## Rev. J. B. Wilson Preaches In Halifax

(C. P. By Guardian's Special Wire) HALIFAX, Aug. 4.—"God stands upon the threshold of our lives, making them significant, giving to them new grandeur and greater hope and the assurance of the preserving care of God will be our portion." Rev. J. B. Wilson of Summerside, P. E. I. declared in a sermon at St. David's Presbyterian Church, this morning. He was speaking on "The Song of the Traveler."

Rev. Mr. Wilson, son of Rev. W. D. Wilson of Halifax, was also the preacher at the evening service, taking as his subject "Pillars or Walls" and urging his congregation to leave a pillar, not a wall, as a token of their lives.

## Stevens And Aberhart Confer

VANCOUVER, Aug. 4.—Leaders of Canada's two newest political movements met yesterday for the first time here when Hon. H. H. Stevens of the Reconstruction Party talked with William Aberhart, leader of the Alberta Social Credit League.

Mr. Aberhart said he had a pleasant "informal" talk with Mr. Stevens but he did not comment on the nature of the discussion. He said he plans to meet Mr. Stevens again next week in Calgary.

Mr. Aberhart left today for Calgary to make final preparations for the Alberta elections of Aug. 22.

## Industrial Reforms Are Proposed

(A.P. By Guardian's Special Wire) WASHINGTON, Aug. 4.—A new and sweeping program for United States Government regulation of industry was proposed today by Senator O'Mahoney (D. Wyo.).

Federal licenses would be required of all businesses "engaged in commerce among the states," with the objective of maintaining labor and fair competition standards and protecting investors. An enlarged federal trade commission would direct the program which would embrace supervision of "production and distribution."

O'Mahoney said he would introduce such legislation tomorrow.

Included in the measure were many of the proposals advanced by the Senate O'Mahoney committee. The bill would:

- Protect the fundamental rights of effective bargaining and of freedom from child labor and discrimination against women.
- Make every director a trustee for stockholders and subject to actual and punitive damages for "unconscionable profits."
- Give all stock an equal voting power.
- Limit corporation surpluses to a given proportion of the capital stock and direct distribution of excess surplus to stockholders, allowing institution of an employee profit-sharing plan.
- The trade commission would have its membership composed of three members—three for employees and three for the general public. It would be authorized to develop a general program for the coordination, stabilization and orderly development of basic industries in the interest of "a real distribution of the wealth of the country."

## Accessory Held In Labatt Kidnapping

(C. P. By Guardian's Special Wire) LONDON, Ont., August 4.—Gerald Nicholson, 34, was arrested in Windsor early today and brought here, charged with being an accessory after the fact in the year-old Labatt kidnaping case.

Nicholson was arrested in Windsor by Royal Canadian Mounted Police and brought here early this morning.

He is a native of Muskoka and is said to live a few miles from the cottage where the wealthy brewer was held captive a year ago this month.

Nicholson's arrest came as a surprise. His name had not been mentioned in the case heretofore. He is the fifth man to be arrested in connection with the kidnaping. David Melner is already serving 15 years for the abduction of John S. Labatt, the wealthy London brewer. Basil Banno and Kingston P. "Piccolo Pete" Murray are in jail awaiting trial in connection with the case.

Last week Michael McCordell, arrested in Indiana and brought to London, pleaded guilty to a charge of kidnaping and was remanded for sentence.

Warrants are out for the arrest of Albert Pegram, mentioned in the case from the first, and as yet unapprehended.

An appeal has been made to France to abolish the Devil's Island penal colony as a hole of leprosy by Mile. Mireille Maroger, young Parisian lawyer, who recently returned from a thorough investigation of the island prison.

## RECEPTION

Bennie with a suitable gift as a memento of his sterling achievement. Bill Ryan, manager of Binns, who has been working faithfully with the champion for years through thick and thin, was also lauded highly by Councillor Holman on the result of his charge's feat, as was Jack Johnson, another local boxer, who met defeat in the welterweight class but who gave a great account of himself nevertheless.

