THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block--Charlottetown

The temperature yesterday registered 62 degrees.

Anyone wanting a small shop or office. See classified ad.

The surveying steamer Gunare is now in port and is being laid up for the winter.

Albert E. Graham and Geo. Graham, Murray Harbor North, were in the City yesterday.

H. H. and Mrs. Blackadar have returned to New Glasgow, N. S., from a short visit to Charlottetown.

The funeral of the late Mrs. Angus McLeod will leave her residence, Fitzroy St., City, this afternoon at two-thirty for People's Cemetery.

The City fishermen who practice their art on the wharves have caught several dog fish of late. Connolly's wharf is the favorite rendezvous of the Charlottetown anglers.

Large numbers of squid have been cast up on the shores of the harbor during the past few days. They are evidently victims of the recent gale, and may be seen on the shores in scores.

Monday's Guardian will contain a grand synopsis of the musical numbers of Verdis "Il Trovatore" the opening number of the Boston Opera Singing Company at the Opera House on Tuesday evening.

The alterations now being made in the residence of Lt.-Sol. Davison, on West Street have made quite a transformation in the building. The results promise to add another handsome home to the many recently erected in this City.

Mrs. William W. Palmer who has been visiting relatives and friends in this province for the past three months left recently for Arlington, Mass., before joining her husband in Regina where they are going to reside.

The Guardian is in receipt of two beautiful Alexander apples from J. R. Laman, Nine Mile Creek. They measure thirteen inches around, weigh thirteen ounces each and are among the handsomest specimens to hand this year.

J. D. Malcolm of Boston arrived in this City yesterday by the steamer Halifax and left in the afternoon for Cardigan to join the Paige and Guild parties who have been summering at that place. Mr. Malcolm will remain in this Province for about two weeks returning with Mrs. Paige and Mr. and Mrs. Guild.

The New Brunswick Sunday School Association opened its sessions in the Methodist Church St. Stephen's this week. At the evening meeting after the devotional exercises, Mr. Jardine of Summerside spoke. He brought greetings from this Province. The general secretary of N. B. and P. E. I. Rev. J. B. Ganong, reported more conventions attended by him and more miles travelled by him, than in any previous year, and as a general thing a much larger attendance at the annual rallies. His distinct advancement had been made in the work in this Province, with which he dealt at some length.

FROM REV. D. MacLEAN.

Gentlemen:—You are engaged in a great political contest and your conduct in this campaign will leave a lasting impression upon the people, not only of this Dominion but upon the world as a whole. We are building up a great nation and its future depends largely upon the present. That a vast amount of bribery and corruption of various kinds has been practised in the past cannot be successfully contradicted. The best men of both political parties are opposed to such methods of securing the return of their supporters and a determined effort is being made at the present time to prevent bribery and corruption of all kinds.

We appeal to all the supporters and sympathizers of both parties to uphold the Moral and Social Reform League in the work they have undertaken. It is possible for men to become so affected with the spirit of partisanship that they will resort to almost any conceivable means for securing the defeat of their opponents. It often happens that a good man has been defeated not only by the giving and receiving of a few dollars but by the circulation of what is untrue. Exaggerations and distortions are sometimes as valuable for malicious purposes as the giving of money or a bottle of whiskey.

"A reputation for reliability, for quality, cleanliness, delicious flavor and healthfulness accounts for the phenomenal sale of "Salada" Tea.

Toilet Preparations—Our stock in this line is complete. We carry all the leading powders including Gulgates, Mennen's, Mulhe's, Williams, Lyman's, etc. Also R. & G. and Pivers' Powders de Rie, Violets de Parne, and Rosee Lilas. A. W. Reddin, Phem B.

Overcoats. A very common fault with about 75 per cent of the overcoats sold is that the collar stands away from the neck. It takes the best kind of work to make an overcoat fit smooth and snug around the collar. Ours are made expressly for us by the best makers in the business and you'll not only find better fitting than the average coat sold, but also better wearers, for its good tailoring that makes a garment wear well and hold its shape—bear that in mind. Prowse Bros. Ltd.

The Northumberland arrived from Pictou at 8.15 last evening.

Miss Belle Stewart, Valleyfield, passed through the city yesterday en route to Summerside.

For one of the most beautiful farms in P. E. I. See and re sale of Curtis Farm on Wednesday.

Fred Eden, of Halifax, who has been visiting his uncle, James Eden of this City, leaves this morning on return home.

Rev. Geo. E. Ross will take as his subject of discourse in Zion Church tomorrow evening—God's message to the electorate.

The Guardian is requested to state that the Curtis Farm stock, machinery etc may be inspected any day up to hour of sale 12 o'clock Wednesday. It is seldom that such a valuable farm as this is thrown on the market in P. E. Island.

Donald Nicholson, city, formerly of Little Sands, has purchased that valuable property on the corner of Pownal and Sydney streets, once known as the Rankin House. The purchaser is now busy in putting it in first class repair.

The following were the arrivals at the Queen Hotel, City, last night:—F. W. Moore, Halifax, Neil McDonald, Halifax; Miss Cowan, Miss McLeod, Miss E. M. Docherty and Miss F. Buchanan, all of Mt. Stewart; M. Kelly, Toronto; Miss M. B. McKay, New York and R. Stewart Muir, Port Elgin, Ont.

The New Glasgow Standard recently says: Friends are glad to see H. P. Ducheman, of Sydney, in town. Mr. Ducheman is favorably remembered as a teacher in the Academy. He, in company with R. H. Butts, of North Sydney, spoke in the Conservative interest in George Street Hall, recently.

In the report of the meeting, this paper says in part, H. P. Ducheman upon being introduced to the meeting, opened his remarks by stating that it was like coming back home for him and the cordial reception he received assured him of the fact, Mr. Ducheman above mentioned it a son of A. D. Ducheman, Charlottetown.

The deliberate invention and circulation of falsehoods takes its place as one of the very worst forms of injustice to our fellowmen. Bear witness against your neighbor.

"The congregation of hypocrites shall be desolate, and fire shall consume the tabernacles of bribery."

Candidates and electors let us endeavor to have a clean election in P. E. I. and may the party of purity win.

Yours respectfully,
 D. MacLEAN,
 Minister of the Church of Scotland,
 Charlottetown, Oct. 22nd, 1908.

The readers of this paper will be pleased to learn that he is at the head of a disease that science is unable to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only medicine known to the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood, mucous surfaces, of the system, thereby destroying the foundation of the disease, and giving the patient a rough but sure cure by the constitution, a disease of this nature, in doing its work. The medicine shows so much of its curative powers that they offer to the afflicted a cure, and that they offer to cure. Send for list of testimonials. I can be had of J. G. KENNY & CO., Toronto, sold by all Druggists. Take Hall's Family Pills for constipation.

LAND FOR SALE.

Now is your chance to get a great snap in land. A few minutes walk from the new wharf which is to be built at Franklin Point, North River, D. C. McKimley offers for sale that bit of farm which lies west of the North River road. It comprises over 100 acres near 11 cleared. It is watered having a spring and good well. The shore at the back is admirably suited for boating or bathing and affords an abundance of seaweed. A good hay barn is also on the property. This farm has long been noted for the fertility of its soil and is now in a very high state of cultivation. Its situation renders it an ideal place for a butcher, milkman or market gardener. For terms apply to D. C. McKimley
