GOOD school shoes for boys and girls. If every mother in P. E. Island, knew how good, and how low priced our Ames Holden Shoes were, we would still have some thing to say about them every little while, out of pure enthusiasm and let the newcomers to P. E. Island know.

JOSEPH MATTHEW of Boston, returned last evening via Georgetown. Mr. Matthew was called home on account of his father's death, Richard Matthew. As the Stanley got frozen up the day Mr. Matthew had to cross, he was unable to follow the remains to its last resting place.

A SURE CURE FOR CONSTIPATION.

Some remedies cure this distressing complaint in a day, some in a month, but Nerviline never fails to cure in a few minutes. Just ten drops of Nerviline in sweetened water—thats enough; and away goes the dysentery, cured to stay cured. Nerviline also cures cramps, colic, pain in the stomach, and sick headache. It has five times the strength and curative properties of ordinary remedies, and should be in every household. Better buy a 25c. bottle and try it. Nerviline is all right.

JAMES & TRAINOR, the popular tonorial artists, have added to their already luxuriously equipped tonorial parlors a magnificent marble sink with a nickel plated combination hot and cold water tap. The sink is both ornamental and useful and is in keeping with the progressiveness that has already marked their business.

THE funeral of the late Mrs. Patrick Trainor took place yesterday morning to St. Dunstan's Cathedral, where a solemn High Mass was celebrated by the Rev. Dr. Monaghan, who also held prayers at the grave. The funeral was largely attended. The pall bearers were W. L. Cotton, Charles Harman, James Eden, Michael Duffy, R. B. Norton and R. F. Maddigan.

If a young man applies for a position, what would be the first thing you would criticize his shoes. When a man is presented to a lady what is her first criticism his shoes, sad but true, this cold world jumps at conclusions from a man's appearance, moral. Go at once and buy a pair of Ames Holden Co's Duke Laced Boots for men, prices \$4.50 and arm yourself against criticism.

MISS JONES' VOICE GREATLY IMPROVED.

A startling improvement is noticeable in Miss Jones' singing. Her voice is stronger, and sounds clearer and sweeter than before using Catarrhzone, which is a wonderful aid to singers, speakers and ministers. Catarrhzone inhaler insures absolute freedom from colds, coughs and catarrh, clears the nose and throat, and prevents hoarseness and huskiness. Catarrhzone makes the voice brilliant and enduring, and is uncommonly well recommended by Prima Donnas, members of Parliament, Lawyers, doctors and thousands that use it daily. Better try Catarrhzone. Price \$1.00. Trial size 25c. Druggists, or N. C. Polson & Co., Kingston, Ont.

HAMILTON'S PILLS CURE CONSTIPATION.

The new market house to be erected next summer will, no doubt, be modern and up-to-date and it is to be hoped that the City will consider the requirements of those who will occupy it. We think that stall-holders should be consulted regarding how it is to be laid off and sufficient space given them to meet their individual requirements and if they are willing to pay for it, why not give it to them? We are now established in the new market shack, east end, next to Saunders & Newsom's meat market. Farmers and others when in town should call and take advantage of our out on onions, 10 lbs for 25c and by the barrel low. The Americans have thousands of acres of glass devoted to the culture of lettuce. We are the only firm on the Island that have lettuce in the market at present, but our sale is so limited here that we are compelled to ship it to other towns, such as Sydney, when this place should consume all we raise. For winter vegetables we have parsnips, carrots, beets, turnips, cabbage, potatoes, onions, etc. In canned goods tomatoes, peas, corn, (sundries) beans, peas for soup, herbs: savory, sage. Cash paid for fresh killed rabbits.—J. J. Gay & Son. 23 Fri and Tues and w 2 wks

The Guardian deeply regrets to learn of the death of Mrs. Patrick McCluskey evening the concert and social to be held in Cornwall has been postponed until tonight. The roads and ice are in perfect condition so that those from the City who were disappointed on Wednesday evening should take advantage of the present conditions and attend. A good time is assured as an excellent program has been arranged. All are invited.

GEORGE F. DOCKERTY, of Cardigan, is on his way home from an extensive trip through the New England and Middle States. While visiting his niece, Mrs. Guild and her family in Vermont, he examined some of the numerous cheese factories and other manufacturing for which Vermont is celebrated. In Boston, the home of his sisters, Mrs. Paige, and Mrs. Guild, he visited, among other places of interest, some of the large churches in Cambridge, the College and College buildings, and in Brighton the abator which is considered one of the finest in the world.

AFTER much deliberation, the members of the champion newspaper Hockey Team of Prince Edward Island have charitably decided in the interests of the Druggists' team to delay the acceptance of its hasty and ill-adviced challenge, for various reasons, chief among these are that they will for the present, as in the victorious past, play only against crack teams. Were they to accept challenges from every untried and inexperienced team that came along, they would in all probability soon be looked "lown on" in the same manner as is a vicious canine that can be "set on anything." The newspaper team, chiefly through the unprecedented alertness of and watchfulness of its goal keeper, has won a great name for itself against fearful odds, a name and fame which have already spread throughout the broad Dominion and no doubt will soon echo to the ends of the earth and go thundering down the ages as the greatest hockey triumph of the twentieth century. There is, therefore, no good reason why it should humiliate, even to a greater degree than the Commercial's, a team of unknown Hockey reputation.