The guest of honor sincerely thanked all those responsible for the fine reception accorded him. He gave his manager words of praise and had nothing but commendation on the manner in which they had been treated in Sydney. Speaking of the tournament, he said that it was highly successful throughout, Binns had two tough fights on his hands but the result speaks for itself. Bill was of the opinion that the first bout was the hardest as his charge's opponent assimilated punishment like a sponge. The defending champion, Hanna, however was a mighty fine boy. He has held the title for six years and this speaks plenty for his ability in the squared circle, and Bennie's achievement is all the more noteworthy. The former champion, however, was a great loser and was the first to congratulate his successor, expressing the hope that the title would remain with him for a large number of years.

Ed Acorn, well-known local sport enthusiast, added his congratulations to those of the chairman. Ed said that he was a keen follower of the boxing game and had followed Binns' career for years. He derived more satisfaction out of Bennie's victory than he could express properly. The new champion in his rise to the top had encountered obstacles that would discourage other boxers, Ed stated, and this was a certain sign that Bennie possessed courage necessary to carry on in this game and this no doubt, the speaker stated, had been displayed plenty in his recent bouts.

Other short speeches were made by Jack Johnson, Stan Ryan and K. McDonald.

A tasty banquet which was heartily enjoyed, added to the success of the proceedings, Chipman's orchestra furnishing music during the evening.

## HOME RUN STANDING Gloucester Honors Heroes

(A. P. By Guardian's Special Wire) GLOUCESTER, Mass., Aug. 4.—Fifteen heroes of a most dangerous calling were honored today as Gloucester observed a memorial day that is exclusively its own.

On the first Sunday of August each year, when the rocky gardens of Cape Ann are in gayest bloom, the old port pays homage to the men who have given their lives during the preceding year while serving her chief industry, the fishery.

As the name of each lost mariner was called by Rev. George E. Russell, chaplain of the Fishermen's Institute, a bright-hued wreath was cast on the running tide to be borne away to an unmarked grave. All 15 were lost at sea and the circumstances of some of their going never will be known.

Heading the roll was the name of Captain William L. Nickerson, vice-president of the Master Mariners' Association. He and a crew of six vanished with the schooner, Arthur D. Story after sailing for home on March 3 from Belmar, N.J.

## Naturalization Racket Is Disclosed

(Copyright 1935, By The Associated Press) NEW YORK, Aug. 4.—Federal investigators, smashing through the traffic in faked naturalization papers, disclosed details tonight of a nationwide racket that has terrorized immigrants and taken a yearly tribute of more than \$1,000,000.

After three months of quiet sleuthing, special prosecutor Samuel Kaufman declared he and his staff had uncovered a racket that had extended from Ellis Island into virtually every large city in the United States.

Sufficient evidence to convict or indict 10 government employees at Ellis Island already has been amassed, he said, and his agents are concentrating now on the "brains" of the outside organization.

Kaufman disclosed he was on the trail of a Brooklyn organization suspected of being the nucleus of the entire setup. In addition to paying from \$50 to \$2,500 for faked records, Kaufman disclosed, aliens who enter the country illegally are blackmailed regularly thereafter. He promised immunitarily from prosecution to all persons who would testify against the extortionists.

## Canada Seeks Loan In U.S.

(A. P. By Guardian's Special Wire) WASHINGTON, Aug. 4.—Canada has asked permission to borrow \$76,000,000 in the United States.

The Dominion's application to the Securities Commission yesterday projected the first major foreign financing in this country since Canada borrowed \$60,000,000 two years ago.

Canada's application was for sale of a 10-year bond issue, paying 2½ per cent interest and maturing Aug. 1, 1945. The proceeds would be used to retire \$50,000,000 of two per cent promissory notes due Sept. 1, 1935, and \$26,000,000 of 4½ per cent Canadian National Railway bonds, guaranteed by the government, to be called for payment Sept. 15, 1935, at 102.

Aldred won their first game with the Halifax team 6-0 Friday and Falconbridge defeated Toronto 2-0 in their opening encounter. The western teams clash again tomorrow with the winner meeting Aldred.

## GOODWILL FLIGHT CANCELED

(A. P. By Guardian's Special Wire) NEW YORK, July 31.—The goodwill flight Clyde Pangborn was to make to the Maritime Provinces has been called off, the Nova Scotia publicity bureau announced tonight. A technical difficulty in Pangborn's new plane, in which the flier hopes eventually to circle the globe, caused the change of plans.

