Mrs. W. T. Patrick, Quebec tennis champion, is on her way to Vancouver, where she will compete in the Dominion Championships, which will be held there July 31-August 5th.

On the same day that the championships finish at Vancouver the Ladies Dominion track and field championships will also be held.

The annual report of the Football Association of Great Britain recently published, shows that the assets now amount to over \$900,000. The year just completed has been the most successful financially for many years.

The death of Count Justinien Clary at Paris last Wednesday, removed the President of the French Olympic committee. He was a great rifle and revolver shot and held many records with these arms.

"Red" Teller, well known to local hockey fans through his performances with the Halifax Wolverines two years ago and who was suspended for life for striking a member of the Regina Rough Riders in the final game for the football championship two years ago, has applied for reinstatement but it is unlikely it will be granted.

Jack Sharkey, the "Boston God", who witnessed the recent fight between Baer and Schmeling, has been minimizing Baer's ability in recent interviews. He says Baer is as wide open as a farm gate and by the time that he would get set to hit him (Sharkey) he would have popped him silly.

"I counted 37 clean smacks that Baer gave the Dutchman after he got off the floor the last round and still he could not put him out. What kind of punching is that?"

The trouble was when Schmeling fought Sharkey the latter whose ambition seemed to be to keep away from the German, merely defending himself and getting in an occasional light smack. The verdict in his favor was booted by almost the entire audience at Madison Square Gardens and Jacobs, Schmeling's manager, roared through the mike "It's a steal!"

Mex Baer is of composite nationality. His father is said to be German-Jewish-American and his mother of Scotch-Irish descent. Anyhow it's a mighty fine fighting combination.

A sad case of drowning occurred last Wednesday when Eugene James, twenty years old, who leaped into the limelight by winning the Kentucky Derby riding Burgo King last year, unable to sleep on account of the heat, went to the beach to cool off and after swimming out a short distance disappeared. He was a victim of heart attack.

Even money is being offered in London that Great Britain would be the nation to meet the United States squad in the inter-zone tennis finals for the right to challenge France for the Davis Cup.

At Edmonton recently an exciting race took place between Canada's champion, Hilda Strike and the Alberta champion, Beatrice seconds for the hundred yards. Just a short time previously she had set a world's record for ladies in the 60 metres dash of 7.2-5 seconds.

Negotiations have been opened in Austin, Texas, by Jack Dempsey, to have a little bout staged this fall between Jack Sharkey, world's heavyweight champion and Max Baer, the conqueror of Max Schmeling.

A great welcome was accorded the Toronto Scottish, newly crowned North American Soccer champions when they arrived home from Chicago on Wednesday evening. An address of welcome was given by the Mayor at the City Hall and an enormous procession, headed by the Toronto Police Band and officials of various sporting units, accompanied the Soccer champions on their march to the Hall. Their final victory was over the St. Louis team, the best Soccer team in the United States, which they defeated two-one.

With a score of 90 and a gross score of 174 for 36 holes, Mrs. E. Goddard of Toronto Golf Club, won the district Women's championship at Toronto recently. The weather was cold and playing conditions very difficult.

Dash racing will be tried out at the Simcoe race meeting at Simcoe

Ont., July 12th. There will be a half mile dash, a mile dash and a mile and a half dash, open to persons with records from 2.26 to 2.30. Owners will be permitted to enter in one or all three. In addition to the dash races there will be three class races.

Joe Savoldi, former Notre Dame football player whose wrestling tactics have been the subject of much comment, particularly his kicking referees on the nose, was defeated in New York on Monday night by Jimmy Browning of New York State. 6000 people looked on for two hours in the teeming rain, while the wrestlers grappled and struggled, being locked in each others arms at the time limit.

One of the greatest running contests of modern times will be the meeting which is being arranged between Glen Cunningham of Kansas and Billy Bonthron of Princeton. The race will be at 1500 metres, which is over a hundred yards short of a mile. A new world's record should be hung up.

George Godfrey, the "Black Panther", the man whom Jack Dempsey, Jack Sharkey and other heavyweights refused to meet in the ring, reappeared as a wrestler at Boston Braves Field this week and defeated Jack Connelly of Providence in less than eleven minutes. Many believe that if Godfrey were conditioned for the ring he could defeat any of the present crop of heavyweights.

