RUB YOUR BACK! STOPS LUMBAGO

Don't drug kidneys! Rub the pain right out with old "St. Jacob's Liniment."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now, listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacob's Liniment!" Nothing else takes out soreness, lameless and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop drug-gouging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.

There's a picture of you in your soldier's memory. But he is expecting a new one, as you are today, to take its place. Make the a point time it to-day.

ENO'S FRUIT SALT

The Gentle Laxative

While they march on to Victory~

GREAT is the glory our fighting men have won. Every time the Canadian Army is used as a "spear-head" we have news of another wedge driven into the enemy line. They never fail.

The lads from the Maritimes have taken a prominent and a glorious part. So wonderfully have they fought that we who sent them forth to battle for us have reason to combine with our pride of race a humble gratitude to those dauntless men who represent us on the firing line.

Let our gratitude and our pride take tangible form. Let us redouble our efforts to back them up.

Our iron and our steel are important factors in the fight that Canada wages. Let us keep the production going at top speed.

Our ships are no less essential to Victory than the men they carry across to France. Let us keep our shipyards busy, turning out the boats that we must have.

Our lumber is needed—all we can cut—for the building of those ships and for a hundred other war requirements. Let us work hard to get out the logs.

Our fisheries are supplying sustenance to the civilian population so that food may be released for our fighting men. Let us spread the nets for more fish.

The money to finance all these industrial activities will be provided by Canada's Victory Loan 1918. Let us, the people of the Maritime Provinces, subscribe to that loan as freely and as generously as our brothers in France are offering up their lives.

Let us prove ourselves worthy of those glorious deeds our soldier-kin are performing in France.

Let us eagerly welcome the opportunity of supporting that army which has placed Canada's honor so high among the nations of the world, nor consider any sacrifice too great that makes for Victory.
