The little girl, who is not yet two years old, fell down the cellar steps at her home, striking her head on the concrete floor, causing concussion of the brain. For some hours her life hung in the balance, but on Thursday she showed signs of returning consciousness, and it is expected she will soon be quite recovered.—S.

—BIRTHDAY PARTY—Mr. Don Baker was given a surprise party at his home on Eustace Street, Summerside on Tuesday in honour of his birthday, October 14th. This being election night the boys figured Don would be too busy keeping track of the returns so the party was arranged for the following evening. At the appointed hour his friends called and surprised the genial "Don" with gifts and hearty good wishes for many more happy returns. A jolly evening was spent in music and singing. A sumptuous supper was served by the ladies and the evening closed with singing "For he's a jolly good fellow" and "Auld Lang Syne".—S.

The reception room was very prettily arranged with autumn flowers for the occasion. The ceremony was performed by Rev. Mr. Rhodes of Kensington under an arch of evergreens in the presence of the immediate relatives and friends. As the bride entered the room on the arm of her father, Miss Olive Stavert played the Wedding March. The bride wore a lovely gown of white satin and flowing veil caught at the sides with a wreath of orange blossoms. Her bouquet was of gladioli and fern. She was attended by her sister, Miss Doris Campbell, who was dressed in pink satin and carried an arm bouquet of autumn flowers. Mr. Walter Clark acted as groomsmen. During the signing of the register, Mr. Ray Lidstone sang "O Promise Me." Immediately after the ceremony a wedding supper was served to the immediate relatives. Later in the evening a number of friends of the bride and groom held a chivari in their honor and were beautifully feasted before they left for their homes wishing Mr. and Mrs. Walker every happiness and good fortune. Previous to her marriage the bride was tendered a shower by her girl friends and received many lovely gifts. Mr. and Mrs. Walker will reside in Kelvin, where the groom recently built a lovely new home. The Guardian joins their many friends in heartfelt felicitations.—S.

—BENEFIT DANCE—The special dance held at the Capitol Hall on Wednesday evening in aid of the Summerside Band fund, was in every way a huge success. There were many novelties and everyone thoroughly enjoyed themselves. Mr. Lowell Hancock was Master of Ceremonies and expressed the pleasure that so many citizens had responded to the call of the Community Music Committee, sponsored by the Summerside Board of Trade, who is endeavouring to interest the public in a town band and music in the public schools and other music organizations. Stan Jamieson's Orchestra provided the music. There were many novelty dances and other special features which helped to make the evening a success. Prizes were won by the following young

### Queensland

#### 3,000,000 ACRES FOR SELECTION

Last year 2,918,912 acres of land were opened for selection in Queensland and the area which was selected was 2,263,000 acres. Had it not been for adverse seasonal conditions, it was the intention of the government to open up even more land than actually it did. The number of new selections was 616, and new pastoral holdings acquired numbered 262, their total area being 18,924 square miles. According to a statement by the Lands Department, considerable progress was made with new settlement areas in North Queensland, and a number of good dairying and mixed farming portions were made available.

#### STORY BY ZANE GREY?

Zane Grey, the well-known American author, may be invited by the Queensland Government to spend a portion of his forthcoming Australian holiday in this State and to write a book based on the marine attractions of the Barrier Reef. The Government considers that to have a writer of international repute weave a travel story or romance around the beauties of the coastal resorts of the northern part of the State would do more than anything else to focus the attention of other countries on the Barrier Reef as a holiday resort.

#### LOAN AND TRUST FUND

There was a credit of 947,515 pounds in the public balances of the State at July 31. A statement issued from the Treasury showed that the loan fund has a credit of 1,485,467 pounds, and there was 3,176,955 pounds in trust funds, making a total of 4,662,422 pounds. Against this was a debit of 3,714,907 pounds in consolidated revenue, which was temporary covered by 1,414,907 pounds from loan fund and 2,300,000 pounds from trust funds, leaving a net credit of 947,515 pounds.

#### LIFE SAVER AGED SIX!

The courage and presence of mind of a child were revealed in a letter received at the Primary Correspondence School, which is largely responsible for the education of children in the distant and sparsely populated parts of the State. A mother wrote asking that her child, who is under six years of age, should be exempt from lessons until he had recovered his health. She explained that the boy and his infant sister were in a dinghy with a woman when the in-

fant fell overboard into 10 ft. of water.

The six years old boy immediately dived, caught his baby sister and held her up until the cries of the woman in the boat brought the father of the children. The baby responded to first aid treatment, but the gallant little boy was in much worse condition as he was very exhausted.

#### PARISH OF 312,000 SQUARE MILES

When Rev. P. Smith returned to his parish of Alice Springs recently after an absence of three months to attend Synod and to obtain a car for the purpose of his work in his parish he had travelled about 7500 miles. The first 4000 miles were covered to attend the Synod of the Diocese of Carpentaria at Thursday Island.

About 18 months ago, Mr. Smith was appointed the first priest in charge of the parish of Alice Springs a parish which runs north and south for 52 miles and east and west for 600 miles giving it an area of 312,000 square miles, or almost three times that of Great Britain and Ireland. On foot and on horseback, by train and motor truck, he has traversed parts of the island that previously have not known a clergyman.

