

Tired Overworked Men

We Guarantee Vinol is What You Need

you who are run down, nervous, lack energy and working strength, we know that Vinol is what you need. It creates strength because it is a non-secret combination of the most famous body-building and strength-creating elements known.

Here is Proof that is Indisputable

From a farmer and was overworked, run-down and weak. My druggist recommended Vinol. It built me up and made me strong. I also gained weight. Other members of my family have also used it with splendid results. — Joseph J. McDougall, Charlottetown, Cape Breton, N.S.

"I was weak, run-down and had no appetite so I could hardly keep about my work. I heard about Vinol from home friends and after taking it for two weeks it built me up so I feel better than I have for many years." — Mr. Bartholomew, 12 Salisbury Ave., Galt, Ontario.

A GARDEN CLUB.—The Guardian is indebted to Mr. L. U. Fowler formerly of Bedouque, for a report of the Calgary Vacant Lots Garden Club, of which he is secretary. This club was organized in March, 1914 and its success was one of the factors which resulted in the "Increase Production" campaign of war days, when so many cities and towns took up the matter of vacant lot cultivation. The main object of the Calgary Club, is to utilize the vacant lots in the city for production, and the results attained have been very satisfactory. Wood-infested and unsightly lots were converted into attractive, food producing and flower bordered gardens, the members being well repaid for their labors and the beauty of the city greatly enhanced. Prizes were awarded for the best results, the merchants contributing the prizes. Altogether the club has had a very successful career and has set an example which might, very profitably be followed by other cities.

AFTER "FLU," GRIP

FEVERS AND OTHER PROSTRATING DISEASES THAT EXHAUST THE BLOOD

There is often that extreme tired feeling, loss of appetite, tendency to anemia, nerve exhaustion, inactive bowels, constipation and great danger of still further prostration and serious illness.

Hood's Sarsaparilla first works upon the blood. It is remarkable how promptly its purifying, vitalizing effects are noticed. It "makes food taste good," promotes assimilation so as to fully secure the greatest nourishment possible, promotes digestion. Nerve strength and cheery health inevitably follow, further danger is avoided and the glad-to-be-alive feeling again prevails. To read this is well, to realize it yourself is better.

Get Hood's Sarsaparilla today, and for a cathartic, nothing better than Hood's Pills, in small doses a gentle laxative; larger, an active cathartic.

The prohibition case against Essory and Gibbs whose liquor was seized from the Dominion Express Co's office was heard. Bentley, K. C. for the prosecution and McCallum for the two defendants. The case was adjourned until Monday for judgment. The counsel for the defense, contended that according to the recent federal enactment, liquor could not be seized while in transit, as such seizure would be an interference with inter-provincial trade. Bentley contended for the commission contended that the provincial prohibition law prohibits liquor being brought here unless through the vendor and for the legal purposes set forth in the act.