Musked marvels have become great attractions in wrestling. There is the black masked marvel, the green masked marvel, the yellow masked marvel, etc., and now there is the "black secret."

It is agreed that three of the greatest punchers the world has ever known were Bob Fitzsimmons, Sam Langford and Jack Dempsey. Their fists spilled pure murder, yet Fitzsimmons and Langford only weighed around 170 pounds and Dempsey 184. The ability to hit hard does not depend on the size of one's muscles but on some special co-ordination of muscles that seems born in a fighter. Primo Carnera, although weighing 262 pounds and not by any means muscle-bound, is not a hard hitter. It looks as though Max Baer has the requisite quality of punch that produces ring omniscience.

In the U. S. A. in baseball and football training, great emphasis is placed on tactics and the policy is to use spies to secure a rivals signals and any other necessary information that can be obtained. The latest strategy uncovered in the baseball world is the study of lip-reading by Manager Joe McCarthy of the New York Yankees. It appears that McCarthy took a course in lip-reading during the pre-baseball season and now uses it to the discomfort of his rivals.

PRODUCE

MONTREAL, June 16—Butter and top grade eggs firmed slightly on the Montreal dairy and produce market in today's trading, holding at 18 1/2c. The market was firm throughout the week, no 1 butter strengthened fractionally to 19 cents today. Strength today gave a firm tone to the market. Offerings amounted to 1,705 boxes. The egg market was also strengthened to 18 cents a dozen for extras, 1 1/2c for firsts and 12 1/2c for seconds for grades shipping. Receipts totaled 1,105 cases. Current Ontario colored cheese eased 1/4 of a cent, becoming 1 1/4c. Country boards are showing an easy tendency. Arrivals were 777 boxes. The potato market was the only one to remain unchanged. New Brunswick and Prince Edward Island green mountains held firm at 90 to 95 cents per 80 pound bag.

THE BACK STRETCH

Grattan winning the second heat with identically the same time. Altogether it was a wonderful race meeting with large crowds and big entry lists, 33 horses starting in the four events with purses totalling \$1,000.

At Kingston, Ont., June 6th, a very successful afternoon's races were held under the auspices of the Kingston Driving Club. The track record was broken by Bertha Patch who won the first heat in the 212 class in 2:08 1/2, replacing the former record of 2:09 1/2. Bertha after winning the first two heats in her class was drawn and the third heat went to Berthamore in 2:12 1/2. The 218 class was won by Vernon McKinney, Jr., best time 2:10 1/4, Cigarette winning the second heat in 2:14. This was a high class field of horses. The 226 class was won by Red McKinney, best time 2:11 1/2, Philco three times second. There were ten starters in this event.

At Beeton, Ont., June 5th, Harry Oakum won the 222 class, best time 2:16 1/2, May Peters second. The 230 class was won by Dominion Grattan, best time 2:15 1/2. There were 11 starters in this class.

Reports reaching us from Goshen race track which was the inaugural start of the Bay State Circuit, show wonderful racing results. For instance the two year old trot was won by Sturdy, driven by Harry Brusie and his second heat in 2:11 1/4 is a new record for two year olds trotting in June in a race.

The 214 trot was won by Calumet Crusader in straight heats, Calumet Aroma second, best time 2:08. The winner was driven by Billy Dickerson, and Vic Fleming handled the ribbons over the winner of second money.

The 209 pace was one of the feature events of the meeting and was comparatively easy for the Canadian gelding, Guy the Tramp, 3:02, driven by owner-trainer W. C. Crummer. Miss Kitty with Vic Fleming up was three, two, two, My Man and Hal McKane being third and fourth respectively, best time 2:06.

The three year old trot was won by the world's champion two year old trotter over a half mile track of last year, Calumet Delco 2:07 1/4, best time 2:08 1/2, Marianna, driven by Billy Hudson, won the third heat in 2:10, while Calumet Donald, owned and driven by Will Caton, finished two, three two.

