THE TRIESTE HAS ARRIVED IN BOMBAY

Special to The Guardian.
BOMBAY, July 3—Great relief was felt here when the steamer Trieste, two days overdue from Aden, arrived in port.
The Trieste had lost her propeller, but proceeded slowly under sail.
She carried thirty-four passengers and a crew of eighty-five.

SERVICES IN CITY CHURCHES

In Zion Church Rev. Mr. Ross, the pastor, preached to large congregations at both morning and evening services.
In the Baptist Church Rev. E. J. Grant supplied at both morning and evening services, preaching strong sermons on both occasions.
In Grace Church Rev. H. E. Thomas spoke at the morning and Rev. Mr. Harrison, the pastor, spoke in the evening.
Rev. W. Harrison officiated at the morning service in the First Methodist Church yesterday. He took his text from Isaiah 49:4. Rev. Mr. Thomas occupied the pulpit in the evening.
Rev. J. F. Floyd of the Central Christian Church preached yesterday morning on the subject "Who holds the keys of the Kingdom of Heaven? Does the Pope hold them?" Mr. Floyd taking his text from II Timothy 2:3. In the evening he spoke from Matthew 16:19.
In St. Peter's and St. Paul's Anglican Churches yesterday Canon Simpson and Rev. T. W. Murphy occupied their respective pulpits at both services. In the morning in St. Peter's Cathedral there was communion service.
Rev. T. F. Fullerton preached at both services in St. James' Church yesterday taking for his text the thirteenth chapter of Matthew and in the evening from the seventh chapter of Matthew. At the conclusion of the morning service Mr. Fullerton took the opportunity afforded to thank Mrs. Goodwill and the ladies associated with her for the handsome new gown which he had been presented with during the past week and which he wore for the first time yesterday.

LUKEMAN'S 100 YDS. DASH THE M.A.A.A. FEATURE.

MONTREAL, July 2—Frank Lukeman's performance in the final of the hundred yards dash was the feature of the weekly handicap meeting at the M.A.A.A. grounds last night. After winning his heat in 10 1/5, the big fellow captured the final in the last jump in 10 seconds, just beating out J. MacKay, who started from the back-yard mark.
Lukeman also captured the broad jump from scratch with a jump of 22 feet 4 inches.
W. Hapenny won second in the broad jump.

SENT LOVE-LETTER IN A BERRY BOX

BLENNHEIM, Ont., July 2—While busy making berry crates at the roller mill last week, a young man was surprised to note some writing on the sides of one of them.
The young lady whose deft hands had made the box must have thought of a more pleasant life and so wrote the following love-letter note to the finder:
"If of a matrimonial turn of mind, please write to —, box —, Rodney, Ont."

DETROIT CATCHER IS SOLD TO WASHINGTON

DETROIT, Mich., July 2—Catcher "Heintz" Beckendorf of the Detroit American league club has been sold to the Washington club in the same organization. He will join the Washingtons at once.

ROCKED THE BOAT—NEAR A FATALITY

A Boat Rocking Fool Upset Row-boat And Three Have A Close Call.

Special to The Guardian.
ST. JOHN, July 3—A boat-rocking fool, named Lavigne upset a row-boat containing another young man, two girls and himself in the Lake in Rockwood Park.
Lavigne was the only one of the party able to swim and he reached shore very promptly leaving the others to scramble out as best they could.
A young fellow named Collins chanced to witness the affair and after much difficulty rescued the three from death.
One of the girls was almost dead when taken from the water.

