Fine Weather Continues To Favour Exhibition

Between Twelve And Thirteen Thousand People Flocked In- to The Big Show Yesterday —Continuation Of The Prize- List.

The influx of visitors into the City for the Provincial Exhibition continued unabated yesterday when a total of between twelve and thirteen thousand people attended the Fair. The usual large crowds spent the day in the main building, on the midway and at the afternoon and evening attractions before the Grandstand. There was considerable excitement on the Midway throughout the day, the invitations of the various proprietors being responded to readily, but on the whole the day was quite orderly. On one occasion, after the proprietor of a side-show had struck a small boy for attempting to steal his way in, the gentleman had to be protected from the hostile crowd by a Police Constable. He was taken to the Police Station where it was found that no evidence could be laid against him, it being considered that his course had been justified. The boy had not been so badly hurt as the crowd had appeared to believe. The usual number of complaints were made, but were without foundation. The men whose games were suppressed on Wednesday left on the afternoon train yesterday for the mainland. The three vaudeville troupes which appear each afternoon between heats and at special performances in the evenings are proving to be an unusually big attraction. Another huge crowd greeted them last evening. A big parade of Prince Edward Is-

land's finest in light and heavy horses, beef and dairy cattle, after the races in afternoon was a feature of the day's programme. The majority of the crowd remained to watch. As the herds appeared before the stand, the names of the owners were announced. In the main building no special attraction was scheduled for yesterday with the exception of the concert by the Canadian Legion Band in the evening. At 8.30, under the direction of Bandmaster McFarlane a brief but delightful programme was rendered which is as follows:—
March—Sons of Veterans.
Waltz—Toro Mio.
Overture—Golden Crescent.
Mexican Dance—Santa Rosa.
March—Royal Hussars.
Considerable improvement in the handling of traffic by the Police was noticed yesterday. On Wednesday, in consideration of the heavy overflow, the service was splendid, but yesterday the work was all that could be desired. Following is a list of judges of the various exhibits and a continuation of the prize-list.

Heavy Horses—William Graham, Clairmont, Ont.

CRISIS IS APPROACHING

Situation in Manchuria Is Becoming Increasingly Serious.

(Special to The Guardian)
SHANGHAI, Aug. 22.—All reports reaching here from Manchuria indicate that the situation there is becoming increasingly serious. Declaration of martial law along the entire length of the Chinese Eastern Railway, interruption of telegraphic communications between Harbin and Suihsen and trouble among railroad employees, contribute to the impression that a crisis is near. Local Russian circles have been informed that General Vassili Constantinovitch Blucher, commander of the Soviet Pacific army who reached the far east either late Friday or Saturday will make his presence known by some outstanding act. General Blucher, under the name of Gen. Galens, was the famous nationalist army from 1924 to 1927. With Blucher's arrival in the far east sporadic border raids are expected to cease. Whether actual fighting will begin is the question uppermost in the minds of Chinese officials. If Russia continues sporadic tactics it will be assumed that Moscow is bluffing. This is the belief to which Nanking still clings.

Court Finds Reduction Was Justified

(Canadian Press)
MANCHESTER, Eng., Aug. 22.—An arbitration court investigating the wage dispute between workers and employers which recently shut down 1,500 cotton mills in Lancashire and laid off 500,000 workers, today found that the employers' claim for 12 1/2 per cent reduction of wages was justified. The reduction is to operate from the payday of the week ending Sept. 14, in the court's recommendations.

Swiss Fliers Believed Lost

NEW YORK, Aug. 22.—Fear grew today that the two Swiss fliers who attempted a flight from Lisbon to New York no longer were among the living. The silence concerning their attempted conquest of the hazardous westward passage of the Atlantic has been unbroken since Monday afternoon when Oscar Kaeser and Kurt Luescher were sighted over the Azores. The fliers neither of whom had celebrated his 23rd birthday were believed by aviation experts to have fallen victim to the relentless headwinds. Admiral Charles F. Hughes, Chief of naval operations, has ordered all naval vessels in the north Atlantic to be on the watch for the aviators. Merchant ships have also been requested to be on the lookout.

CATHOLIC TOURISTS IN SUMMERSIDE

The Catholic Tourists from New York arrived in Summerside on the evening train and were welcomed by Mayor Lidstone, Rev. J. J. MacDonald and other prominent citizens of the town and members of the Knights of Columbus. There are twenty one ladies and six gentlemen in the party. It is their first visit to the Island and they are charmed with the royal reception that they received. An informal entertainment was given in honor of the visitors at the Knights of Columbus home in the evening. Chief Justice Arsenault and other prominent gentlemen from Charlottetown were among the guests.

Rev. J. J. MacDonald presided over the informal gathering and in his genial manner welcomed the visitors and hoped this would not be their last visit to our little province by the sea. Mayor Lidstone then welcomed the tourists on behalf of the town of Summerside and gave them the freedom of the city and hoped they would enjoy their stay. Mr. Justice Arsenault, in his delightful manner, addressed the visitors on behalf of the Tourist Association, and assured them that they would take back with them a good impression of the people and different places they visited in their brief stay, and extended a hearty welcome from the Tourist Association to each and every one to come back again.

