Syrup of Figs is BEST FOR A CHILD. Cleanses its little stomach, torpid liver and constipated bowels. Mother! look at the tongue see if it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with every body, stomach sour, feverish, breath bad, has stomach-ache, diarrhoea, sore throat, or is full of cold, it means the little ones' stomach, liver and 30 feet of bowels are filled with poisons and clogged up waste and need a gentle, thorough cleansing at once.

HE EXCHANGED MORTALITY FOR LIFE. (From Yesterday's Evening Guardian) Deepest sympathy will be extended to Joseph and Mrs. Hume, Cambridge, Mass., in the death of their eldest and well-beloved son David, who passed peacefully to his eternal rest on the morning of Jan. 3rd, 1913, at the early age of 18. He had been in the Cambridge Hospital for eight days where he underwent an operation for appendicitis, but medical and surgical aid was of no avail, as his appendix was ruptured and developed blood-poisoning; and his death comes as a severe shock to his parents and wide circle of home friends. At an early age he was awakened from the grave of "spiritual death" in the "Revival meetings" in the Church of Scotland, Cambridge, Mass., and although that spark of life which had been kindled appeared to be dim still the flax was smoking, until he was brought down upon a bed of affliction of soul and body. He endured his sufferings with great patience and was upheld by God's grace and favor as found in Jesus Christ, whom he knew as his Saviour, on Him who is the "Bread of Life," his soul was able to feed, and thus partaking of Him, he was sustained in an spirited during the severest physical distress. His death-bed shall never be forgotten by those who visited him, for his heart was filled with love, and his mind was filled with thoughts of his eternal welfare, and he advised those younger than himself to seek the Lord while He is to be found and call upon Him while He is near, for He is rich in mercy, so kind and loving, that a "bruised reed He will not break and smoking flax He shall not quench." He was sunshine in his home, amiable and lovable, and the sweet consoling message he left was "Don't fret, think of me rejoicing in Glory." The funeral service was conducted by the Elders of the Church of Scotland, Cambridge, and was very largely attended, a large procession followed the remains to Cambridge Cemetery, where interment was made. Besides his father and mother, he leaves to mourn their loss the following sisters, Mrs. W. A. Stymest, of Cambridge, Mrs. Wm. Kitson of Somerville, Margaret, Elisabeth and Florence at home, also one brother. Over to all of whom deepest sympathy is extended in this the first bereavement of the home.

INSTITUTE MEETING.

Maple Leaf Institute.—This Institute, which has been doing good work for several years under the able management of its President, J. F. Jenkins and Secretary, James McEberchen, is now in a flourishing condition and is a little doubt that under the skilful direction of its new President, Shaw McMillan and Secretary Wm. Cain, it shall continue to be so. Three years ago this Institute purchased the thoroughbred Ayrshire bull, Randolph registered in Scottish and Canadian Stock books. This fine animal, which has been kept by J. F. Jenkins, during the three years, became his property at the end of that time. Well pleased with this purchase of three years ago the Institute considered it their very best interest to make a repurchase of this animal which now weighs seventeen hundred pounds and won the First Prize at the Georgetown Exhibition of 1912. At the cost of one hundred dollars this purchase was made and Randolph is for this year in charge of Thomas Dunn of Summersville and shall this year not be limited to members of the Institute only.

Schoolgirl's Exhausted Nerves

Headaches, Dizzy Spells and Weakness Overcome by Dr. Chase's Nerve Food.

At about the age that most girls are working hardest at school studying for examinations there are important physiological changes taking place which are an additional strain on the nervous system. Miss Gallop has had experience in the cases of her daughter and granddaughter, and for this reason her letter is particularly interesting to parents. Mrs. J. A. Gallop, 135 Victoria street, St. John, N.B., whose husband is a carpenter, states:—"We have used Dr. Chase's Nerve Food in our family for nervousness, headaches, dizziness and nervous dyspepsia, and have found them satisfactory in every particular. My daughter Beattie was going to school, and became quite run down in health. By the time she had used three boxes of this remedy her nerves were steady, her general health was excellent and she was free from headaches and dizzy spells. We are more than pleased with the results of this treatment." "Now recently we used the Nerve Food for my granddaughter, who was out of school for nearly a year from nervous troubles, and noticed improvement in her condition at once."