CHURCH PARADE

The annual church parade of the militia of this province was held yesterday morning, all the militia, under canvas at Camp Brighton, the Light Horse and the two artillery companies of this city attending.
The usual custom of attending a church service was departed from, and, in the beautiful morning sunshine, the brigades formed in a hollow square around a gun carriage from which Chaplain Fullerton of the Fourth Regiment delivered his discourse, the different battalions assembling in the cricket field in Victoria Park.
The service began at 9:30 and was opened by prayer. Rev. Mr. Fullerton spoke in a masterly manner, and in his sermon pointed out clearly and forcibly the double meaning of the word "Soldier" and told how their military training could be turned to a good end in their final salvation. His address was a strong one and the whole service was conducted in a solemn and impressive manner.
The accompaniment for the hymns, sung by a selected choir, was supplied by the band of the Fourth Regiment and their efficient rendering of the different appropriate airs was highly appreciated.
A large number of citizens attended the service and admired the brigade manoeuvres after.
Two companies attended service in the St. Dunstan's Cathedral, marching to the cathedral at the conclusion of the service on the grounds.

BAD FIRES IN MANITOBA.

WINNIPEG, Man., July 2—Bush fires are burning fiercely for hundreds of miles along the United States boundary, east of Fort Francis. The town of Lavalle has been partially destroyed. Hundreds of settlers are homeless and many mills and construction camps have been destroyed. If rain does not come the entire country will be laid waste. The loss will be \$10,000,000.
1,000 MILE AIR RACE.
LONDON, July 2—Announcement was made today by the Daily Mail of the conditions for its second \$50,000 aeroplane race, the feature of which was given on April 30 after Paulhan's successful flight from London to Manchester.
The course will cover a distance of 1,000 miles, beginning and ending at London. The different cities to be covered along the route are Edinburgh, Glasgow, Manchester, Bristol, Exeter and Brighton. The time set is the second week in July.
Whoever covers the entire distance in the shortest time will win the big prize.

BANK CASHIER WENT WRONG.

BOSTON, July 2—George Tufts, for twenty-eight years cashier of the National Bank at Rockport, has been arrested, charged with the misappropriation of funds. He was placed in the Charles St. Jail in default of \$15,000 bail. The arrest of Cashier Tufts was asked for by Bank Examiner Neal, who discovered the shortage in the Bank funds.
The shortage is between \$5,000 and \$25,000.

FIVE DEATHS FROM HEAT IN PHILADELPHIA

Special to The Guardian.
PHILADELPHIA, July 3—The heat intensified by high humidity, was responsible for five deaths here today, and great suffering among the poor.

THE FOUNTAIN PAINTED.
The drinking fountain in Queen Square Gardens has been nicely painted and a decided improvement is the result.
The fence placed around it temporarily was torn up yesterday, but whether this was the work of vandals or the result of an accident is not known. The latter is hardly possible, however.

QUEEN ELIZABETH OF ROUMANIA ILL.

LONDON, July 1—Reports received here from Bucharest say that Queen Elizabeth of Roumania, who is known the world over as Carmen Sylva is suffering from a serious attack of appendicitis.

THE FUTURE OF THE AIRSHIP.

Referring to the wreck of the Zeppelin airship, the Brooklyn Eagle recalls the great disasters which have befallen steamships and railway trains. It is true indeed that the modern floating palace and the modern mile-a-minute railway train have been developed out of a succession of disasters as deadly and as cruel as war. But these calamities have taught the need of new safeguards, and have led to great improvements in machinery and equipment. The Eagle believes the same sort of development will mark the course of the airship. We quote:
A method of transportation has been found which requires neither right of way nor cost of line equipment, which is not confined to navigable waters, but through which the mountain fastnesses of the world may be reached. To imagine that that method will be abandoned for one or a dozen wrecks is to ignore the whole history of human progress. Establishment of air navigation may be delayed but experiment will go on until ships are made as safe in the waves of the air as in those of the ocean. Absolute safety can never be assured in either medium, unshackled nature being far mightier than man, but men will yet trust their goods and their lives to the air quite as readily as to the sea. The Deutschland came to disaster by heavy winds, as innumerable sailing and steam ships have done. If Zeppelin cannot master that disability his successors, made wiser by his failure, will do so.