Rev. Father Rangle, Olean, N. Y., replied for the visitors. Hon. Adrian Arsenault in his usual witty way added a few words of welcome. The evening was spent in some very beautiful violin selections and vocal and piano solos from prominent musicians who were among the visitors, aided by local talent. Madame St. Couer's French and Italian songs were of a very high order. Mr. McCormack gave some very fine piano solos. Mr. Leblanc of Moncton, delighted the audience with his violin selections. Mr. Peppard and seven ladies from New York gave a splendid rendition of the Sidewalks of New York with variations.

The pianist of the evening was Miss Guthrie, one of the party. Mr. Peppard, president of the Catholic Tourist Association, who was in charge of the party, told some very witty stories which brought much applause. This morning the party will be driven to the principal places of interest and leave at three o'clock for Montreal very much pleased with their visit.

THE HAGUE, Aug. 22.—Leaders of the six powers assembled here in an effort to iron out the German reparations problem, agreed today not to prolong their sojourn here beyond August 24.

DIRECTOR

MacDonald To Visit U. S. A.

(Canadian Press)
WASHINGTON, Aug. 22.—Premier MacDonald, of Great Britain is expected to arrive in the United States for a visit with President Hoover between October 1 and 10. The Premier under present plans, will be accompanied by his daughter, Miss Isabel MacDonald, and a small personal staff. Sir Esme Howard, the British ambassador, has extended to the Premier an invitation to be a guest at the British embassy. It is considered probable, however, that Mr. Hoover will desire to have the Premier stay at the White House at least during part of his visit.

General Higgins To Visit Canada

(Special to The Guardian)
TORONTO, Aug. 22.—Keen interest is being manifested in the approaching visit of General Edward Higgins of the Salvation Army to Toronto. General and Mrs. Higgins while in the city will be the guests of Hon. W. D. Ross, Lieut.-Governor of Ontario, and Mrs. Ross, at Government House. They will arrive in Toronto on Friday, Oct. 11th. An outstanding item of interest in the itinerary arrangement for General Higgins will take place on Thursday, Oct. 17th, when the General will conduct the wedding ceremony of Vernon Higgins, his son, and Miss Grace Morris, who is on the staff of the Toronto public library.

After the exchange of official visits a number of officers of the "Despatch" visited the golf links, others being entertained at the tennis courts. In the evening, shore leave being granted, the city streets were enlivened with the uniforms of groups of petty officers and men who were evidently enjoying themselves in a quiet and orderly fashion. Through the courtesy of the Exhibition Association, all naval men in uniform will be admitted free to any part of the Exhibition today. A special invitation has been extended to the officers to visit the Province's great fair.

At 12.30 today Lieutenant Governor or Heartz, Mrs. Heartz and Miss Heartz, accompanied by Lieutenant Buntain and Miss Longworth, will have luncheon on board the visiting warship, after which Vice-Admiral Fuller and a number of officers will attend the races. A dance will be given this evening at old Government House in honor of the visiting Vice-Admiral, his staff and officers. Golf and tennis are strong attractions for naval visitors, and on Saturday many of the officers are planning to enjoy recreation at the links and tennis courts. There will be a church parade on Sunday at 10.30 a. m. to St. Paul's Church, the customary hour of service being changed to accommodate the visitors.

Mayor Morrison, of Glace Bay, is a Pleas- ed Visitor to Provin- cial Exhibition.

Among the visitors to the Provincial Exhibition is His Worship Mayor D. W. Morrison, of Glace Bay, who arrived in company with Town Clerk N. F. McNeill, Coun. Martin Tracey and other Glace Bay men, and who is on his first visit to the Province. Mayor Morrison was a Sergeant during the war in the 38th Battery, commanded by Lieut. Col. D. A. MacKinnon, D.S.O., and is keenly desirous of meeting old war comrades in this city before returning home. "I think Charlottetown is the finest city of its size in America," Mayor Morrison declared enthusiastically to a Guardian representative yesterday. "I noticed particularly your traffic facilities and the capable manner in which the traffic police performed their duties. This must be your busiest traffic week, and I have not heard of a single accident. Your wide and well paved streets, your many beautiful trees and handsome lawns and residences, are a credit to your citizens. The city has a spruce and well kept appearance which is refreshing to the eye."

Glace Bay, which is the centre of the coal mining industry in Nova Scotia, has a population of about 20,000. Mayor Morrison reports that the mines have been operating very steadily during the past year, which is a gratifying change from the unemployment which prevailed a few years ago. While the St. Lawrence remains open there is assurance of continued steady employment.

Mayor Morrison is head of the United Mine Workers' Association for District No. 6. The organization this fall is negotiating with the British Steel Company for a renewal of the present two-years labor contract which terminates the first of next year. The Association comprises the largest organized body of men in Canada, and has been an important factor in the betterment of conditions for the mine workers.

Before coming to Charlottetown, Mayor Morrison attended a meeting at Pictou of the Nova Scotia municipalities, at which many valuable suggestions in the way of civic improvements were discussed. He was surprised that such an organization does not exist in this Province, and suggested it would be a good thing for the various municipalities here to get together once in a while for a friendly conference. Asked if he did not think it would be a good idea to have a Maritime conference of municipalities, Mayor Morrison heartily agreed. "It would be even better than a Provincial conference," he said. "It's an idea that might be worth looking into."
