear marking or tagging, and the farmer owning her will be bonused to the extent of \$15 to which the Province and the Dominion will contribute equally.

Any boar that is secured from this advanced register of sows, Colonel Kennedy explained, will be looked over by judges at the age of six months, and if showing the right conformation, will earn for its owner the amount of \$15 from the Governments.

Island Aviatrix Wins Handicap Race At Sydney

Mrs. (Dr.) Jack Jenkins Thrills Crowd With P. E. I. Puss Moth — Jr. Jones Second In Race.

(Special to the Guardian)
SYDNEY, Aug. 17.—Maritime air tour opened up in a blaze of glory today. Mrs. (Dr.) Jack Jenkins with her trim little Puss Moth aeroplane captivated the hearts of all Cape Bretoners. She competed on an even footing with all the other pilots and her fifty landings were faultless. Among the notables to fly with Mrs. Jenkins was Colonel, the Honourable Gordon Harrington, Premier of Nova Scotia.

Starting from scratch in the air race, open to all planes, Mrs. Jenkins won the handicap race, the feature event on the programme. The race was won in the last few yards. Flying above the other entries, she put her ship P. E. I. in a power dive and came underneath all the other ships to beat them to the finishing point in a spectacular finish.

The first to congratulate Mrs. Jenkins was Casey Baldwin, the first man to fly in the British Empire. Junior Jones flying ADB was outstanding in his aerobatics and finished second to Mrs. Jenkins.

THE NEW BRUNSWICK TENNIS TOURNAMENT

NEWCASTLE, N. B., Aug. 17.—(By the Canadian Press)—Splendid progress was made here today in running off matches in the classes of events in the New Brunswick tennis championship tournament, with the result that quarter finals were reached. If Jupiter Pluvius is kindly disposed tomorrow and does not sprinkle the courts, the semi-finals in all classes will be played on Friday, with finals Saturday. The playing of the youthfull George Johnston, of the Fredericton Tennis Club, in his match with LeRoy Rennie, of Toronto, former Canadian champion, was the outstanding feature of this afternoon's play. Though defeated by apparently one-sided scores by Rennie, the present New Brunswick champion, the score by no means is an indication of the play, for Johnston gave the Torontonian plenty of trouble, and was in the game all the way.

Highlights

The highlights of this morning's matches were those in which after three fast sets, in which the Saint John and Padenac star brought the galleries applause time and again by his brilliant performance, and the three set struggle in which Sid Bartlett, of Fredericton, eliminated D. F. Taylor, of Halifax, after the prettiest exhibition given in the tournament to date. The dope was upset and one of the seeded players in the women's singles fell by the wayside today, when Miss Gertrude Keating, Moncton, playing in her first major tournament, defeated Louise Manny, one of the province's cleverest players, in three sets of thrilling tennis.

Stirring Match

The most stirring match in the men's doubles event this afternoon was that in which P. D. Ganong, and R. W. Ganong, star of the St. Stephen club, forced Lloyd Keating, Moncton, and J. H. Drummie, Rothesay, 1929 doubles champions, to bitterly contest every game of two long sets before Keating and Drummie were able to snatch a victory. The St. Stephen players had speed to burn, splendid control from the base-line, and the former champions were never able to close in on them at the net.

The surprised father finally interrupted the proceedings. "What's the meaning of this, Jimmy?"

"Oh," said Jimmy, "teacher told us that rabbits multiply rapidly, but this fellow can't even add."

A hearty and unanimous vote of thanks was accorded all who had so ably taken part, and the sentiment was generally expressed that a similar treat, in the near future would be very desirable.

Concert At Belfast

The Belfast Hall was filled by a most appreciative audience on Tuesday evening, when a concert was held in connection with the project of erecting a Community Memorial Hospital at Montague.

During an interval in the musical proceedings the Rev. D. M. Sinclair, lucidly, and in some detail, explained the purpose of the movement, and spoke of its prospects regarding the future, all of which proved very interesting.

The proceedings were capably presided over by the Rev. D. L. Griffiths, Belfast. The program which was of high artistic merit, had been arranged by some of the leading musicians of Montague, and augmented by some of the talent of Eldon. The generous applause and encores which greeted every effort of the singers and instrumentalists, reflecting highly not only upon the artists, but also upon the good taste of the audience. The following items were included in the program.

LATEST WINTER STYLE IN HATS

PARIS, Aug. 17.—Cossack hats were displayed with a form-fitting silhouette today as the last word in winter styles.

Black and colored felt chapeaux, trimmed with black Astrakhan, were worn tipped over the forehead, with virtually skin-tight clothes.

The new silhouette showed shorter skirts, 12 inches from the ground, and had plain bodices and sleeves. The skirts were emphasized by widened and padded shoulders, with the waistline high in front and dropped decidedly in back.

Knitted stocking caps, with a high rolled rim, were the outstanding headgear, with sports wear. The colors were smoke blue, hyacinth blue, cabbage red, granium red and pumice grey.

Day clothes features a new ensemble with a three-quarter length coat, accompanied by fox scarves wrapped close to the throat and draped over the shoulders.

Evening frocks were of silk and jersey, also form-fitting.

An evening innovation was a gold lace dinner jacket worn with matching sleeves on a dinner dress, the skirt of which was 12 inches from the ground.

"What would you do if you had the salary of the Chancellor of the Exchequer?"

"I don't know, but I would like to know what he would do with my salary?"