PORTLAND HAS A CLOSE CALL FROM BIG FIRE

General Alarm Rung In But The Fire Was Confined To One Section

Special to The Guardian.
PORTLAND, Me., July 3—Fire which necessitated a general alarm being rung in created some uneasiness here.
The burning building was located among a group of inflammable wooden structures and gave the firemen a difficult fight before being overcast. It is feared for a time that a very serious conflagration would result. The loss, however, was only fifteen thousand dollars, Sackoff Bros. being the principal losers.

TRADE CONDITIONS FOR THE WEEK.

NEW YORK, July 2—Bradstreet's state of trade today will say: Trade and crop reports are still irregular, but weather conditions favor final distribution, and except in a few sections, as for instance the Northwest and parts of the South, the crops have made satisfactory progress in the direction of large yields. Unequalled distribution of moisture, being too dry in the spring wheat belt and too wet in the central gulf, is the drawback to the otherwise good crop outlook. Hot weather has stimulated retail distribution of seasonable goods, the demand is still reported below earlier anticipations. Jobbing trade for fall is irregular.
No more mid-year influences have added to the rather quiet tone characterizing some leading lines of industry. Rather more activity is noted in pig iron, though at the expense of prices. The textile industry shows from 25 to 40 per cent. of curtailment and jewelry, coal mining and some other lines are quiet.
Business failures for the week ending July 30 were 196, against 213 in the like week of 1909; 236 in 1908, 135 in 1907, and 134 in 1906.
Wheat, including flour exports from the United States and Canada for the week ending June 30, as reported by telegraph to Bradstreet's, aggregate 1,531,177 bushels, against 1,310,894 this week last year. For the 52 weeks ending June 30, exports are 143,072,301 bushels, against 166,766,560 last year.
Corn exports for the week are 114,169 bushels, against 78,551 in 1909. For the 52 weeks ending June 30, corn exports are 27,942,483 bushels against 29,147,919 last year.

WHICH HORSE WAS GREATEST?

HALIFAX, July 2—H.T. White, the veteran turf writer of the Chicago Tribune, has named Crescens, 2021, in answer to a question as to what horse was the greatest yet seen. He bases his conclusion on the fact that the son of Robert McGregor was a great pole trotter, a great race horse at any distance or at any hitch, on any kind of a track, and a great campaigner, that in six years on the turf he never behind the money.
Notwithstanding the fact that four other trotters have beaten his best record, it is probable that a jury of horsemen would confirm Mr. White's selection. Whether he could trot as fast as Lowland against time or have beaten Hamburg Belle in her incomparable race at Cleveland last year may be questioned, but in comparing Hamburg Belle with Crescens it must be remembered that sulkies are distinctly faster today than they were when he made his record, nine years ago.

RAINS BREAK DROUGHT IN SASKATCHEWAN AND MANITOBA.

WINNIPEG, July 2—Rains over Southern Manitoba and Saskatchewan have encouraged the farmers greatly and there is still hope of a fair yield of wheat.
THE BANK OF ENGLAND.
LONDON, July 2—The rate of discount of the Bank of England remained unchanged at 3 per cent. today.

RAIN.

Special to The Guardian.
TORONTO, July 4—Fresh southerly to southwesterly winds with occasional showers.
The length of today will be fifteen hours and forty-six minutes. The temperature at three o'clock this morning was fifty-three degrees above zero.
The sun rises this morning at 4:20 and tomorrow morning at 4:21. The sun sets this and tomorrow evening at 7:48.
The tide will be high this morning at 8:01 and tomorrow morning at 8:53.
The moon rises this morning at 1:55 and tomorrow at 2:40.
The lowest temperature recorded Saturday was fifty-five degrees above zero and the highest was sixty-eight above up till nine p. m. The lowest recorded the previous night was fifty-one above.

