CHARLOTTETOWN, PRINCE EDWARD ISLAND

Handicapped A man was driving a big car at fast speed along a wide road when a very small car appeared alongside as if trying to pass him. The driver of the big car was peeved. He wouldn't let a small car pass him, not even a new one. He went faster still—sixty, sixty-five miles an hour—but still the small car kept beside him. Suddenly the driver of the small car opened his window and shouted: "Do you know anything about these cars?" "Why?" asked the other driver. "I can't shift the thing into top gear," was the reply.

—TOURING THE ISLAND—Some little curiosity was excited on the main street of Summerside yesterday with the appearance of what looked to be a large house on wheels. It was in reality the show rooms of Mr. Leonard Grant, wholesale drygoods merchant of New Glasgow, Mr. Grant and his assistant, Mr. Mont Hickin, formerly of Montague, find this a very convenient method of travel. The house on wheels is drawn by a five passenger car. It has every convenience of a modern home, besides an office for interviewing prospective customers and a sample room. Mr. Grant is a native of Charlottetown and is well known there. Mr. Hickin said they were charged four dollars for taking the trailer over, on the car ferry, which is not so bad as it is the size of a small bungalow.—8

—PRESBYTERIAN PLAYERS RECEIVE HIGH PRAISE—Many complimentary remarks were heard on Friday morning on the splendid performance of the Presbyterian Players at the High School the previous evening. Mrs. Caldwell's performance was very high class. The whole program had a professional air about it not often attained by amateur performers. The players have been asked to repeat the performance and no doubt they will as the time spent in bringing young artists to such a high state of proficiency is worthy of more than one appearance. The laughs the audience got out of seeing "The Mad Breakfast" which preceded the Song Revue is well worth the charge of admission.—8
