Union Commercial College Closes

The Union Commercial College closed for the term on Tuesday, June 16. Principal Moran presided, and distributed the Diplomas, Certificates, and Prizes won during the term.

Referring to the work he conducted during the term, he congratulated the students on their excellent showing. It has been a most successful term, and the results show that in all departments the work was highly satisfactory, and the results most gratifying.

Special mention was made of the very careful and painstaking work done by the Vice-principal, Mrs. Clara MacLellan. Her attendance was the highest on record, and the results were certainly a tribute to her good work. Reference was also made to the great help given by her assistants.

The large list of students making 95 per cent and over in the spelling department showed that this very important subject was carefully looked after.

During the term many students have taken positions. Many of them going to Ottawa, and others being employed in the Maritimes. At the present time there is a high demand for Office Trained Help, and no doubt many of the graduates will soon be employed.

The Principal announced that College would re-open the first week in September, and everything pointed to another large attendance next term.

The Principal stressed the importance of punctuality at a number of times. He mentioned the names of former students who are now holding splendid positions.

The following is a list of Diploma, Certificate, and Prize winners:

Dental Corps Tends Health of Our Army and of Internees Too

The task of maintaining the oral health of the men of Canada's Armed Forces falls on the members of the Canadian Dental Corps, and the war has imposed yet another duty, the dental care of the internees and prisoners of war.

After the Great War, the organization of the Dental Corps was allowed to lapse, and with the beginning of hostilities in September, 1939, Canada was given a new and modern setup with which to care for her fighting men. Dental organizations caring for the needs of National Defence Headquarters in as they ever the world had been studied, and at the call of the Government, Dr. F.M. Lott, D.D.S., M.Sc. (Dent) Ph.D., F.I.C.D., when a professor at the University of Toronto, became Director of Dental Services and organized the present Dental Corps.

A tremendous task lay before the members of the Corps, for new dental equipment had to be bought, and field equipment for the various services had to be designed. Highly trained men had to be selected, and the result has been to put Canadian Dental Services on a par with the worlds best.

The administrative arrangements provide for a headquarters in Ottawa, and a dental company with each local headquarters, each Military District, every Air Command, and with overseas units of the Canadian Armed Forces.

The Quartermaster Department in Ottawa is responsible for supplying not only the companies in Canada, but, to a large extent, those overseas as well, most dental supplies are available only on the North American continent since the war began, and this has made more technical arrangements necessary.

The Canadian in the Armed forces of the country are being looked after, as far as their dental health is concerned, at least as well as they were before they entered the Army, and their every complaint is given rigid attention.

The large photo shows a type of permanent dental clinic where the armed forces in Canada receive dental treatment. The service dentists, however, use mobile dental clinics, for taking their equipment right up to the battle lines. Inset is Col. F. M. Lott, Director of Dental Service, D.D.S., M.Sc. (Dent), Ph.D., F.I.C.D. (Canadian Army and Karst photos)

In Memoriam

MR. RODERICK MCKAY

On Saturday, May 16th, 1942, Mr. Roderick McKay, a highly esteemed resident of Hopefield, passed peacefully at the age of 74 years.

Mr. McKay was born in Bellevue, P. E. Island, and some thirty-two years ago sold his farm there and moved with his family to Hopefield, where he purchased his father-in-law's farm, the late Alexander McLeod. He engaged successfully in farming, evidence of his industry being seen in his home and surroundings.

The deceased had been in a condition of more or less failing health, when he purchased his farm, and it was hoped that he might still regain his former strength, but all that medical skill and good and kind nursing could do was of no avail. His supply of reserve energy grew less and less and during the last week he sank quite rapidly until his gentle spirit winged his heavenly flight.

He will be much missed in the different spheres and activities of life. While many in the outside world will miss his genial presence, it is in the home that his loss will be felt most keenly. Here his loved ones will often sigh for the touch of a vanished hand and long for the sound of a vanished voice. But in spite of all sighing that hand does not come back, nor yet in the face of all that longing shall that voice ever be heard again upon the earth. He has gone on forever into that bourne from which no traveller ever returns, and believing that he has now passed beyond all suffering and all trial, none would be so unkind as to wish his unbound spirit back into bonds again.

He leaves to mourn besides a sorrowing widow, three daughters and two sons. The daughters are (Annie) Mrs. D. McKay, (Flora) Mrs. G. H. Lyle, Bradford, Mass., and Mrs. Emily McLeod, Charlottetown, P. E. I. The sons are: Alexander, Lower Ship Harbour, N. S., and Stuart, Hopefield. He also leaves eight grandchildren to mourn. Two of his family predeceased him a few years ago, his eldest son, Daniel, and his youngest daughter, (Katie) Mrs. Bruce Whiteway, Somerville, Mass.

The funeral, which was a very large one, was held on May 18th. The service was conducted by his pastor, Rev. W. C. Picketts, B. A. He was tenderly laid to rest in the Little Sands cemetery.

The pall-bearers were J. A. Blue, M. A. McPhee, W. S. Buell, Magnus Fraser, D. D. Livingstone and John A. McDonald.