INVESTIGATING AERIAL ROUTE TO NORTH POLE

Special to The Guardian.
KIEL, July 3—The steamer Mainz, bearing the entire Zeppelin party, has sailed for Spitzbergen to prepare for the arctic expedition.
This expedition has not yet been definitely decided and several scientists accompanied the steamer for the purpose of ascertaining whether the aerial scheme is practicable or otherwise.

FIGURES THAT TELL STORIES

PRINCE EDWARD ISLAND.
A writer on the prospects of Prince Edward Island says that, if every farmer would plant five acres of apple orchard, the exodus of the younger generation would cease, the population would double within little wealth of the people would grow in much more rapid ratio. This is another way of saying that what the island needs is more intense cultivation of its wonderfully fruitful soil. As a matter of fact, development in this way is in progress. Also, summer resorts are multiplying and the beauty of the "Garden of the Gulf" is attracting many visitors, and more than a generation with the means of communication with and within the island are being improved. One index of improvement is the increased business of the Government railway, the only one by which the Province is served. The length of the road last year was 267 1/2 miles, as against 211 miles twenty years ago. With an increase of little more than 25 per cent. in mileage, the earnings have increased more than 80 per cent. It is true that, as in every other year, there was a deficit on operation, but it was smaller than the deficit of the year before. There was a slight increase of earnings over the previous year, which is the more notable because the earnings of the main Government Railway, the Intercolonial, showed a falling off of over half a million dollars. The freight carried on the P. E. I. Railway was 106,000 tons—the first year in its history when the freight ran over the 100,000-ton mark. The passengers carried numbered 332,758, a greater number than in any other previous year.

EDUCATIONAL ASSOCIATION FIRST SESSION

Would Encourage The Youth To Engage In Industrial Pursuits

By Manual Training
Special to The Guardian.
BOSTON, July 3—The National Education Congress during its first session discussed the need of some comprehensive and stimulative course in manual training to influence the boys toward industrial careers.
It was agreed that under the systems now generally prevailing all influences both in and out of school tend to turn the pupils from industrial pursuits.
Addresses were also heard on cooperation with educational organizations in other countries. Thirty thousand teachers are present.

HIS HIGH-LOW BATHING SUIT SHOCKED BEACH
ATLANTIC CITY, June 28—Apprehensive skin tight trunks and a shadow jersey cut more decadent than the most daring feminine ball dress, Lewis Rhinehart, who says he is a wealthy sugar planter of Havana, Cuba, fell a victim to the new city rule against beach "posers," and was arrested after blushing women in beach chairs had complained to the police.
Policemen wrapped a coat around the visitor while he was taken to the city hall in the patrol wagon. Friends came to his rescue and gave bail.
The arrest followed the new order of Mayor Stoy, in which he insisted that men dressing in airy beach suits for the purpose of attracting female attention to their many forms should be driven from the beach or arrested.
Rhinehart, who declared his arrest to be an "outrage" insisted that his costume was not immodest and that he was not posing, but was on his way for a swim in the surf. He refused to give his hotel address, and was hustled away in an omnibus to don his real clothes.
N. B. AND P. E. I. CONFERENCE.
The following resolution was passed concerning Rev. J. W. Atkins. Resolved that the N. B. and P. E. I. Conference having heard with pleasure the Rev. J. W. Atkins, the newly-appointed Associate Secretary of Temperance and Moral Reform, would extend to him a hearty welcome upon this his first official visit to the Annual Session, would assure him of sincere interest in the work of this Department, and express the hope and prayer that the success which has so marked his efforts in the past may continue to attend him in the new field of honour and opportunity to which he has been called. Mr. Atkins' sermons were much enjoyed as they appeared from time to time in The Guardian.
MONCTON, N. B., July 2—A demoralized Indian boy, whose name is unknown, attempted to drown himself in Hall's Creek, near this city. Some men nearby rescued him and he was taken to the police station. He attempted to hang himself with the bunk chains in his cell, and later was taken to the hospital.

