It is over thirty years since Frank left P. E. Island. He was well acquainted in Summerside and St. Eleanor's in the olden days, but with the exception of George and William Green of Bedouque, as well as the late Sandy Green and Bradford Black, he could recall few names of his old-time friends.

Yarmouth, N. S., March 24, 1921  
Mr. Joseph LeBlanc, Secretary of the Athletic Association, who were the Champions for 1920 of the South Shore League and Western Nova Scotia Base Ball, states that during the summer the boys used MIN- ARDS LINIMENT with very beneficial results, for sore muscles, bruises and sprains. It is considered by the players the best white liniment on the market. Every team should be supplied with this celebrated remedy.

**Track Notes**  
The Charlottetown Driving Club met last night and arranged classes and entries for Orange Tea Day races, July 12th. From the wealth of racing material which the Club affords they have picked out twenty one horses and have matched them up so that they will give the public some really thrilling racing. It is doubtful if ever in the past has there been brought together at any of the Club's matinees such an array of fast horses as will start in the Class A, trot and pace. We look to see some very fast time made in this event. Several of the horses are right on edge for a good performance. J. L. B. V. has eight horses, all of which are practically even in performance and it will be impossible to pick a winner. Mr. Ed Acorn, the Club's official timer is arranging for an up-to-date score card to be used at the races. He is giving his services and all the proceedings from the sale of the cards free to the good cause.  
Following are the entries:  
Class A, Trot and Pace—Rexhart, 2:13 1-4; Brenton H, 2:18 1-2; Skyline, 2:12 1-4; Dongola, 2:21 1-2; Albert J, 2:21 1-2; Zua Bangiman, Class B, Trot—Mary Pickford, Harry G, Silver Todd, Kailola Todd, Don Bailey, David S, Jaunita Aubrey, Lady Marshal.  
**CLASS C, PACE**—Commodore K., Ginger Boy, Todd E, Judson Lad, Winnie N., R. G. A., Sweet Echo. The officials will be: Starter—E. W. Hughes, Judges—H. H. Horne and R. J. Steele, Timers—E. Acorn and J. McEachern.  
Our popular horseman, Mr. P. S. Brown left Moncton yesterday for Cape Breton and has shipped his trotting mare Alice The Great to Sydney. Mr. Brown expects to be absent a week or two and will probably compete in one or more events in the Cape Breton circuit.  
Colonel Waltz, 222 1/2, who is being raced by the MacKinnon Drug Company is the winner of the 224 class at Moncton on July 1st and is owned by Mr. Geo. McDonald of Farmington, P. E. I. (not of Char-

lottetown as previously stated.) Mr. MacDonald purchased this horse when only a few months old and has developed him until this spring when he was taken over for racing purposes by the MacKinnon Drug Company, who will campaign him for Mr. MacDonald.  
Mr. Frank Boutellier received a telegram last evening stating that Brag, 2:11 1/4, sold by Mr. Boutellier last fall to Lyman Brusie of Brook Farm, Chester, N. Y., had won the 216 trot at the Garfield Grand Circuit meet yesterday from a field of thirteen starters—best time 2:08 1/4.  
**"Wets" Hold Parade**  
NEW YORK, July 4.—A great many New Yorkers let the world know today that they bear no love for the eighteenth amendment. Several thousand of them raised a terrible thirteenth amendment in an anti-prohibition demonstration, and others packed the sidewalks for more than two miles to cheer them.  
It was called a wet parade, and it was wet—soaking wet—with perspiration. The afternoon was one of the hottest of the year, a scorching sun shining down through a humid atmosphere that carried scarcely a whiff of breeze.  
**Conflicting Stories**  
**Anglo-Japanese Alliance**  
LONDON, July 5.—So much confusion has resulted from conflicting stories as to what has really taken place in connection with the renewal of the Anglo-Japanese Alliance that a statement of the precise position gleaned from authoritative sources seems necessary.  
Briefly the situation follows. Last July the British Government was informed by the League of Nations that the treaty with Japan would be adapted to the requirements of the League and that declaration appears to have been accepted by the Dominions, indeed by British foreign office as a denunciation of the alliance.  
**World's Silver Supply.**  
The world's supply of silver is estimated at 250,000,000 ounces annually. There is produced on the North American continent 175,000,000 ounces each year, of which the United States produces 75,000,000 ounces, Mexico the same amount, while Canada furnished 25,000,000.

**Mutiny at Sea; Mexicans in Irons**  
NEW YORK, July 5.—Several members of the crew of the Texas Company's tanker, Harvester, which arrived at the company's pier at Bayonne, N. J., last week, were taken from the ship's brig by United States Marshal Beekman on warrants obtained by Andrew M. Greves, assistant engineer on the ship.  
The men, all Mexicans, are charged with felonious assault and mutiny. They were locked up in the county jail at Jersey City, and will have a hearing on Tuesday before United States Commissioner Hendrickson.  
The warrants were obtained on Friday when Greves and First Mate Holbrook testified before the Commissioner, the Mexicans had attacked them with axes on May 25 last, when the tanker had just left Port Lohos, Mexico.  
It was a battle of axes against rifles—striking distance. The rifles and the rifles by Captain Hill, yard foreman and the first assistant engineer, Andrew M. Greves. The mutineers crept upon the two officers with their weapons, but were discovered before they got within striking distance. The officers fired at the ugly crowd, wounding one man. The sailors succeeded after hacking the captain severely, in disarming the officers, but Greve in the confusion, regained his weapon and used it so effectively that he backed them into the brig, while Hillbrook handcuffed them. Then the door was locked. Other officers on shore leave returned to find the two men unconscious from loss of blood. The sailors had not been able to escape however.  
Federal officials declare that if the men had succeeded in their attempt, the Harvester would have gone down on the list as one more "mystery ship" giving rise to more stories of "piracy."