The above reports of Ontario and New York racing will send a shiver down the spine of those of our local horsemen who are not acquainted with conditions which prevail in the above places. It must be remembered that the horses starting in Ontario have nearly all been campaigned over the ice and when that was over were kept in training, and due to the fact that their seasons are much earlier had hundreds of good miles under their belt before our horses saw a track. They are therefore pretty nearly up to the limit of capacity, and this must be borne in mind, that the air is not as heavy and the tracks are faster so that one must consider about two seconds difference between performances on P. E. I. and New York, mid-west and Ontario.

The total purses for the Bay State Circuit, opened on the Goshen half

mile track, June 6th, and closing at Windsor, Conn. July 8th, will be approximately \$50,000.

The Canadian Sportsman says: "The depression has caused many farmers to return to the use of the horse and it is said in farming circles that the demand for horses is becoming greater with the corresponding increase in prices. Farm back yards are littered with worn-out tractors, but the good old stand-by, the horse, is always ready to do his work. The high cost of gasoline and tractor replacements has caused the farmer to again regard horses as a necessity."

"The average farmer treats his horses with kindness, due no doubt to the fact that man and horses are inseparable companions all day long. Through spring planting, summer and harvest time, man and horse go up and down fields from morning until eve. They find something in common and it is small wonder they really get to know each other. Them's our sentiments!"

The final days racing at Goshen, N. Y., June 7th, witnessed some excellent performances so early in the season, notably that of Evalue Hanover, a slip of a three year old filly making his first start in big company, who won the 224 trot from twelve rivals in straight heats, best time 2:08 1/2.

The 213 pace was won by Cindy M. Jr. with Rose Marie Abbe coping the third heat, best time 2:06 1/2. The 225 pace went to Brave Arion, who copied the first and third heats in 2:08 1/2 and 2:10, with Dolly Osoff winning the second in 2:10 1/4.

The writer remembers being shown Brave Arion in the spring of his two year old form and having "Buck" Squires make the prediction that he would be a two minute pacer. We did not hear of him in 1931-32, but now he is bobbing up serenely in 1933, having won his first two starts this year.

In "Dobbin Carries On" the writer in a contemporary says: "Traffic managers of all three New York City's milk distributors insist that the horse is all but human. Within three months of having been taken from the farms of the middle west they assert the dairy wagon horse has learned his route, watches his driver out of the corner of his eye and moves along and stops as the milkman plods from house to house. No automobile, they say, will ever do that, even with radio control."

In the report of the 230 class at Beeton, Ont., we gave Dominion Grattan as the winner. This chap is just three years old and has speed to burn and the reports say he is only buggy riding in 2:15 1/2. He is being headed for the Canadian National Futurity at Toronto early in September.

The first international race between British and American horses that we have record of was run on April 25th, 1829, near Cambridge, England. The starters were Ratter, a trotter who had won many victories in the United States and Miss Turner, a mare owned by a man from Cardiff, Wales. The distance was ten miles over road and the purse with side bets, £2,000. Miss Turner was given one minute start, but Ratter won by over 60 yards, trotting the ten miles in 30 minutes 40 seconds.

Owing to the disagreeable weather on Wednesday, the attendance at Willowdale Park, Cape Traverse, matinee races was not nearly as large as it otherwise would have been, but those who attended greatly enjoyed the program. Class A was won by Al B. Jr. with owner-driver Smith up, Peter Will teller, second and Bingara Todd third, best time 2:22 Class B was won by Kentucky Jewel, owned by Capt. J. L. Read.

In the Bay State Circuit at Chatham, N. Y., there was some wonderful racing on June 13th. The 228 trot was won by Gay Hanover after Evalue Hanover, a three year old, won the first heat in 2:09 1/2. Gay then went on to win the next two in 2:11 1/4 and 2:13 1/4.

The 213 pace was won by Miss Volo in straight heats, best time 2:08 1/2, Matt D. being second each trip. The best Cindy M., Jr. could do was three, four, four, while Rose Marie Abbe only finished five, seven, three. Four other starters.

The 225 pace was won by John Judy by Peter Scott in straight heats. Brave Arion second each trip, best time 2:10 1/2. John Judy was the fastest new performer in the world last year, taking a record of 2:01 at Lexington last fall.

Just another touch to brighten up the kitchen is a gay oilcloth cover for the cook book. It not only adds to its appearance, but think how nice it is to be able to wipe off any grease that may accidentally get on the cover. Unbleached muslin window shades will help lighten a dark kitchen.