THE DEMOCRATS HAVE OPENED UP HEADQUARTERS

WASHINGTON, July 3—The Democratic party has opened headquarters here in preparation for the next presidential contest.

The party campaign, it is announced, will be fought on the tariff and its consequences, extravagant expenditures, wrong doings of officials, graft in every administrative department and autocratic ruling of the party now in power.
It was agreed that under the systems now generally prevailing all influences both in and out of school tend to turn the pupils from industrial pursuits.
Addresses were also heard on cooperation with educational organizations in other countries. Thirty thousand teachers are present.

MYSTERY ABOUT GOULDTHRIFE

Special to The Guardian.
DETROIT, June 29—Two letters addressed to the wife of Frank Gouldthrite, the fugitive Superintendent of Stationery at Ottawa, are speeding to Ottawa and it is believed they contain a solution of the mystery which has puzzled the police since Gouldthrite vanished from the steamship Eastern States on her trip between Buffalo and Detroit.
REV. A. SUTHERLAND PASSES PEACEFULLY AWAY AT TORONTO.
TORONTO, July 2—The Rev. Dr. Alex. Sutherland, missionary secretary to the Methodist Church in Canada, died shortly after five o'clock last evening aged 77 years. On March 3rd last he was taken ill with influenza. This passed away, apparently, but was succeeded by pneumonia, from which he deceased. For an hour or two before his death he was quite conscious and talked with the members of the family.
The surviving members of the family are his widow, formerly Miss May Jane Moore, Dundas, Ont., and the following children—Mrs. Dr. Strickson, of Nashville, Tenn.; Hugh Sutherland, of Philadelphia; Mrs. Ida McLean, of Calgary; Mrs. Sutherland of Hamilton, and Mrs. Dr. Shepard, Lynn, Mass.
The funeral will take place from Sherbourne Street Methodist Church, at 10:30 Saturday morning, to the Necropolis.
The Rev. A. Sutherland, D. D., who for many years had filled the onerous post of secretary of missions in the Methodist church of Canada was a native of the province of Ontario, where he was born in 1833, and in his youth knew much of the hardship of pioneer life. Converted at 19, he entered the ministry two years later. His first field was thirty miles in length by eighteen in width, including about twenty preaching places every month.
Since then he was called to the pastorate of some of the largest and most influential churches in the denomination, including Hamilton, Toronto and St. James Street church, Montreal. While in the latter pastorate in 1874, the first general conference of the Methodist church was held, when he was elected general secretary and clerical treasurer of the missionary society, one of the most honorable and influential positions in the gift of the church, but involving extensive travel and onerous responsibilities.
KILLS HER HUSBAND AFTER BEING KICKED
DENTON, Md., July 2—Arlington Morgan, aged 30 years, a farmer of Burgessville, was shot and killed last evening by his young wife, Mrs. Minnie Morgan.
The husband had knocked his wife down and kicked her as she lay prostrate.
She managed to regain her footing and grasping a gun, shot him in the neck killing him almost instantly. She is under arrest.

SUICIDE ATTEMPTED.

MONCTON, N. B., July 2—A demoralized Indian boy, whose name is unknown, attempted to drown himself in Hall's Creek, near this city. Some men nearby rescued him and he was taken to the police station. He attempted to hang himself with the bunk chains in his cell, and later was taken to the hospital.

THANKS TO TEACHERS

Let's be honest and face the question. Do we, as parents, appreciate the good work our teachers give in educating our children?
We bundle them off to Sunday School, day school, or church and consider our duties done. The other day, one of our Sunday School teachers came home exhausted and weeping because one unruly lad upset her best efforts to keep order in the class.
Generally speaking, we would like to see young people more grateful and giving expression to the same in some tangible way. The boys and girls of today do not repeat those beautiful words, "Thank you," as much as they ought to.
The human heart craves for them often. Life is just a little hard for the most of people.
It may not be too late to thank all our teachers. Faint not, fight on. Your's is a noble cause.