## LIVE STOCK POLITICAL ENTRESIS AT OTTAWA

Exhibitors of Live Stock are asked to make their entries for the Exhibition immediately as it is necessary to send the list of entries for all dairy cattle to Ottawa to be checked up by the Department to make sure that the record of production is given correctly, as well as to have a check on the registration certificates.

The regulations as outlined by the Dominion Live Stock Branch make it imperative that all entries carry this full information. L-8864

## Cabinet Meetings

The cabinet held meetings daily during the week but decided to observe civic holiday and will hold no meeting tomorrow. Government offices will be closed.

Mr. E. N. Rhodes, Minister of Finance, returned from a visit to Nova Scotia late in the week and shortly afterwards announced the government would offer a loan of \$10,000,000 in the United States. Application has been made to United States authorities for registration pursuant to the new security laws. The loan will be at 2-1/2 per cent and the proceeds will be used to retire a banking credit now outstanding in New York and a maturing issue of Canadian National Railway bonds. As the issues being retired bore considerably higher interest rates the refinancing will mean a saving in annual interest charges.

It teaches boys the amenities of life, how to be useful and self-reliant and to direct their energies in safe and sane channels."—President R. A. Patell, Carleton Place Branch, Canadian Legion, in advocating the sponsoring of a Scout Group.

## COWES EN FETE FOR ROYAL REGATTA

(C. F. Cable) (By Guardian's Special Wire) COWES, Isle of Wight, Aug. 4.—Black and gold on a blue sea, the King's yacht "Victoria and Albert" lay at her moorings in Cowes Roads tonight, ready for the official opening tomorrow of the Cowes Regatta. For the four days' racing program of the Royal Yacht Squadron, Cowes is putting on its gala dress. The weather was perfect.

Racing Saturday was under the burgee of the Royal Southampton Yacht Club. The King, the Duchess of York and Lord Jellicoe were aboard His Majesty's racing yacht Britannia, which competed in the 41-mile race for class J yachts.

T. O. M. Sopwith's America's Cup contender Endeavour finished first but Astra was winner on corrected time.

With a slight wind, Endeavour was away first from the gun, followed by Shamrock, 35 seconds, and Candida, 42 seconds later. The Boston sloop Yankee and Astra crossed the line together at 55 seconds, and the Britannia at 75 seconds. The wind freshened but eventually a signal from the Royal yacht squadron was hoisted, stopping smaller craft at the first half of the course.

The big fellows, however, went on well, making a broad reach with the tide. Endeavour led Astra by four minutes five seconds coming back from the first mark. Velsheda was five minutes 10 seconds behind, Britannia 9:48, Yankee 13:16, Shamrock 14:27, and Candida 14:35.

Spinnakers were set on the western run, Endeavour being the first to break them out, closely followed by the Astra. The finishing times: Astra 7:22:9, corrected to 7:21:6, Endeavour 7:22:53, corrected to 7:22:14, Velsheda 7:45:56, corrected to 7:45:17, Yankee 7:55:42, corrected to 7:55:08. The Britannia, Shamrock and Candida were not timed.

## Wanted At Once

Dr. Amos O. Squire, surgeon at Sing Sing prison, addressing a Rotary International Conference at Niagara Falls, N.Y., offered four ways by which crime might be reduced: 1. Deport alien criminals. 2. Give the boy who has made his first mistake another chance. 3. Back the Boy Scouts and Girl Guides. 4. More attention by parents to their own children. He added: "Back Boy Scouts and Girl Guides because they are developing character. I never had a boy enter prison who admitted he was a Boy Scout."

(C. P. By Guardian's Special Wire) TORONTO, August 4.—The touring Bermuda cricketers yesterday lost the second match of their tour. Saturday they were defeated by Toronto Cricket Club by seven wickets. Friday the visiting players lost to Ridley College at St. Catharines.

With the exception of W. F. Hayward and L. H. Selley the Bermudans could do little against the bowling of E. F. Loney and Ted Carlton. Hayward went in first, wicket down and was unbeaten at the end with 65 while Selley hit up 30 runs.

P. F. Seagram and L. C. Bell were the stars in Toronto, the former being 61 not out and his colleague 53 not out shortly after the tourists' total was passed with three wickets down.

Carlton captured four Bermuda wickets for 27 runs and Loney five for 77.
