### FRIENDS

Be friends with everybody. When you have friends you will know there is somebody who will stand by you. You know the old saying, that if you have a single enemy you will find him everywhere. It doesn't pay to make enemies. Lead the life that will make you kindly and friendly to every one about you and you will be surprised what a happy life you will live.—Charles M. Schwab.

An Italian philosopher expressed in his motto, "that time was his treasure,"—an estate, indeed, which will produce nothing without cultivation, but which will always abundantly repay the labors of industry, and satisfy the most extensive desires, if no part of it be suffered to lie waste by negligence, to be overrun with noxious plants, or laid out for show rather than use.—Dr. Johnson.

### Eye Comfort

For eye workers is a matter of vital importance. From early morn to late at night we "crowd" our eyes relentlessly, from one job to another. How long will they stand it? Are you now enjoying that efficiency and comfort which ought to be yours? Consult us if you are not; You have much to gain, and nothing to lose. In any case the knowledge gained from an examination, makes it well worth while.

**EXCURSIONISTS COMING**—All roads lead to Picou on the morning of July First, Dominion Day, from where the S. S. Surf sails for Charlottetown, P. E. I., returning the same evening, on the First Annual Excursion of the Picou Fire Department. The Cumberland Highlanders' Pipe Band—Picouians every one, though attached to the Cumberland County Regiment—numbering approximately fifteen, ten pipers and five drummers will be in the party. An enviable reputation throughout Maritime Provinces militia regiments is theirs. Among the Band's personnel is Pipe-Major Fraser Holmes, Pipe-Sergeant Jas. Holmes, Corporal John Nicholson, and Drummer (Bass) McEachern. Hoots, she'll be a trip lang tae be remembered. It is not stretching the truth to say that the "Spud Islanders" will be thrilled as never before (though not, we hope, in the same fashion as the Micmacs at the Rector's arrival) when the "Surf" steams into port, with ten strapping Highlanders, and five braw drummers lads, garbed in their picturesque kilted finery, skirling for all their worth with booming drum accompaniment. Bands may come and bands may go, but the pipes and their traditions go on forever.—New Glasgow News.