To raise the necessary funds to buy a car for the work of his parish, Mr. Smith lectured on life in the outback of Central Australia. Prior to his return to his parish an appeal was made for an assistant for him, and Rev. W. J. Bensley, vicar of Chinchilla, volunteered for the post. Mr. Bensley will make his headquarters at Tennant's Creek, the new goldfield, where there are already 700 people. His home will be a tent, and his church will be in the open air.

#### LORD MAYOR CAUTIONED

With a view to the better regulation of traffic and the reduction of the accident rate, regulations have recently been introduced in Brisbane prohibiting pedestrians from crossing streets except at intersections and approved crossing places. One of the first to be cautioned for a breach of the regulations was the Lord Mayor (Alderman A. J. Jones), who has been telling the story against himself.

#### CONSTABLE SWIMS TEN MILES

To arrest an escaped aboriginal murderer, a constable of the Northern Territory police swam 10 miles through shark-infested waters. A police party was in search of the murderer when it was learned that he had reached Grose Island. The constable who was accompanying him had become ill, so Constable Langdon went on by himself, hoping to find some means of ferrying himself across to the island. Not a boat of any sort was available anywhere in the vicinity, so the constable swam the 10 miles through shark-infested waters to the island to effect the aboriginal's capture.

It's nothing much to think of—But every now and then, I wonder where M. Gandhi carries his fountain pen.

## HOLMAN'S SUMMERSIDE

### Presbytery Of P.E.I. In Special Session

The Presbytery of Prince Edward Island met in special session at 11 a. m. on Tuesday, October 15th in Zion Church Hall, Charlottetown, and was opened in due form by the Moderator, Rev. D. L. Griffiths. Those present were Rev. D. L. Griffiths, Moderator; Rev. R. Hensley Stewart, Clerk; Rev. G. Carlyle Webster, Rev. J. A. Pritchard, Rev. T. Owen Hughes, Rev. Edwin White, Rev. J. C. Robertson, Rev. J. W. S. Lowry, Th.D., and Rev. Walter McCleary, and Messrs. Stewart, Cameron, McLachlan and Kinnon. Pastors, Elders, and Messrs Earl McInnis, Benjamin McEwen, Lester Jay and Alex. McNevin, representative laymen.

A hearty welcome was extended by the Moderator to Rev. Walter McCleary on his attending the first meeting of Presbytery since his induction into the Summerside congregation. Mr. McCleary thanked the Court for their very kindly welcome. The chief item of business before the Presbytery was that of dealing with a call from St. David's Church, Springfield, N.S., addressed to Rev. J. A. Pritchard, Marshfield. The call was a hearty and unanimous one, and was signed by 60 members and 108 adherents, and was accompanied with a guarantee of \$1,000.00 with the use of the Manse and four weeks holiday. The call was presented to the Court by the Clerk, Rev. R. Hensley Stewart. It was agreed to receive the call and to hear the commissioners from the Marshfield pastoral charge. Mr. Earl Foster and Alex. McNevin spoke for the Marshfield section of the congregation; Mr. Stewart, Kinnon for Highfield; Mr. Earl McInnis for Harrington, and Messrs. Cameron, McLachlan and Benjamin McEwen spoke for the Mt. Stewart section. All told of the good work having been done by Mr. Pritchard and of how sorry they were to lose him. Still, it felt that this was a call to a larger sphere of usefulness in the Master's kingdom, they would gratefully acquiesce in the

decision and join in wishing him God-speed.

After the call had been placed in Mr. Pritchard's hands by the Moderator of Presbytery it was accepted by him. His work in the Marshfield pastoral charge will close on October 30th. In accepting the call after having given the matter very serious consideration, he felt that while he could wish to remain, he believed that he was doing the wise thing in accepting the call and he trusted that the brethren could all see it in that light.

Rev. T. Owen Hughes was appointed interim moderator of the sessions of the Marshfield pastoral charge and was requested to have the pulpit declared vacant on the first Sunday of November. Mr. T. Owen Hughes, Rev. Edwin White, Rev. G. Carlyle Webster, Rev. R. Hensley Stewart, Rev. J. W. S. Lowry and Rev. E. C. Robertson all spoke very highly of Mr. Pritchard's work, not only in his own congregation but also of his willingness to serve the Presbytery in every possible way. They all joined in extending to him and Mrs. Pritchard their best wishes for success and happiness in their new sphere of labor.

The Presbytery then adjourned to meet at the call of the Moderator and Clerk of which public invitation was given, and the meeting was closed with the benediction by the Moderator, Rev. D. L. Griffiths. (Patriot please copy)

#### EMPEROR REFUSES OFFER TO PUT LIONS IN CIRCUS

The owner of a London circus, informed that Emperor Haile Selassie has replaced five lions with ten new ones, telegraphed him today asking if he were willing to send two of the animals to London for exhibition. The Emperor replied that he would like to comply, but said it was impossible because of the enormous difficulties of transportation.

#### ETHIOPIAN WAVE

NEW YORK, Oct. 17—A delegation of hairdressers who came back from a tour of Europe last night aboard the liner Europa to attend their annual convention, walked down the gangplank to announce a new wrinkle in hair style. It's the "Ethiopian wave." "A lot of curls with bird feathers in the back" was their best explanation.

#### COCKATOO STOPS GAME

(Canadian Press) SYDNEY N. S. W., Oct. 15—A large white cockatoo that took exception to footballers invading its domain forced "time out" to be called while it was removed from the field. It fluttered about the players throughout the game and made the umpire the object of its special attention.
